Almighty God, as we begin a new session with new colleagues, who join us in this privilege of participation as senators, help us all be responsible and “walk with integrity” as we seek to provide legislation that is most helpful and needed to the people of Missouri. Help us to be good stewards of our time and our efforts with the resources of our people. We pray that Your Spirit guide us as we craft legislation that is important to us and to the people we serve. And may our lives be filled with purpose that makes our work here bring us joy and a zest for each new day which finds us eager to be doing what we have been elected to do. And may we begin and end each day in reading Your word and praying, giving You thanks for this amazing opportunity. In Your Holy Name we pray. Amen.

#### Opening Address

Senator Dave Schatz, President Pro Tem

First Regular Session, 100<sup>th</sup> General Assembly

January 9, 2019

Friends, colleagues, and guests: good afternoon. I am humbled to be speaking from this dais today, the first day of the 100th General Assembly, as our Senate Pro Tem. Before we begin, let us recognize the honored guests who have joined us.

We come from different backgrounds, we have varied policy preferences, and we often have competing priorities. But we are all here, together, because we felt called to serve our communities. And we are able to serve because of the support of our families. At this time I'd like to thank my family, and all of yours, for making our service possible through their sacrifice. I would like to recognize my family for the tremendous support they have given me through the years:

My wife, Chara. My son David and his wife Stephanie, along with their children: Caden, Nolan, and Tyson. My daughter Devon, her husband Woody, and their son William. And my daughters Dailee and Dana.

Being away from our loved ones is the hardest part of this job. We owe it to them to make the most of our time here—to build a better Missouri

for our children and grandchildren.

As I embark on the opportunity to serve each of you as Pro Tem I am reminded of the lessons learned through decades of working in my family's small business. Our business is like thousands of others throughout this state—we work together to provide for our customers. Through the dignity of their own hard work our employees support their families, care for their loved ones, and provide opportunities to their children that they never would have dreamed.

We've had successes and setbacks. We've celebrated our personal and professional achievements as a family—and we've supported one another through tragedy—including my own. Through it all, we have relied on one another as family.

The same hallmarks of our small business successes have preserved this institution through our state's good days and bad. In the Senate, our success relies on our collegial relationships and deliberative debate. Romans 12:18 tells us “If it is possible, as far as it depends on you, live at peace with everyone.” The key there is that peace depends on us. This will be my guiding principle as I seek to serve and honor the trust each of you have placed in me. There will be many debates and many long nights in the coming months, but we should never lose sight that we were all called to this place in the name of public service.

We can disagree without being disagreeable—it's a choice we must consciously make every day. The work we do here isn't glamorous and it often attracts harsh and sometimes hurtful feedback—but it's important work nevertheless. The faith our constituents have placed in us is immense—we have a responsibility to them to look beyond our differences and find common ground.

When I find myself feeling frustrated in this chamber, I look at the fronts of our desks as I am now. And I see our district numbers there and not our own names. And I am reminded that we are here for our constituents and not for ourselves.

Each and every day, we owe it to the people of Missouri to remain committed to our shared priorities—great schools, good jobs, and safe communities. We must work to reduce the burden of government by promoting reforms to our regulatory, tort, and tax systems to ensure Missouri can compete and win in the 21st century. We will pass a fiscally responsible and balanced budget. And we will work to ensure that our shared priorities, like education and infrastructure, receive the investment they deserve.

We face an economy that is very different from the one many of us grew up in. Advanced practical skills are the ticket to the middle class and economic prosperity. We need to invest in the citizens of our state by offering training opportunities—regardless of age or previous experience. Any Missourian that wants to better themselves through hard work and education should have their state as an ally—not as a hindrance.

When I look back on this session, I will not measure our success by the quantity of legislation we pass but by the quality. We won't measure ourselves by the number of days we spent here—but by the lives we positively impact.

Though we face many challenges in the year ahead, I rest a little easier knowing that this body has nearly two centuries of history to call upon. The traditions and decorum of this institution deserve our respect and our passionate defense. I appreciate the ability to speak my mind plainly, maybe sometimes a little too plainly, and to hear my fellow senators do the same. I appreciate the great wisdom I've picked up listening to our debates—and the growth that comes from working together. And I appreciate the hard work of our Senate staff, true public servants, who spend many long days and late nights keeping us on track and moving forward.

I am not one for long speeches so I will leave you with one final thought that is not original but that has been repeated in this chamber often because of its power and plain truth. What I consider the unofficial motto of our chamber, is inscribed on this wall: “Free and Fair Discussion Will Ever Be Found the Firmest Friend to Truth.” Let us remember this in the days and months to come and let us work together to make Missouri better for every person who calls it home. May God bless our work and our great State of Missouri.

President Kehoe assumed the Chair.

Senator Schatz nominated Adriane D. Crouse for Secretary of Senate.

No further nominations being made, Ms. Crouse was elected by the following vote:

### CONCURRENT RESOLUTIONS

Senator Walsh offered the following concurrent resolution:

#### SENATE CONCURRENT RESOLUTION NO. 1

Whereas, the Missouri Constitution outlines a process for the residents of St. Louis City and St. Louis County to vote on their governmental structure through the establishment of a Board of Freeholders by petition or appointment by the County Executive, Mayor of St. Louis, and Governor of Missouri; and

Whereas, some Missourians may seek a statewide vote on a constitutional amendment to bypass the voters of St. Louis City and St. Louis County; and

Whereas, a statewide vote on such an important matter of local government structure would set a precedent that could lead to subsequent statewide votes mandating the consolidation of counties, school districts, and other political subdivisions throughout Missouri, against the wishes of voters in those political subdivisions; and

Whereas, in 1962, the voters of Missouri overwhelmingly rejected, by a vote of 74% to 26%, a constitutional amendment to merge the governments of St. Louis and St. Louis County; and

Whereas, the appropriate way for those wishing to change the structure of St. Louis City and County government is to convince the voters of St. Louis City and County of the benefits of such changes, not to convince voters elsewhere in Missouri; and

Whereas, the St. Louis County Council, which governs the largest county in the state of Missouri with nearly one million residents, and the Board of Aldermen of the City of St. Louis, which governs the second-largest city in the state of Missouri with over 315,000 residents, should have a major voice in all discussions of St. Louis regional governance; and

Whereas, the governing bodies of all municipalities in St. Louis County should also have significant involvement in any such discussions to advance the best interests of their residents; and

Whereas, the St. Louis County Council and 57 of the 89 municipalities in St. Louis County have passed resolutions opposing a statewide vote on a constitutional amendment to change the structure of St. Louis City and County government:

Now Therefore Be It Resolved that the members of the Missouri Senate, One-Hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby oppose any statewide vote or legislative mandate on governmental reorganization regarding the City of St. Louis and St. Louis County and the municipalities therein; and

Be It Further Resolved that the General Assembly does not take a position on whether St. Louis City and St. Louis County should consolidate or should otherwise change their government structure; and

Be It Further Resolved that the General Assembly supports the people of St. Louis City and St. Louis County having a productive discussion about the reorganization and/or consolidation of their governments and improving their regional governance however they best see fit.

Senator Hegeman offered the following concurrent resolution:

#### SENATE CONCURRENT RESOLUTION NO. 2

Relating to the replacement of a statue in the Statuary Hall of the Capitol of the United States.

Whereas, 40 U.S.C. Section 187 permits a state to ask the Joint Committee on the Library of Congress for replacement of a statue it provided for display in the National Statuary Hall in the Capitol of the United States after the passage of the required display time period specified in 40 U.S.C. Section 187a; and

Whereas, that request must be made by a resolution adopted by the legislature of the state and approved by the Governor; and

Whereas, in 1895, the Missouri General Assembly authorized placement of statues of Thomas Hart Benton and Francis Preston Blair in Statuary Hall, which statues were placed there in 1899; and

Whereas, Thomas Hart Benton was a five-term United States Senator from Missouri and was an architect and champion of westward expansion by the United States; and

Whereas, Harry S Truman was the most important statesman Missouri ever gave the nation, an outstanding county official, United States Senator, Vice President and President of the United States who brought the Second World War to completion, led the free world at the beginning of the Cold War, and stood for fairness and opportunity for all Americans:

Now Therefore Be It Resolved by the members of the Missouri Senate, One-hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby request approval from the Joint Committee on the Library of Congress to replace the statue of Thomas Hart Benton with a statue of Harry S Truman as one of the two statues Missouri is entitled to display in the Statuary Hall of the United States Capitol; and

Be It Further Resolved that the Missouri General Assembly requests the Statue of Thomas Hart Benton be returned to the State of Missouri as permitted under 40 U.S.C. Section 187a(d); and

Be It Further Resolved that Secretary of the Senate be instructed to send copies of this resolution for the Joint Committee on the Library of Congress in care of the chair of the committee and to each member of the Missouri Congressional delegation; and

Be It Further Resolved that the Secretary of the Senate be instructed to send a properly inscribed copy of this resolution to the Governor for his approval or rejection pursuant to the Missouri Constitution.

#### **SENATE CONCURRENT RESOLUTION NO. 3**

Whereas, pornography perpetuates a sexually toxic environment; and

Whereas, efforts to prevent pornography exposure and addiction, to educate individuals and families concerning its harms, and to develop recovery programs should be addressed systematically in ways that hold broader influences accountable; and

Whereas, pornography may contribute to the hypersexualization of teenagers, and even prepubescent children, in our society; and

Whereas, owing to advances in technology and the universal availability of the internet, young children can be exposed to what used to be referred to as hardcore, but is now considered mainstream, pornography at an alarming rate; and

Whereas, the average age of exposure to pornography is now 11 to 12 years of age;

Whereas, this early exposure can lead to low self-esteem and body image disorders, an increase in problematic sexual activity at younger ages, and an increased desire among adolescents to engage in risky sexual behavior; and

Whereas, exposure to pornography may serve as children’s and youth’s sex education and may shape their sexual templates; and

Whereas, pornography may normalize violence and abuse; and

Whereas, pornography often depicts rape and abuse as if such acts are harmless; and

Whereas, pornography equates violence with sex and pain with pleasure, which increases the demand for sex trafficking, prostitution, images of child sexual abuse, and child pornography; and

Whereas, use of pornography can potentially negatively affect brain development and functioning, contribute to emotional and medical illnesses, shape deviant sexual arousal, and lead to difficulty in forming or maintaining intimate relationships as well as problematic or harmful sexual behaviors and addiction; and

Whereas, use of pornography, by either partner, is linked to an increased likelihood that individuals will engage in group intercourse; and

Whereas, recent research indicates that pornography is potentially biologically addictive, which means the user requires more novelty,

often in the form of more shocking material, in order to be satisfied; and

Whereas, this biological addiction may lead to increasing themes of risky sexual behaviors, extreme degradation, violence, child sexual abuse, and child pornography; and

Whereas, pornography use is linked to lessening desire to marry, dissatisfaction in marriage, and infidelity; and

Whereas, this link demonstrates that pornography has a detrimental effect on the family unit:

Now, Therefore, Be It Resolved that the members of the Missouri Senate, One-hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby recognize pornography as leading to individual and societal harms and recognize the need for education, prevention, research, and policy change at the community and societal level.

FIRST REGULAR SESSION

---

**FIFTH DAY—WEDNESDAY, JANUARY 16, 2019**

---

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“I wish to preach, not the doctrine of ignoble ease, but the doctrine of the strenuous life.” (Theodore Roosevelt 1899)

Gracious God, we may never know the number of times people have failed to provide the victories You have laid out before us simply because we fail to put forth the extra time and effort that was needed. We pray that You will grant us the strength to not quit when we are discouraged but to push forward to bring forth the victories that You require of us. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

**CONCURRENT RESOLUTIONS**

Senator Schupp offered the following concurrent resolution:

**SENATE CONCURRENT RESOLUTION NO. 6**

Whereas, extensive and credible reports have revealed mass killing of prisoners of conscience in the People's Republic of China, primarily practitioners of the spiritual based exercises of Falun Gong, but also other religious and ethnic minority groups, in order to obtain organs for transplants; and

Whereas, the organ transplantation system in China does not comply with the World Health Organization's Guiding Principles of traceability and transparency in organ procurement pathways, and the government of the People's Republic of China has resisted independent scrutiny of the system; and

Whereas, traditional Chinese custom requires bodies to be preserved intact after death. With rare voluntary organ donation, however, China's transplantation industry significantly increased since 2000; and

Whereas, the 2017 Freedom House Report "The Battle for China's Spirit" states that "Available evidence suggests that forced extraction of organs from Falun Gong detainees for sale in transplant operations has occurred on a large scale and may be continuing"; and

Whereas, an investigative report, published in June 2016, conducted by human rights attorney David Matas, former Canadian Secretary of State for Asia-Pacific David Kilgour, and journalist Ethan Gutmann, estimated that China is performing 60,000 to 100,000 transplants per year as opposed to 10,000 transplants claimed by the Chinese government, which is "an industrial-scale, state-directed organ transplantation system, controlled through national policies and funding, and implicating both the military and civilian healthcare systems"; and

Whereas, China's Liver Transplant Registry System indicated that more than 25% of cases were emergency transplants, for which an organ was found within days or even hours. Wait times for non-emergency liver transplants were usually quoted in weeks. Most patients in other countries have to wait years for a transplant; and

Whereas, the Chinese government claims that 90% of China's organ transplant sources come from executed prisoners. However, the number of executions has dropped 10% annually since 2002 and is far less than the number of transplants taking place. The government has never acknowledged the sourcing of organs from prisoners of conscience; and

Whereas, Falun Gong, a spiritual practice involving meditative "qigong" exercises and centered on the values of truthfulness, compassion, and forbearance, became immensely popular in China in the 1990s, with multiple estimates placing the number of practitioners at upwards of 70 million; and

Whereas, in July 1999, the Chinese Communist Party launched an intensive, nationwide persecution designed to eradicate the spiritual practice of Falun Gong, including physical and mental torture, reflecting the party's long-standing intolerance of large independent civil society groups; and

Whereas, since 1999, hundreds of thousands of Falun Gong practitioners have been detained extra-legally in Chinese reeducation-through-labor camps, detention centers, and prisons, where torture, abuse, and implausible medical exams and blood tests on Falun Gong practitioners

are routine; and

Whereas, Freedom House reported in 2015 that Falun Gong practitioners comprise the largest portion of prisoners of conscience in China, and face an elevated risk of dying or being killed in custody; and

Whereas, the United Nations Committee Against Torture and the Special Rapporteur on Torture have expressed concern over the allegations of organ harvesting from Falun Gong prisoners, and have called on the Government of the People's Republic of China to increase accountability and transparency in the organ transplant system and punish those responsible for abuses; and

Whereas, in June 2016, the U.S. House of Representatives unanimously passed House Resolution 343, condemning the systematic, state-sanctioned organ harvesting from Falun Gong and other prisoners of conscience; and

Whereas, the killing of religious or political prisoners for the purpose of selling their organs for transplant is an egregious and intolerable violation of the fundamental right to live; and

Whereas, organ tourism to China should not be shielded by medical confidentiality, but openly monitored. No nation should allow their citizens to go to China for organs until China has allowed a full investigation into organ harvesting of prisoners of conscience, both past and present:

Now Therefore Be It Resolved that the members of the Missouri Senate, One-Hundredth General Assembly, First Regular Session, the House of Representatives concurring therein:

(1) Call upon the Government of the People's Republic of China to immediately end the practice of organ harvesting from all prisoners and prisoners of conscience, and explicitly from Falun Gong prisoners of conscience and members of other religious and ethnic minority groups;

(2) Call upon the Government of the People's Republic of China to immediately end the 17-year persecution of the Falun Gong, and the immediate release of all Falun Gong practitioners and other prisoners of conscience;

(3) Call upon the President of the United States to undertake a full and transparent investigation by the United States Department of State into organ transplant practices in the People's Republic of China, and calls for the prosecution of those found to have engaged in such unethical practices;

(4) Encourage the medical community of Missouri to engage in educating colleagues and residents of Missouri about the risks of travel to China for organ transplants so as to help prevent Missouri residents from unwittingly becoming involved in murder in the form of forced organ harvesting from prisoners of conscience; and

(5) Agree to take measures to ban the entry of those who have participated in illegal removal of human tissues and organs, and seek prosecution of such individuals should they be found on the soil of Missouri; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President and Vice President of the United States, the President and Secretary of the United States Senate, the Speaker and Clerk of the United States House of Representatives, the chair of the Senate Committee on Foreign Affairs, the chair of the House Committee on Foreign Relations, and each member of Missouri's Congressional delegation.

## **CONCURRENT RESOLUTIONS**

Senator Schupp offered the following concurrent resolution:

### SENATE CONCURRENT RESOLUTION NO. 7

Relating to the ratification of the Equal Rights Amendment to the United States Constitution.

Whereas, three years after women won the right to vote, the Equal Rights Amendment to the United States Constitution, authored by Alice Paul, head of the National Women's Party, was introduced in Congress by Senator Curtis and Representative Anthony, both Republicans; and

Whereas, the Equal Rights Amendment to the United States Constitution passed the United States Senate and then the United States House of Representatives, and on March 22, 1972, the proposed Amendment to the United States Constitution was sent to the states for ratification; and

Whereas, the Equal Rights Amendment to the United States Constitution states:

“Section 1. Equality of rights under the law shall not be denied or abridged by the United States or by any state on account of sex.

Section 2. The Congress shall have the power to enforce, by appropriate legislation, the provisions of this article.

Section 3. This amendment shall take effect two years after the date of ratification.”; and

Whereas, Congress placed a deadline of June 30, 1982, on the ratification process and thirty-five states ratified the proposed Amendment before the deadline; and

Whereas, Congress may not have the constitutional authority to place a deadline on the ratification process; and

Whereas, Article V of the United States Constitution allows the General Assembly of the State of Missouri to ratify this proposed Amendment to the Constitution of the United States; and

Whereas, the General Assembly of the State of Missouri finds that the proposed Amendment is meaningful and needed as part of the United States Constitution and that the present political, social, and economic conditions are the same as or are even more demanding today than they were when the proposed Amendment was first submitted for adoption:

Now, Therefore, Be It Resolved that the members of the Missouri Senate, One Hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby ratify the Equal Rights Amendment to the United States Constitution; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the Archivist of the United States, Washington, D.C.; Vice President of the United States; Speaker of the United States House of Representatives; and each member of the Missouri Congressional delegation with request that it be printed in the Congressional Record.

The Joint Committee appointed to wait upon His Excellency, Governor Mike Parson, escorted the Governor to the dais where he delivered the State of the State Address to the Joint Assembly:

**2019 STATE OF THE STATE  
GOVERNOR MIKE PARSON**

Thank you Lieutenant Governor Kehoe ...

Speaker Haahr...

President Pro-Tem Schatz...

Judges of the Missouri Supreme Court ...

Distinguished state officials...

Members of the 100th General Assembly...AND my fellow Missourians.

I am honored and proud to stand before you this afternoon as the 57th Governor of the state of Missouri.

And, one of the highest honors I have as Governor is to introduce the First Lady of the State of Missouri Teresa Parson.

I am so proud of her and the grace she brings to her position as First Lady.

And...I look forward to the days when we have more time to spend with each other...our family...and our grandchildren... But, until that time, our dedication... will be to the people of the State of Missouri.

Months ago I came into office amid rare and unique circumstances, yet the focus from day one of my administration was putting the people of Missouri first... where they belong, ahead of partisan differences or personal gain.

We traveled to every corner of this great State...we listened... we heard...and...we learned.

I stand before you today to share a vision. A vision that will chart Missouri's future into the next decade. Missouri is dear to my heart, and by working together, we can protect and build a Missouri that is successful for the next generation.

The more we listened, the more it became clear that the people of Missouri are ready for bold solutions.

Even when times are good, Missourians still face many issues and have a frustration with government that often works to protect the status quo and is unwilling to take bold steps.

However, to move Missouri forward, we must take bold steps and tackle big issues.

I will commit to you that bold ideas and tough challenges will not be something we shy away from, but my administration is willing to work with this legislature in a disciplined and focused way... and together, we can achieve big results and lay a solid foundation for our state's future.

It's time to have an honest conversation about the challenges we face and the solutions we need.

The honest truth is that we have not been as efficient as we can be. We don't promote our state, our resources, and our people as best we should, and we have not prepared our state well enough for the future... and every Missourian deserves better.

Make no mistake about it, we have before us one of the greatest opportunities, by working together to improve Missouri and to be the BEST in the United States of America.

The longer we delay and avoid tough decisions, the bigger our problems become.

Many of us are willing to admit this, and I hope you can agree that we cannot afford to delay action any longer. I am asking for your help to move Missouri forward and deliver results... because after all ... we are the Show Me State.

What this means in practical terms is that we have to be honest about our priorities and united in our focus.

As elected officials, we are good at declaring priorities. While some of our priorities may not be the same... when we try to make EVERYTHING a priority, the fact is... nothing is truly a priority.

So let me be crystal clear, cultivating and training our workforce for high-demand jobs and investing in critical infrastructure are the priorities we must address this session.

As I have traveled the state, I know these are issues important to every single one of your districts – whether republican or democrat, urban or rural, we have good reason to work together to achieve real results for ALL Missourians.

By addressing these issues now, we will make major investments for the next generations of the state of Missouri.

There of course will be other issues that are important, like passing tax credit reform, working to make government more efficient and more accountable, protecting freedoms and promoting a culture of life, and passing regulatory and venue reform.

ALL of which must be done.

But our focus for the state of Missouri to thrive both now and into the future are on two key priorities ... - workforce development and infrastructure.

Let me tell you a story about a young man with us today...

Troy is an eighth grader from Eldon who has experienced some hardships in his life. Troy's struggles are NOT unlike many families across Missouri.

Quaker Windows is a Missouri based company that has developed a partnership with Eldon Schools to ensure students like Troy have a mentor all throughout high school...

And, to make sure that he not only receives a quality education and training, but he is also taught valuable life skills... like, the importance of showing up on time and having a strong work ethic.

Quaker Windows and Eldon Schools have a community partnership. This example should be a model of how we approach new efforts to train the next generation of workers.

Please welcome Troy who is with us here today...

We must consider making necessary changes to our education programs and update the training pipelines to ensure economic growth in Missouri.

Our true dedication should be to build and create wealth... NOT REDISTRIBUTE IT.

For example, Missouri's high school graduation rate is higher than most states. This is something we should ALL be proud of...however, we fall behind other states when we look at post-secondary education.

We are well into the 21st century... and yes, extra levels of education are needed to meet the demands of our workforce... and these jobs are going to provide higher wages, which will benefit Missouri families.

This is why my budget calls for a total investment of nearly \$75 million dollars into bold and innovative workforce development programs. Consider those programs that build off the many projects we already have in place like NGA West, Boeing's TX, Nucor Steel, and many others. When combined with our current economic development tools... ALL can be tremendously successful.

In today's world, a higher level of education should not simply mean getting college degrees. This is why I am advocating that we provide \$22 million dollars to fund a program known as Fast Track.

Fast Track will allow Missourians to receive advanced training in high-demand areas largely taught at our community colleges, technical schools, and colleges and universities. This will open the doors for Missourians to have opportunities to earn more money for their hard work.

Fast Track...will benefit tens of thousands of Missourians from every corner of the state.

But, to have a laser-like focus, we can't stop there.

We must ALSO start integrating EMPLOYER and industry-led input into the needs and demands of the workforce, like increasing Industry Recognized Credentials as part of our high school curriculum.

To further workforce development, this focus must also extend into the economic development tools we use as well.

As a result, we are going to consolidate, repurpose, and add flexibility to a series of incentives we currently offer into a more streamlined program called Missouri One Start.

That is why I am adding \$10 million dollars to the Missouri One Start program, to help place a greater emphasis on building out the workforce needs and for job creation projects, so companies who use them are forced to plant deeper roots here in Missouri and become longer and more substantial partners.

ALSO...we are providing \$16 million dollars for Missouri Excels... a program for Missouri Higher Education Institutions to develop and expand employer-driven education, training programs, and initiatives to increase career readiness.

Finally, when looking ahead, we know that we are up against the clock... competing with every other state across the country... but Missouri will be ready, with the right tools in the toolbox... We'll be ready to ensure our state will move forward in workforce development... and ALL Missourians will prosper!

Not only is workforce development going to be a priority... but to ensure future success, we also need to take a serious look at long term investments in Missouri's infrastructure.

When we talk about infrastructure, we can no longer just think about bricks and mortar, roads and bridges, but also the location in which people look to invest capital and operate the economy of the future.

One of those areas in Missouri is high-speed broadband access. We currently have about ten school districts and many rural communities that lack access to high speed broadband... and that is unacceptable.

Most recently, thanks to the President and our federal delegation ... Missouri secured \$255 million dollars for the expansion of broadband to connect our state.

With this exciting opportunity, it is also important we at the state provide funding to cover the gaps in delivering broadband.

That is why... my budget calls for an additional \$5 million dollars in broadband funding to close the gap that exists in federal funds, and truly give the highest impact for Missourians.

Another area of focus is to put a greater emphasis on our Missouri ports. Located in the heart of the country we are at the center of major opportunities, especially with the expansion of the Panama Canal.

Missouri's agriculture and manufacturing industries have no better route to global expansion than delivering our high quality products to the world through our waterways.

In addition to our rivers...Missouri has one of the largest highway systems in the country, and since we sit at the nexus of east and west, this system receives a great deal of strain.

Nonetheless, we maintain this system with one of the lowest levels of funding in the country.

Over the years, we have seen proposals go before the voters and fail, but this cannot... and... does not mean we are expected to do NOTHING.

This is why I am asking you to consider an infrastructure plan. While funded through our budget savings, it will give us the ability to begin immediate work on nearly 250 bridges across the state of Missouri... all in need of critical repair or replacement.

By doing so, we will be freeing up nearly \$350 million dollars in state and federal resources... allowing us to accelerate MoDOT's current list of state infrastructure projects.

ALSO, we will be adding a \$50 million dollar cost sharing program to assist our cities and counties to help address the most serious infrastructure needs in our local areas.

In fact, this raises the challenge for each of us to find even more creative ways to locate savings to make more substantial investments in our infrastructure without a tax increase to the people of Missouri.

These priorities did not come without some tough decisions, but as I said to you before...

If we are to deliver on meaningful priorities to the people of Missouri, tough decisions... must... be... made.

As many of you know, the Department of Corrections is faced with many challenges. AND, we will NOT shy away from these challenges.

As a former sheriff and law enforcement officer for over 22 years... I understand, firsthand, the importance of re-entry programs and alternative sentencing... We need to be more efficient in these programs so we truly offer... a second chance... AND...As Governor, I am NOT interested in building more prisons.

In fact, we've identified a plan to consolidate the operations at Crossroads and Western Missouri facilities in Cameron, Missouri.

This decision is largely driven by our dedication to find efficiencies wherever we can in state government... and this can be done while ensuring

safety... improving security... and delivering a MUCH needed pay raise.... ALL being done with no layoffs.

NOT only are we making tough decision within the Department of Corrections, but... our budget recommends another major change to reorganize and streamline the efforts of the departments of economic development and higher education... a plan which will make OUR government more efficient.

We have to start focusing more on the importance of OUTCOMES in state government and less on arguing over the inputs.

While this restructuring is important for the people of Missouri, I also want to be very clear that the problem is not our state workforce.

To the contrary, I have found overwhelmingly that we have a remarkable and dedicated state workforce.

But, we as elected leaders MUST do a better job clearly identifying expectations and priorities, communicating and managing responsibilities, and providing better training to promote our success.

Many of us in this chamber have programs in state government we think are important to our people, but as time goes by, Governors change... and legislators return home... and these programs grow with little oversight or accountability.

The result is an expanding bureaucracy which becomes less efficient for the people of Missouri.

Under my administration, we are going to fundamentally...

Restructure state government...

Demand greater efficiency and accountability...

AND improve our customer service to ALL Missourians.

I'll admit... this is going to take some time, but we are not going to put it off any longer... IT WILL START TODAY!

Just like families across Missouri... HAVING a responsible budget is important and a way of life.

For the first time in more than a decade, the Governor's budget does NOT plan to SPEND... EVERY... TAX ... DOLLAR.

We have a business smart budget that saves nearly \$120 million dollars to ensure we are prepared for any unexpected expenses.

Our budget also proposes a reduction of nearly 430 government positions... all while maintaining our conservative approach to managing and streamlining government services.

In fact, our administration recently completed the state's largest deregulation effort, eliminating nearly one out of every five state regulations.

And, each of the initiatives I have laid out would not be possible without the drive, commitment, and dedication of the Cabinet because we will not be able to achieve the type of common sense conservative reforms and restructuring Missouri needs without the remarkable talent and leadership in THIS administration.

Please join me in recognizing the entire Cabinet seated in the upper gallery...

It is important to understand that being a good leader is not about being the best, but rather about your ability to make those around you better.

Every day my staff and Cabinet are committed and focused to making all of us better, pushing one another to make MISSOURI a better place.

Just weeks after I took office quick decisions had to be made on over a hundred legislative items and the 28 billion dollar state budget had to be approved.

By working together, we were able to save millions of taxpayer dollars and implement the largest tax cut in Missouri's history.

After taking the oath of office this summer, Missouri faced some tough and difficult times.

We experienced one of the worst droughts Missouri had witnessed for many years.

I called the administration together, and we reviewed our options.

To no surprise, we learned that the typical state government response was a series of requests to the federal government for assistance. We believed that was simply unacceptable for the farmers and families of Missouri.

And instead of pushing paper... it was time for us to do more...

Through the teamwork between the Departments of Natural Resources, Agriculture, and Conservation... we put Missouri state government to work for its people and delivered meaningful relief by working together.

Again, several weeks later, we experienced tough times... when 17 individuals tragically lost their lives in the Branson incident...

It was through the efforts of both state and local officials, including nearly every state department... that Missouri was able to quickly respond, recover, and offer immediate assistance to those in dire need.

We had tough times when we lost three local law enforcement officers, and six others were shot in the line of duty.

Thankfully, by God's grace, three members of the Kansas City Police Department are with us this afternoon after being shot in the line of duty. Please welcome these officers Matt Williams, Brent Cartwright, and Michael De-Laney.

As a former sheriff, I understand what it's like to lose an officer in the line of duty, and we owe ALL these brave men and women a debt of gratitude for their dedication to public safety.

It's only a matter of time before we again face tough situations... but by faith and working together, we can ... and we will... move Missouri forward...

I was proud that we were able to come together during a special session to finish YOUR legislative priorities and pass meaningful reform to our drug courts and create opportunities for STEM education in our high schools.

These are the successes I am confident we will be able to expect this legislative session because I am also willing to acknowledge no one person or party has a monopoly on good ideas, but the best ideas are those that will serve... the people of Missouri.

A key part of our efforts to improve Missouri's workforce and infrastructure is improving our citizen's health and healthcare by developing better access to providers and hospitals.

Almost 40 percent of Missourians live in rural areas... and, we are committed to making sure they too have access to both preventive and emergency care.

In addition, we will be providing a substantial increase to help those facing the challenges of mental health, expand tele-medicine technology, fight the opioid crisis, and better serve those in need.

I'd also like to introduce another very special guest here this afternoon, my great niece Zoey... who is one of thousands living with the challenges of Autism.

The First Lady and I are deeply committed to doing all that we can to learn more about, to promote awareness, and to advance Autism research.

That is why we are advocating for \$1 million dollars to ensure families and parents have access to the right resources and are equipped to deal with the challenges that come with caring for a loved one with Autism.

Please welcome my great niece Zoey and her family to the chamber.

And, while my focus this legislative session will be on workforce development and infrastructure...

We have already started intense planning for next session... because we must also... curb Medicaid costs, which accounts for over 10 billion dollars of the state budget, and ...

That is the reason why I hired Director Todd Richardson... to lead this charge.

Safeguarding the integrity of the Missouri Medicaid program is vital to the state of Missouri... nearly one-third of Missouri's entire budget is devoted to the Medicaid program.

It must be run with the highest level of integrity to ensure every tax dollar is accounted for.

When I began this afternoon, I said it was time to have an honest conversation.

A big part of that conversation had to revolve around all of us recognizing we can do better, and as your Governor, I am committed to trying to get better every day myself.

I am willing to make the tough decisions that will put our state in a better position.

If we truly care about the next generation ... I am absolutely confident that by focusing on the major issues of workforce development and infrastructure... TOGETHER, we will have a successful legislative session... because, these are the issues that will benefit ALL Missourians.

In closing, I will leave you with a story about a young student that lives by these 10, 2-letter words:

"If it is to BE, it is up to ME."

"If it is to BE, it is up to ME."

These words have stayed with me after hearing his inspirational story. This young man had reached rock bottom and considered ending his life, but chose to overcome his obstacles and instead ... succeed in life.

When asked what motivated him, he mentioned those 10, 2 letter words ... "If it is to be, it is up to me."

Even as someone with my share of gray hair, I have to say that is wise advice.

If the American dream is to live on ...I challenge all of us to remember those 10, 2-letters words with one change...

"If it is to BE, it is up to US!"

"If it is to BE, it is up to US!"

It is an honor and privilege to be the 57th Governor of the State of Missouri.

God bless you; God bless the great state of Missouri, and God bless the United States of America.

### SIXTH DAY—THURSDAY, JANUARY 17, 2019

---

The Senate met pursuant to adjournment.

Senator Wallingford in the Chair.

Reverend Carl Gauck offered the following prayer:

“But I trust in you, O Lord; I say, you are my God. My times are in your hand.” (Psalm 31:14-15a)

Merciful God, we bring this first full week to an end and realize that our time is in Your hands and hope we have used our time here wisely and productively. As we head home make us mindful of our responsibilities behind the wheel and help us to be a safe and courteous driver aware that there are some who are not. Be with us so we may arrive home safely to enjoy our time with loved ones. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

### **CONCURRENT RESOLUTIONS**

Senator Holsman offered the following concurrent resolution:

#### **SENATE CONCURRENT RESOLUTION NO. 8**

Relating to an application to Congress for the calling of an Article V convention of states to propose certain amendments to the United States Constitution which regulate elections.

Whereas, the framers of the Constitution of the United States of America intended that the Congress of the United States of America should be “dependent on the people alone” (James Madison, Federalist 52); and

Whereas, that dependency has evolved from a dependency on the people alone to a dependency on powerful special interests, through campaigns or third-party groups, that have created a fundamental imbalance in our representative democracy; and

Whereas, Americans across the political spectrum agree that elections in the United States of America should be free from the disproportional influence of special interests and fair enough that any citizen can be elected into office; and

Whereas, the Constitution of the State of Missouri states “that all political power is vested in and derived from the people; that all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole” and the people have the exclusive right to alter their constitutions of government whenever they deem it necessary (Article I, Sections 1 & 3); and

Whereas, Article V of the United States Constitution requires Congress to call a convention for proposing amendments to the federal Constitution on the application of two-thirds of the legislatures of the several states; and

Whereas, the Missouri General Assembly perceives the need for an amendments convention in order to propose an amendment to the federal Constitution that will permanently protect free and fair elections in America by ensuring balance, integrity, and transparency to our national system of campaign finance, and desires that said convention be limited to that purpose; and

Whereas, a national convention would give us an opportunity to come together, as a nation, to discuss solutions on how to ensure the integrity of our elections, and renew the American people’s trust in government; and

Whereas, Article V clearly states that any amendment, whether proposed by Congress or by convention, must be ratified by three-fourths of the states, ensuring that only the most reasonable proposals with widespread support become part of our Constitution; and

Whereas, the State of Missouri desires that the delegates to said convention shall be comprised equally of individuals currently elected to state and local office, or be selected by election, in each Congressional district for the purpose of serving as delegates, though all individuals elected or appointed to federal office, now or in the past, be prohibited from serving as delegates to the convention, and intends to retain the ability to enforce the responsibility and conduct of its delegates within the limits expressed herein; and

Whereas, the State of Missouri intends that this be a continuing application considered together with applications calling for a convention passed in the 2013-2014 Vermont legislature as R454, the 2013-2014 California legislature as Resolution Chapter 77, the 98th Illinois General Assembly as SJR 42, the 2014-2015 New Jersey legislature as SCR 132, the 2015-2016 Rhode Island legislature as HR 7670 and SR 2589, and all other passed, pending, and future applications until such time as two-thirds of the several states have applied for a convention for a similar purpose and said convention is convened by Congress:

Now Therefore Be It Resolved that the members of the Missouri Senate, One-hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby apply to the United States Congress, under the provisions of Article V of the United States Constitution for the calling of a convention of the states for the exclusive and limited purpose of proposing an amendment to the United States Constitution that will permanently protect fair elections as described herein by ensuring balance, integrity and transparency to our national system of campaign finance, as soon as two-thirds of the legislatures of the several states have applied for a convention for a similar purpose; and

Be It Further Resolved that the Secretary of the Senate transmit copies of this resolution to the President of the United States; the Vice President of the United States in his capacity as presiding officer of the United States Senate, the Speaker of the United States House of Representatives, the Minority Leader of the United States House of Representatives, the President Pro Tempore of the United States Senate, to each Senator and Representative from Missouri in the Congress of the United States with the respectful request that the full and complete text of this resolution be printed in the Congressional Record, to the presiding officers of each legislative body of each of the several states, requesting the cooperation of the states in issuing an application compelling Congress to call a convention for proposing amendments pursuant to Article V of the U.S. Constitution.

Read 1st time.

Senator Eigel offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 9

Whereas, Article I of the United States Constitution begins “All legislative powers herein granted shall be vested in a Congress”; and

Whereas, the Congress has exceeded the legislative powers granted in the Constitution thereby encroaching on the powers that are “reserved to the states respectively, or to the people” as the Tenth Amendment affirms and the rights “retained by the people” to which the Ninth Amendment refers; and

Whereas, in Federalist No. 10, James Madison wrote that “No man is allowed to be a judge in his own cause, because his interest would certainly bias his judgment, and,...with greater reason, a body of men are unfit to be both judges and parties at the same time”; and

Whereas, this same principle was emphasized in the 1798 Kentucky Resolutions (drafted by Thomas Jefferson) that the United States government “was not made the exclusive or final judge of the extent of the powers delegated to itself; since that would have made its discretion, and not the Constitution, the measure of its powers”; and

Whereas, the Congress has latent but neglected powers to correct such judicial supremacy by means of Article III Section 2 regulations on appellate jurisdiction, yet by similar reasoning such regulatory powers should be additionally extended to the several states, heeding Jefferson’s warnings that we not make the Constitution “a mere thing of wax in the hands of the judiciary” for “to consider the judges as the ultimate arbiters of all constitutional questions” would then “place us under the despotism of an oligarchy”, rather “the people themselves” are the “true corrective of constitutional abuses” and the states remain the closest and most representative voice of the people; and

Whereas, the United States Constitution should then be amended to enable the several states to correct violations of the limited powers by the United States and thereby restore the proper balance between the powers of Congress and those of the several states, and better prevent the denial or disparagement of the rights retained by the people:

Now Therefore Be It Resolved that the members of the Missouri Senate, One-Hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby strongly urge the Congress of the United States to propose the following amendment, known as the State Powers Amendment, or SPA:

“Section 1. Any provision of law or regulation of the United States may be repealed by the several states, and such repeal shall be effective when the legislatures of a Representative Majority of the several states approve resolutions for this purpose that particularly describe the same provision or provisions of law or regulation to be repealed. A Representative Majority of the several states is a majority of the states also having together a majority of the apportioned Representatives in Congress.

Section 2. The several states shall have power to make regulations and exceptions to the appellate jurisdiction of the Supreme Court and all inferior courts and tribunals of the United States, and such regulations and exceptions shall be effective when the legislatures of a Representative Majority of the several states approve identical resolutions for this purpose no more than five years apart.”; and

Be It Further Resolved that should the Congress fail to act after two-thirds of the several states petition alike in substance for a State Powers Amendment, then a “convention to propose amendments” under Article V of the United States Constitution shall be the proper course

and that delegates to such convention should be selected by the legislatures in the several states and should vote by state, according to the practices established by the 1787 Federal Convention in Philadelphia; and

Be It Further Resolved that the state of Missouri reserves its further right to petition in the same manner for further amendments as the General Assembly may deem warranted; and

Be It Further Resolved that copies of this resolution be forwarded to the legislatures of all the several states inviting them to likewise join in support of this petition; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Speaker of the United States House of Representatives, the President of the United States Senate, and each member of the Missouri congressional delegation.

## FIRST REGULAR SESSION

---

### EIGHTH DAY—WEDNESDAY, JANUARY 23, 2019

---

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“O that today you would listen to his voice!” (Psalm 95:7b)

O Lord Almighty, grant that we may never lose the way through our self-will but remain obedient to accomplish what You have set before us. May our hearts long for goodness and never abandon the struggles we are required to walk through. So keep us in Your eye sight and by Your grace may we not fail You nor the people You would have us serve. And grant O Lord that we may never fail You so that we find freedom and in doing Your will, peace. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

Whereas, Section 29.351 of the Revised Statutes of Missouri provides that during the regular legislative session which convenes in an odd-numbered year, the General Assembly shall, by concurrent resolution, employ an independent certified public accountant or certified public accounting firm to conduct an audit examination of the accounts, functions, programs, and management of the State Auditor's office:

Now Therefore Be It Resolved that the members of the Missouri Senate, One-Hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby authorize the employment of an independent certified public accountant or certified public accounting firm pursuant to the provisions of Section 29.351; and

Be It Further Resolved that the audit examination be made in accordance with generally accepted auditing standards, including such reviews and inspections of books, records and other underlying data and documents as are necessary to enable the independent certified public accountant performing the audit to reach an informed opinion on the condition and performance of the accounts, functions, programs, and management of the State Auditor's Office; and

Senator Hough offered the following concurrent resolution:

**SENATE CONCURRENT RESOLUTION NO. 11**

Relating to designating every November as National American History and Founders Month

Whereas, as we approach our Nation's 250th anniversary in 2026, there is a clear need to empower Americans to be active citizens through greater understanding of our Nation's early history, its founders, and the civic duties within the American experience; and

Whereas, the period beginning with the onset of the American Revolution in 1775 through 1791 encapsulates the events and people responsible for establishing and shaping our country's future. The American Revolution (1775-1783) is one of the most defining events in modern history, both as the rebellion against Great Britain and as the creation of a self-governing and sovereign nation. The Declaration of Independence, the Constitution, and the Bill of Rights will forever set our Nation apart from all others. Our electoral system, our three branches of government in the form of an elected President, an elected Congress, and an independent Supreme Court are well-established and sustaining. These have all set a long enduring, unique and remarkable precedent that many other nations over the past two centuries have sought to replicate; and

Whereas, the purpose of National American History and Founders Month is to create a tradition of educating and celebrating the founding history of our country for all Americans. Furthermore, while there are holidays celebrating key events, leaders, and groups responsible for creating and shaping our Nation, there is no official recognition or formal commemoration of our Nation's early history, its founders and its governmental system. This new recognition and focus offers all Americans an occasion to appreciate the struggle to create a new nation,

the founders who pioneered how this new nation should be governed, and the civic duties of its citizens:

Now Therefore Be It Resolved that the members of the Missouri Senate, One-hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby proclaim each November as “National American History and Founders Month”, and urge public officials at the state and local levels, educators in schools, colleges and universities, librarians, and all the people in the state of Missouri to observe this month with appropriate programs, ceremonies, and activities, and to reaffirm their devotion to the principles of freedom and the common history and heritage shared by all Americans; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to send a properly inscribed copy of this resolution to the Governor for his approval or rejection pursuant to the Missouri Constitution.

## **CONCURRENT RESOLUTIONS**

Senator Sater offered the following concurrent resolution:

### **SENATE CONCURRENT RESOLUTION NO. 12**

Whereas, on April 19, 1775, the Continental Army engaged in the first battles of the Revolutionary War, known as the Battles of Lexington and Concord. The battles marked the outbreak of open armed conflict between the Kingdom of Great Britain and thirteen of its colonies on the mainland of British America to establish American independence; and

Whereas, the first Militia units, transforming into today's National Guard, were established in the Massachusetts Bay Colonies on December 13, 1636, armed to protect American citizens; and

Whereas, between 1775 and today over 41 million Americans have served in the Armed Forces of the United States, in addition to countless Militiamen between 1636 and 1775; and

Whereas, the United States has suffered casualties of over 1.4 million men and women, including scores of Missouri citizens, who have made the ultimate sacrifice defending democracy and freedom; and

Whereas, the families who have lost immediate relatives in the support of military operations, known as Gold Star Families, are also tragedies of war and armed conflict; and

Whereas, the people of Missouri wish to properly honor our military men and women who gave their lives in the service of our country, and thank their families for their sacrifice and bravery, recognizing that no one has given more for the nation than the families of the fallen; and

Whereas, war memorials perpetuate the appreciation and legacy of our fallen hero warriors and their families present and past and educate communities about the price paid for our way of life; and

Whereas, the purpose of the Gold Star Families Memorial Monument is to honor Gold Star families, relatives, and Gold Star children who have sacrificed and lost loved ones in the service of their country, and who stand as a stark reminder that freedom is not free; and

Whereas, it is appropriate to honor the fallen warriors and their families from the state of Missouri by recognizing the Gold Star Families Memorial Monument, which has been constructed and dedicated on the College of the Ozarks campus, as the official Gold Star Families Memorial Monument of the state of Missouri:

Now Therefore Be It Resolved that the members of the Missouri Senate, One-hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby recognize the Gold Star Families Memorial Monument, at the College of the Ozarks campus in Point Lookout, Missouri, as the official Gold Star Families Memorial Monument of Missouri; and

Be It Further Resolved that the Missouri Department of Transportation is urged to prepare and establish appropriate highway signage to recognize the location and direction to the Missouri Gold Star Families Memorial Monument and the Missouri Vietnam Veterans Memorial; such highway signage and any additional signs shall be paid for by the College of the Ozarks; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the president of the College of the Ozarks, the Veterans and Military Coalition of the Ozarks in Branson, Missouri, and the Missouri Department of Transportation.

Senator Emery offered the following concurrent resolution:

#### SENATE CONCURRENT RESOLUTION NO. 13

Whereas, for nearly two thousand years, the Bible has been a cornerstone of Western civilization, its content permeating nearly all aspects of culture, manifesting itself most notably in literature, music, art, drama, public discourse, and philosophy; and

Whereas, wisdom literature from the Bible, which has an emphasis on good character, has been taught for three thousand years but not for the last fifty years by accident; and

Whereas, forty studies have documented a correlation between improved school grades for children and the teaching of the biblical character of love, integrity, compassion, and self-discipline; and

Whereas, biblical references abound in the works of Western literature, including those of William Shakespeare and John Milton, and allusions to biblical themes and characters have been used effectively by writers as diverse as Dante Alighieri and Toni Morrison; and

Whereas, the Bible has been a source for public discourse and policy both past and present, and great leaders, including George Washington, Abraham Lincoln, and Martin Luther King, Jr., inspired entire generations by including biblical references and language in their speeches; and

Whereas, the English language itself is so filled with biblical vocabulary, themes, terms, and allusions that it cannot be fully understood and appreciated by individuals unfamiliar with the Bible, depriving them of much of the richness of the language; and

Whereas, a report on Bible literacy, which included findings from a Gallup Poll survey on American teenagers' knowledge of the Bible, found that American high school students are deficient in their academic knowledge of the Bible and that this deficiency is a limiting factor in their ability to study literature and to understand art, music, history, and culture; and

Whereas, United States Supreme Court Justice Tom Clark, in the 1963 case *Abington v. Schempp*, wrote that "it might well be said that one's education is not complete without a study of comparative religion or the history of religion and its relationship to the advancement of civilization." He further wrote "that the Bible is worthy of study for its literary and historic qualities. Nothing we have said here indicates that such study of the Bible or of religion, when presented objectively as part of a secular program of education, may not be effected consistently with the First Amendment"; and

Whereas, in a document entitled *The Bible & Public Schools, a First Amendment Guide*, twenty diverse groups, including the National School Boards Association, American Federation of Teachers, National Education Association, Christian groups, Jewish groups, and secular groups, all agreed that the Bible can and should be taught in public schools as long as such teaching is academic and not devotional in nature, demonstrates an awareness of the religious nature of the Bible but does not press students to accept religion, does not engage in the practice of religion, neither encourages or discourages differing religious views, and does not ask students to conform to any religious belief; and

Whereas, George Gallup polling and other research over the years has shown that more than two-thirds of the American public believe the Bible should be taught in public schools as part of the curriculum in literature courses, social studies courses, or both literature and social studies courses; and

Whereas, the general assembly realizes the academic advantage to students of a basic familiarity with the Bible:

Now Therefore Be It Resolved that the members of the Missouri Senate, One-hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby:

(1) Encourage public high schools in Missouri to:

(a) Offer to students in grade nine or above:

a. An elective course on the Hebrew Scriptures (Old Testament) and their influence and an elective course on the New Testament and its influence; or

b. An elective course that combines the courses described above; and

(b) Require that all world literature courses include a three-week session on wisdom literature from the Bible, as has been done for three thousand years;

(2) Declare that the purpose of the courses described above is to teach students the biblical content, characters, and narratives of the Bible that are prerequisites to understanding contemporary society and culture, along with the role the Bible has played in the development of literature, art, music, culture, and public discourse;

(3) Urge the offering of the courses described above only if the courses:

(a) Do not endorse, favor, or promote, or disfavor or discourage, any particular religion or nonreligious faith or religious perspective;

(b) Are taught by state-certified literature or social studies teachers who have been selected without inquiry into their religious beliefs or lack thereof;

© Allow students to choose their preferred translation of the Hebrew Scriptures or the New Testament; and

(d) Award students the same number of course credits that are awarded for other courses of similar duration;

(4) Urge the offering of the courses described above only if school districts make teacher training available to teachers of the courses so that they are made aware of the best practices involved in teaching the Bible in a public school setting; and

(5) Declare that no state entity, school district, or local educational agency should prevent the teaching of courses or classes on the Bible so long as those courses meet guidelines consistent with the First Amendment; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for each school district in Missouri.

## FIRST REGULAR SESSION

---

### ELEVENTH DAY—TUESDAY, JANUARY 29, 2019

---

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“The fear of the Lord is the beginning of Wisdom; all those who practice it have a good understanding.” (Psalm 111:10)

O God our Creator, our world expands our knowledge at an ever faster rate, making it more difficult for us to keep up with what we need to know and as we struggle to keep up remind us that wisdom is certainly more than knowledge for it comes from making mistakes and learning from them. Give us the humility to acknowledge before You our failures and learn from them. And let us repent for any harm we may have caused others and seek to not repeat our errors in judgment. So help us do more good with our lives and respond to opportunities that You send our way in a learned and faithful manner. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

Whereas, the General Assembly recognizes the need for the repair of bridges on the state highway system that are contained in the Highways and Transportation Commission's Statewide Transportation Improvement Program for years 2020 to 2023; and

Whereas, pursuant to Article IV, Section 30(b) of the Missouri Constitution, the Highways and Transportation Commission is authorized to issue state road bonds to fund the construction and reconstruction of the state highway system; and

Whereas, the General Assembly desires that the Highways and Transportation Commission issue state road bonds to finance the planning, designing, construction, reconstruction, rehabilitation, and significant repair of two hundred fifty bridges on the state highway system that are contained in the Statewide Transportation Improvement Program for 2020 to 2023; and

Whereas, the General Assembly wishes to assist the Highways and Transportation Commission by providing funds as first recourse for payment of the debt service for such bonds from General Revenue Fund revenues to the State Road Fund:

Now Therefore Be It Resolved that the members of the Missouri Senate, One-hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby support the following:

1. Reverend Carl Gauck offered the following prayer:

“Keep your heart with all diligence, for out of it flows the springs of life.” (Proverbs 4:33)

Gracious God: We acknowledge that the heart is seen by us as the seat of human emotions and it does us well to search it thoroughly to make sure all is in order for we know that our outward behavior often reflects what is going on in our hearts. Help us to weed out that which threatens our destruction and fill it with faith, hope and love for You and toward our family and friends and those we serve. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Joint Committee appointed to wait upon the Chief Justice of the Supreme Court, Zel M. Fischer, escorted the Chief Justice to the dais where he delivered the State of the Judiciary Address to the Joint Assembly:

**2019 STATE OF THE JUDICIARY**  
**Missouri Chief Justice Zel M. Fischer**

***Introduction***

Thank you, Lieutenant Governor Kehoe, Secretary of State Ashcroft, President Pro Tem Schatz, Speaker Haahr, and members of this 100th General Assembly, the executive branch and the judiciary. On behalf of all of Missouri's state judges, I am pleased to present you with this 46th State of the Judiciary.

The framers of our Constitution divided the power of government among three separate but co-equal branches, intending them to serve different purposes. But this separation does not mean we cannot listen to one another.

We know our partners in the legislative and executive branches are committed to doing the best job possible to make Missouri better. We are no different. The state of the judiciary is good.

Constitutionally critical to our system of government, the judiciary is designed to be different from the political and policymaking branches of government. Chief Justice John Roberts of the Supreme Court of the United States explained it this way: "We wear black robes to convey the notion that our individual views [and] personality do not have anything to do with the function we have to play in terms of coming to the correct decision on the law."

You may not know one of his colleagues on our nation's high court, Justice Clarence Thomas, had his first legal job right here in Missouri, across the street in the red brick building, as an assistant attorney general under Jack Danforth. Justice Thomas has said, "Judicial independence is critical to liberty and to justice. In our great country, the judiciary is not a puppet of those in power, nor is it the engine for pioneering social change. Rather, it is a safeguard against tyranny and an assurance of neutral arbiters for those seeking the protection of law."

Public opinion tends to galvanize behind particular outcomes. Judges have a duty to resist that temptation. Our duty and our oath is not to be popular but to be faithful to the law.

***Treatment courts***

As I was here a couple of weeks ago listening to Governor Parson give his address, it occurred to me there are at least a few things Governor Parson and I have in common – we both call rural Missouri home, we are both probably more comfortable in cowboy boots than dress shoes, and neither of us has been accused of being soft on crime. But I was pleased to hear him commit in his state of the state address he would not build another prison while he is governor.

When I began practicing law three decades ago, we were all told the proper answer was to be tough on crime. But, as time has proven, being tough on crime is not necessarily being smart on crime. Our national incarceration rates have ballooned – and for many nonviolent offenders, we have failed to address their underlying issues of substance abuse and mental illness. Let's save our prisons for those we are afraid of, not just mad at.

Over-incarcerating nonviolent offenders – especially drug and alcohol offenders – costs millions and is not curing the problem. We need to spend public funds where we see proven results. Often, what they really need – and what we can provide without compromising public safety – is treatment for substance abuse and mental illness.

This is why it is no longer enough for the courts to simply resolve cases. Instead, you and our citizens expect your courts to help change lives by breaking the cycle of crime among our nonviolent offenders and making them more productive. Since Missouri's first treatment court was

founded more than 25 years ago, the Show-Me State has been showing everyone else how to do it ... and we continue to get better at it.

But as I explained in my address to you last year, citizens in some of our counties still lack access to a local treatment court. I thank Governor Parson for making treatment courts a priority of last fall's special session – and I thank you for passing this important legislation.

Now, we need your help funding the vital services our treatment courts can provide. The governor included in his budget recommendations a restoration of the rest of the core funding to the treatment courts we asked for last year but did not receive, plus nearly \$3.1 million in additional funding to help expand the reach of our treatment court services. Together, not only can we continue to be smart on crime, but, more importantly, we can continue to save money ... and lives.

#### ***Veterans courts***

Some of our treatment courts focus on an offender's underlying issue, but one focuses on a unique population – our veterans. As you know, one of the primary rules of battle is not to leave anyone behind. But that guiding principle is just as important off the battlefield.

Due in part to the stress of combat or adjusting to life at home, some of our military men and women suffer from mental illness or addiction, and they may find themselves on the wrong side of the law. It is incumbent on us to make sure the justice system for which they have sacrificed recognizes their unique challenges and does not leave them behind.

Missouri now has veterans treatment courts available in three dozen counties, plus the cities of St. Louis and Kansas City. These unique programs use volunteer veterans and active-duty soldiers as mentors. Research shows veterans benefit the most with help from others who understand the military experience.

Our veterans treatment courts are a win-win for all Missourians – in addition to helping those who have served our country regain their lives, crime is reduced, public safety is improved, and we are able to better protect those who have protected us.

#### ***Military spouse rule***

We also are honoring military families by finding a way for spouses of military personnel stationed in Missouri to practice law while they are here.

The process to become licensed to practice law in any state is rigorous, and for good reason – it's designed to protect the public. The bar exam is hard. But attorneys who are married to active duty military service members face the prospect of going through that process each time their spouses are relocated. You've heard the adage, "when one member joins, the whole family serves?" For some members of our active duty military, that means their attorney spouses must sit for a bar exam in every new state in which they find themselves ... or abandon their career ... or split up the military family. We realized this makes little sense.

So we created a pathway for military spouses who are licensed attorneys to practice law while they are in Missouri. Under the new rule – which took effect January 1 – lawyers with licenses in good standing from other jurisdictions, whose spouses are full-time active service members of the United States armed forces assigned to a duty station in Missouri or a contiguous state, can apply for temporary admission to practice law in Missouri.

Allowing these qualified attorneys to share their legal talents with our citizens while they are in our state will honor the sacrifice they make as military spouses and will serve Missourians well. This rule is already being utilized – just nine days after it took effect, we had an applicant. Her story exemplifies why we always need to look for ways to make our legal system better for those we serve.

Karen Towns is the daughter of a military service member and was born at an American air base overseas. She earned her law degree in North Carolina and was serving as associate chief counsel for the United States Food and Drug Administration when she married an officer in the United States Army. In fewer than a dozen years since then, he – and, therefore, she – have been relocated more than half a dozen times, to duty stations in Kansas, Kentucky, Maryland, Washington – and twice in Missouri.

Since July 2017, Karen's husband – Colonel Eric Towns – has been stationed at Fort Leonard Wood, where he serves as garrison commander. When they arrived in Missouri, the only way for her to become licensed to practice law here was to sit for another bar exam. Instead, she has been working as a non-attorney compliance officer at the Missouri University of Science and Technology in Rolla. But our new rule cut through the red tape that had been preventing her from using her legal skills to their fullest.

I am pleased to announce Karen has been granted temporary admission to practice law in Missouri. She and Colonel Towns are with us today – please join me in thanking them both for their important service.

#### ***Retired lawyer pro bono rule***

We also have recognized we need to do more to provide equal access to civil justice. One of the fundamental purposes of your courts is to ensure access to justice for all, regardless of background, wealth, power or ideology. This ideal works well on paper but is hard to achieve in reality. The law is complex, and many individuals and businesses perceive they lack access to affordable legal services.

A legal system that serves only the well-to-do is neither justice *for* all – nor justice at all.

Missouri lawyers try to help fill the need. Each year, hundreds volunteer their time, unpaid, to help those who otherwise cannot afford an attorney. And Missouri is part of a national program – like an online version of a walk-in clinic – allowing people who cannot afford a lawyer

to get quick advice about a specific civil legal issue from a volunteer lawyer.

But by far the primary resource for those least able to afford an attorney comes from our state's legal service organizations. Unfortunately, the justice gap is much wider than these volunteer lawyers and legal service organizations can bridge on their own.

They need help. Pursuant to a new rule and new pilot project, retired lawyers who agree to provide solely free legal help through one of our state's legal aid organizations can apply annually to our Court to have their attorney enrollment fees waived.

As baby boomers enter retirement, many will be able to continue sharing their legal experience in meaningful and impactful ways. More importantly, our legal aid organizations will be able to help more low-income citizens throughout Missouri who need – but cannot afford – civil legal assistance.

Two people on the front lines of the battle to close the justice gap are here today. From Legal Aid of Western Missouri, its executive director, retired judge Joe Dandurand, and Latricia Scott Adams, who for 30 years has served as its volunteer attorney project director. Let's thank them for their service.

### ***Pretrial release***

Some common-sense solutions are relatively simple, like our new military spouse rule and retired lawyer pro bono rule. Others are more difficult to achieve, and a few require tough conversations, like dealing with pretrial detention. The problem is real. Too many who are arrested cannot afford bail even for low-level offenses and remain in jail awaiting a hearing. Though presumed innocent, they lose their jobs, cannot support their families and are more likely to reoffend.

We all share a responsibility to protect the public – but we also have a responsibility to ensure those accused of crime are fairly treated according to the *law*, and not their pocket books.

Missouri law sets the framework for how pretrial detention should work. Under the circumstances of each case, a judge must balance two constitutional imperatives – one to afford the accused an opportunity for pretrial release, and the other to insist on “sufficient sureties” the defendant will appear in court. Judges also must balance statutory considerations for protecting a crime victim, a witness and the community from a defendant who poses a danger to them.

During the past year, the Court brought together a whole host of experts – judges, prosecutors, defense attorneys, law professors and court officials – they spent countless hours identifying ways for improvement and working to devise common-sense modifications to our criminal justice system. As a result of this hard work, the Court has ordered *significant* changes to its rules governing pretrial release.

These changes – which will take effect July 1 – are extensive ... and meaningful. Here are some highlights:

- The court must start with non-monetary conditions of release and may impose monetary conditions only if necessary and only in an amount not exceeding that necessary to ensure safety or the defendant's appearance.
- The court may not order a defendant to pay any portion of the costs of any conditions of release without first considering how to minimize or whether to waive those costs.
- A court may order a defendant's pretrial detention only if it determines – by clear and convincing evidence – that no combination of non-monetary and monetary conditions will ensure safety of the community or any person.
- The new rule also limits how long a defendant may be detained without a court hearing, and ensures a speedy trial for those who remain in jail.

This new rule helps ensure the determinations – and conditions – of pretrial release are made with the best information available. We believe these changes will improve our criminal justice system.

### ***Investing in Missouri's courts***

In his state of the state address, Governor Parson said being a good leader is about your ability to make those around you better. So I am here to ask for your help. I know revenues are tight, you have important priorities to consider ... and I do not imagine you have very many constituents calling or e-mailing you begging for additional court funding.

But that does not mean your court system and the services we provide are not critical for the health of our state. Without the reliable availability of courts in our local communities, with fair and impartial judges who are well-versed in the law, and competent, professional court staff, your constituents' disputes might go undecided. Small business owners cannot afford undue delay in having their legal matters decided, and big businesses look for strong, stable courts when deciding where to employ large numbers of people.

Like so many others in state government, we in the Missouri courts have been streamlining our services, doing more with less for years, and we have proven we are a sound investment for Missouri tax dollars. To continue providing a high level of service – now and for future generations – we need additional investment in developing our workforce and improving our technological infrastructure.

Right now, our judicial education program operates on only 74 percent of the total amount of funding to which it is authorized by statute. But 74 percent does not allow us to offer as many in-person classes as we need, or to supplement those classes with as many web-based training

sessions as we should. It will cost just less than a half-million dollars to close this gap between funding authorized and funding appropriated. Although Governor Parson did not include this item in his recommendations, I ask you to actually fund what you have authorized us to spend on judicial education. That amount would allow our judicial education program to function at full strength, as it has in the past.

Governor Parson encouraged us to be honest about the challenges we face. Here is one – technology has become the way we all do business and expect to do business, but your courts struggle to meet the public’s 21st century expectations with 1990s resources.

The Missouri General Assembly in 1994 mandated the development of a statewide court automation system. But the \$7 fee has not changed in a quarter-century and does not generate enough money to sustain current functions. In fact, the fee only pays for a third of the technology necessary to provide the services Missourians have come to expect.

Missouri courts have been virtually paperless since 2014, and you and your constituents have come to rely on the benefits that electronic system makes possible: Case.net, Track This Case, Pay By Web and the electronic filing of cases. But what happens if we cannot sustain the technology that has become the way people do business in their courts?

We may find out by July 2021, when we anticipate the Missouri courts’ statutorily mandated system – built on 25-year-old technology – will be unable to receive critical system updates. We are building a replacement case management system, but at current funding levels, the new Show-Me Courts system – which includes municipal case processing – will not be finished in time.

Equal access to justice requires using technology to resolve disputes fairly and efficiently. We need to develop user-friendly, electronic systems to permit citizens to participate in routine court proceedings without missing work. We need to increase the functionality of Case.net to allow citizens to be fairly informed. Missourians expect your courts’ technology systems to join the 21st century, which will require increased and sustainable funding from general revenue.

### ***Nonpartisan court plan***

Technology is not the only thing changing rapidly. How different the faces are in this chamber than just a year ago. Most of our state office holders are in new positions, and more than 60 of you are new to the legislature.

We have experienced change as well. Nearly 60 trial judges just attended new judge orientation last week. Our appellate judicial commission has sent two panels to Governor Parson. Last fall, Governor Parson made his first appellate appointment, selecting Tom Chapman – the presiding judge from the 43rd circuit (spanning five counties in northwest Missouri) – to a vacancy on the Missouri Court of Appeals, Western District. Earlier this month, Governor Parson selected Robin Ransom – the presiding judge in St. Louis city – to be the newest appellate judge in our Eastern District.

I remain steadfast that Missouri’s nonpartisan court plan is the best method for selecting judges to our urban trial courts, appellate court and supreme court. We have a plaque in our building across the street commemorating the courage of the people of Missouri in amending their constitution in 1940 to adopt the Missouri court plan, making ours the first state in the nation to embrace judicial merit selection. Our foresight looks brilliant today, as the entire Supreme Court of West Virginia – which has direct partisan elections – faced impeachment last year, and the confirmation process for Justice Brett Kavanaugh’s nomination to the Supreme Court of the United States looked nothing like the advice and consent of the senate our founding fathers intended.

As a supreme court judge, the idea of presenting oneself as pro-something or con-something else undercuts a system in which judges are meant to be neutral arbiters of our citizens’ disputes and, ultimately, undermines the public’s trust and confidence in their courts. To paraphrase Chief Justice Roberts, judges do not sit on opposite sides of an aisle. They do not caucus in separate rooms. They do not serve one party or interest. They serve one nation. Or, in our instance, one Missouri.

I will end where I began, by explaining the judicial branch is designed to be different from the political and policymaking branches of government. Our judicial code of conduct requires us to refrain not only from actual bias but to minimize even the appearance of partiality.

### ***Conclusion***

While I know you take your responsibilities here in the Capitol seriously, as do I, do not forget those at home who support, encourage and pray for you daily. In the balcony, with other family members, are Julie, my wife of more than 34 years, and my mother Nancy. Thank you for your infinite love, support, encouragement and prayers.

Providing the family security is my former courtroom bailiff, my best friend, the best man at my wedding – he is also my father, Bob Fischer.

Everybody who knows my dad has at least one story – but I’ll close with this one. In the fall of 2008, Dad drove me down for my interview with Governor Matt Blunt. Once back in his pickup truck after the interview, I told Dad I thought Governor Blunt might actually appoint me to the Supreme Court of Missouri. He said, “Well, he ought to, but are you sure you want the position? You’re already a judge, and this is a four-and-a-half-hour drive from your wife and three of your four children still in high school.” I explained to Dad this was a position where you not only could make a paycheck, you could also make a difference. I concluded, it is not like I would be joining the circus. Then Dad – with his humble trademark grin – replied, “Are you sure?”

Thank you all, and may God Bless you *all*.

On motion of Senator Rowden, the Joint Session was dissolved and the Senators returned to the Chamber where they were called to order by President Kehoe.

Reverend Carl Gauck offered the following prayer:

“And all of you must clothe yourselves with humility in dealing with one another, for God opposes the proud, but gives grace to the humble.” (1 Peter 5:5b)

Gracious God, as we work through this day and the many things that demand our best help us deal with one another and those who need our help, in humble ways so we communicate our sincere desire to use our gifts to do what we can that is most helpful. And may we do so in ways that are most respectful to those we interact this day and every day. In Your Holy Name we pray. Amen.

### **CONCURRENT RESOLUTIONS**

Senator Burlison offered the following concurrent resolution:

#### **SENATE CONCURRENT RESOLUTION NO. 15**

Relating to the appointment and duties of commissioners to attend an Article V convention.

Whereas, it is necessary for each state to provide for the selection of commissioners to attend any Article V Convention:

Now Therefore Be It Resolved that the members of the Missouri Senate, One-Hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby adopt the following procedures for the selection of commissioners to attend an Article V Convention:

#### **Section 1. Selection of Commissioners**

When a convention is called to propose amendments to the United States Constitution pursuant to Article V of the United States Constitution, the selection and participation of commissioners from Missouri to such convention shall be governed by this Resolution.

#### **Section 2. Number, Eligibility, and Selection of Commissioners**

A. Missouri shall have a number of commissioners equal to the number of congressional districts in the state at the time with one commissioner from each congressional district and a number of alternate commissioners equal to the number of congressional districts in the state at the time with one alternate commissioner from each congressional district.

B. Commissioners and alternates shall be citizens of the State of Missouri and shall otherwise meet the same qualifications necessary to hold office in the Missouri House of Representatives. Commissioners and alternates may include persons holding public office, subject to further limits described below, except that no person will be eligible who is:

- (1) A member of the United States House of Representatives or Senate;
- (2) An employee of the United States;
- (3) An employee or other representative of a contractor with the United States; or
- (4) An elected official holding a statewide office.

Commissioners and alternates are also subject to those existing ethics rules which apply to members of the General Assembly.

C. The House of Representatives and Senate shall select, by adoption of a concurrent resolution, the commissioners and alternates who meet the eligibility requirements described herein and who are submitted to the House of Representatives and the Senate by the Joint Legislative Committee as provided in Section 4 of this resolution. Of the commissioners, at least one-third shall not be sitting members of the General Assembly. Of the alternate commissioners, at least one-third shall not be sitting members of the General Assembly.

D. A majority of the commissioners shall constitute a quorum for all decisions made by the delegation, and no commissioner may give his or her vote by proxy or otherwise to any other commissioner. The commissioners shall select a chairperson to administer the work of the commissioners.

Section 3. Authority of Commissioners

A. Each commissioner and alternate shall, by oath or affirmation as a condition of participating in the convention, agree to faithfully and impartially discharge all the duties incumbent upon a commissioner, including the duty to abide by instructions established by concurrent resolution of the General Assembly for participation in the convention and the duty to act only within the scope of the General Assembly's application for the convention, if Missouri applied for the convention in which the commissioners are participating. Each commissioner and alternate shall further agree to immediately notify the Joint Legislative Committee if he or she believes that any Missouri commissioner or alternate has violated his or her oath or instructions while participating in the convention.

B. Prior to the Article V Convention, the General Assembly shall consider "Recommended Commissioner Instructions" presented to it by the Joint Legislative Committee as discussed further in Section 4 of this resolution, and shall by concurrent resolution provide duly approved instructions to the commissioners and alternates regarding the scope of matters they may consider and vote on at convention, including rules of procedure and proposed amendments. Such instructions may be changed by the General Assembly prior to or during the convention. These instructions shall include, but shall not be limited to:

1. An instruction that the commissioners shall not support any voting rule other than the rule whereby each state exercises one vote; and
2. An instruction that on all voting matters at the convention, the decision of a simple majority of the Missouri commissioners shall constitute a single vote for the State of Missouri.

C. Any vote cast by a commissioner or alternate at an Article V convention that is outside the scope of any of the following is an unauthorized vote, and is therefore void:

1. The instructions established by any concurrent resolution adopted under this Resolution or later amending resolutions.
2. Any limits identified in the Missouri General Assembly's application for the convention.

Section 4. Authorization for and Role of the Joint Legislative Committee

A. After or near the time an Article V convention is called, a Joint Legislative Committee shall be duly authorized by the General Assembly for the purposes described in this section. The Joint Legislative Committee shall be comprised of five members of the Senate appointed by the President Pro Tempore of the Senate, with three members from the majority party and two members from the minority party, and five members of the House appointed by the Speaker of the House of Representatives, with three members from the majority party and two members from the minority party, and shall have the initial task of recommending eligible commissioners to the House of Representatives and the Senate for consideration of appointment as commissioners. The Joint Legislative Committee shall submit at least three persons from each congressional district who are eligible, as provided in this resolution, to serve as a commissioner and at least three different persons from each congressional district who are eligible, as provided in this resolution, to serve as an alternate commissioner. The House of Representatives and the Senate shall select a commissioner and alternate commissioner from each congressional district from the names submitted by the Joint Legislative Committee. The Joint Legislative Committee shall also be charged with presenting "Recommended Commissioner Instructions" to the full General Assembly for consideration leading to a concurrent resolution as discussed in Section 3(B) of this resolution. Such Commissioner Instructions will define the scope of matters the Commissioners may consider and vote on at the Article V Convention, including rules of procedure and proposed amendments as discussed more fully in Section 3 of this resolution. All recommendations that secure a simple majority vote of the members present will be deemed approved "Recommended Commissioner Instructions" to be submitted to the full General Assembly for its consideration.

B. After commissioners have been selected, the Joint Legislative Committee may recall any commissioner and revoke such commissioner's authority. However, the Joint Legislative Committee may only recall and revoke the authority in the event the commissioner casts or attempts to cast an unauthorized vote as described in this Resolution. The Joint Legislative Committee shall also appoint one of the selected alternates to take the place of a commissioner so recalled. The Joint Legislative Committee shall promptly investigate any notice that a commissioner or alternate has cast an unauthorized vote or otherwise exceeded the scope of the General Assembly's application for the convention or the General Assembly's instructions to the commissioners. The Joint Legislative Committee shall act to ensure that the commissioners remain faithful to the terms of the convention application and the General Assembly's instructions. Before or during the Article V Convention, the Joint Legislative Committee may advise the commissioners on questions which arise regarding the scope of the convention and the legislative instructions to commissioners.

C. By concurrent resolution, the General Assembly may change or supersede any action of the Joint Legislative Committee or recall commissioners or alternates to the convention, or appoint new commissioners or alternates.

D. The Joint Legislative Committee shall be authorized to conduct its business via telephone or by electronic communication.

Section 5. Conflicts with Convention Rules or Procedures

Should the provisions of this Resolution conflict with the rules or procedures established by the Article V convention, the General Assembly may by concurrent resolution conform these provisions to such rules or procedures; and

Be It Further Resolved that this resolution be sent to the Governor for his approval or rejection pursuant to the Missouri Constitution.

FIRST REGULAR SESSION

---

**SIXTEENTH DAY—WEDNESDAY, FEBRUARY 6, 2019**

---

The Senate met pursuant to adjournment.

Senator Hoskins in the Chair.

Senator Emery offered the following prayer:

In the book of Proverbs we read “A man’s heart plans his way, but the Lord determines his steps.” (Proverbs 16:9)

Heavenly Father, help us to put our trust in You to direct our way as we consider the needs of the those You have entrusted to us to serve - our families, our neighbors, and our constituents. Make us willing to lay aside our plans for Yours. Lead us on the path that prepares us for a future that You know already, but we have yet to discover. Help us to seek the truth as declared by Your written word and to discern how to obey it. We ask You for wisdom to make right decisions so we can pursue with our hearts and strength the path You have devised and chosen for us. I pray in Jesus name; amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

Senator Rowden announced photographers from Columbia Missourian, Missouri School of Journalism and KOMU-TV were given permission to take pictures in the Senate Chamber.

The following Senators were present during the day’s proceedings:

## REMONSTRANCES

Senator Rowden offered the following remonstrance:

### SENATE REMONSTRANCE NO. 1

Whereas, the University of Missouri-Columbia has a long tradition of athletic achievement in many sports and is a member of the National Collegiate Athletic Association (NCAA); and

Whereas, student-athletes at Mizzou spend countless hours maintaining a balance at achieving both academic and athletic excellence and should be commended for their dedication and work ethic; and

Whereas, the athletic department at Mizzou became aware of irregularities involving a tutor for some of the student-athletes; and

Whereas, in response to such awareness, the athletic department and administration immediately ended any association with the tutor and began an internal investigation and engaged in a joint investigation with the NCAA; and

Whereas, the athletic department was open and forthright with both the NCAA and the Southeastern Conference about the allegations; and

Whereas, unlike other member institutions of the NCAA, Mizzou did not try to obstruct the NCAA investigation and, in fact, cooperated fully with the NCAA; and

Whereas, there was no evidence in the resulting NCAA investigation that any administrator or university personnel in any way pressured the tutor into completing the student-athletes' work; rather that the tutor acted of her own accord and the NCAA report said as much when it was written that "Missouri did the right thing" in cooperating with its investigation and found fault with the tutor who received a ten year show-cause penalty; and

Whereas, despite the lack of any evidence of systemic problems in the athletic department and having the full cooperation and openness of the University, the NCAA Division I Committee on Infractions handed down a disproportionate penalty to the University of Missouri football, baseball, and softball programs, including a ban on post season play for their upcoming seasons as well as limitations on scholarships and recruiting and vacation of some wins and records; and

Whereas, the penalty is inconsistent and arbitrary when compared with the penalties handed down to other member institutions for far worse offenses and where the institution did not cooperate with the investigation; and

Whereas, this unjust and harsh penalty demonstrates the continued erosion of the credibility of the NCAA as a governing body for collegiate athletics; and

Whereas, if this unjust and harsh penalty is not reversed upon appeal by the University of Missouri, then serious questions should be asked about the continued need for the NCAA; and

Whereas, because of these onerous, unfair, and overly punitive sanctions, student-athletes who were not at fault in the least for the actions of the tutor will be the ones to suffer the punishment and deleterious effect on their collegiate athletic careers; and

Whereas, the decision of the NCAA tells other collegiate programs that doing the right thing and cooperating with an investigation should be the last resort; and

Whereas, the decision will erode what little faith many people had left in the ability of the NCAA to oversee collegiate athletics; and

Whereas, it is the duty of this body to speak out and demand the NCAA reverse its decision regarding the University of Missouri:

Now, Therefore, Be It Resolved by the members of the Missouri Senate, One-Hundredth General Assembly, First Regular Session, hereby remonstrate against the NCAA for its unfair and harsh sanctioning of the athletic department of the University of Missouri-Columbia; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for Mark Emmert, President of the NCAA.

# Journal of the Senate

## FIRST REGULAR SESSION

---

**EIGHTEENTH DAY—MONDAY, FEBRUARY 11, 2019**

---

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“Get wisdom; get insight: do not forget, nor turn away from the words of my mouth.” (Proverbs 4:5)

Almighty God we thank You for the safe travel to this place, as You watched our going out and coming in. You seek ways to teach us that we can improve our lives and actions by learning from Your word and You help us to learn from our experiences, in the ups and downs of life. May we grow in wisdom from such moments and gain insight so we may better serve those who elected us and those with whom we make contact this week. May Your Holy Spirit guide our hearts and minds so what we say and do reflects what we have learned and put into action every day. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

SENATE RESOLUTION NO. 254

Whereas, the city of West Plains, Missouri seeks to host the National Junior College Athletic Association (NJCAA) Division 1 National Volleyball Tournament for the years 2020, 2021, and 2022; and

Whereas, West Plains was host to nine successful NJCAA Division 1 National Volleyball Tournaments from 2001 to 2012; and

Whereas, the city of West Plains has a proven track record of successfully hosting this tournament in the past and, since last hosting the tournament, has seen additional hotel space added in the city and an increased and unprecedented level of community support for hosting the tournament; and

Whereas, the central location of West Plains near a number of major airports makes travel to the area very convenient for tournament participants; and

Whereas, West Plains hosts a number of restaurant and shopping options, but is also only two hours from the entertainment hub of Branson; and

Whereas, the level of community commitment and support for this tournament makes West Plains the ideal location to host the tournament in the coming years; and

Now Therefore Be It Resolved that the members of the Missouri Senate, One-hundredth General Assembly, First Regular Session, offer their support to the bid of the city of West Plains to host the NJCAA Division 1 National Volleyball Tournaments for the years 2020, 2021, and 2022; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copy of this resolution to the executive director of National Junior College Athletic Association.

**CONCURRENT RESOLUTIONS**

Senator Wieland offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 16

Whereas, in January 1973, the Supreme Court of the United States ruled in *Roe v. Wade* that abortion is protected by the Constitution of the United States, and in doing so effectively removed legal protection from human beings prior to birth; and

Whereas, the ramifications of the court's decision created a moral morass and was a step in the wrong direction for our nation; and

Whereas, each and every innocent human life is unique and precious and that human life begins at the moment of conception and continues, uninterrupted, until the moment of natural death; and

Whereas, each innocent human life must always be protected and preserved, and in all possible ways our country should promote a culture of life; and

Whereas, each state should enact laws that protect unborn human life; and

Whereas, the Missouri General Assembly on behalf of Missourians has spoken out in defense of the sanctity of life, and has done so in connection with contemporary threats to the life of the unborn; and

Whereas, other states in the union have not shared this mission to preserve life and have demonstrated contempt towards the most vulnerable in our society; and

Whereas, New York Governor Andrew Cuomo signed legislation permitting abortion on demand; and

Whereas, the State of New York removed abortion from their criminal code; and

Whereas, the State of New York put women's health at risk by allowing non-physicians to perform or induce abortions; and

Whereas, the State of New York has failed to live up to ethical standards that Missourians demand of us and the State of New York, by their actions, have added to the moral chaos that is plaguing this country:

Now Therefore Be It Resolved that the members of the Missouri Senate, One-hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, declare that Missouri tax dollars should not be spent in any state, like New York, that demonstrates such disregard and contempt for the unborn; and

Be It Further Resolved that the members of the Missouri General Assembly ask the Governor to order all departments to cease from taking part in any non-emergency activity or event in the State of New York; and

Be It Further Resolved that the Missouri General Assembly demands higher moral standards of its fellow states and will continue to boycott events hosted by these states until they repeal legislation that fails to preserve and protect the life of the unborn; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Governor and the State Treasurer.

Help us also to be more loving to those You have placed in our lives and show our appreciation for all they do for us and with us. ## CONCURRENT RESOLUTIONS

Senator Wieland offered the following concurrent resolution:

### SENATE CONCURRENT RESOLUTION NO. 17

Whereas, hazard mitigation is the effort to reduce loss of life and property by lessening the impact of disasters. It is most effective when implemented under a comprehensive, long-term mitigation plan; and

Whereas, the Pre-Disaster Mitigation Grant Program, administered by the Federal Emergency Management Agency, is designed to assist states and local communities in implementing sustained pre-disaster natural hazard mitigation programs; and

Whereas, federal legislation recently enacted, the Disaster Recovery Reform Act, makes available new dollars for states and communities to undertake pre-disaster mitigation measures and creates new incentives for states to build resiliently; and

Whereas, since 1908 natural disasters have cost the country more than one trillion dollars; and

Whereas, disasters affect the local and state economies in lost payrolls, lost sales and income tax, and increased disaster recovery times; and

Whereas, according to a FEMA commissioned study conducted by the National Institute of Building Sciences, every 1 spent on hazard mitigation provides the nation with 6 in future benefits; and

Whereas, twenty-five percent of small businesses that are impacted by a natural disaster never reopen their doors; and

Whereas, September is National Preparedness Month in recognition of the need for all Americans to prepare and plan for recovery after a disaster; and

Whereas, mitigation planning is a key process used to break the cycle of disaster damage, reconstruction, and repeated damage; and

Whereas, effective pre-disaster mitigation reduces the demand for relief services on volunteer organizations such as disaster rescue and recovery teams, along with food banks and homeless shelters, who serve our communities by changing their operations to provide additional services to those affected by disaster; and

Whereas, this body honors the brave men and women who, as first responders, selflessly provide aid in a disaster to safeguard Missouri citizens; and

Whereas, this body encourages Missouri communities to build resiliently and develop long-range mitigation strategies for protecting people and property from future hazard events:

Now Therefore Be It Resolved that the members of the Missouri Senate, One-hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby declare the week of September 1-7, 2019, as “Resiliency Week” to raise public awareness about the continuing need to plan for future disasters by instituting a pre-disaster mitigation strategy.

---

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“Reason and experience both forbid us to expect that national morality can prevail in exclusion of religious principle.” (George Washington)

Almighty God, on this day set aside to remember our founding presidents let us remember that those we hold as most important for establishing this country were those who saw the necessity of following those principles for righteous living that is found in Your teachings. May this body be so familiar with Your Word that it clings to do what it knows is right and just clearly in their daily living and in the laws passed to govern the people of Missouri. In Your Holy Name we pray. Amen.

### **CONCURRENT RESOLUTIONS**

Senator Nasheed offered the following concurrent resolution:

#### **SENATE CONCURRENT RESOLUTION NO. 18**

Whereas, on February 15, 2019, President Trump declared a national emergency to allocate nearly eight billion dollars for the construction of a border wall; and

Whereas, such declaration is an unprecedented abuse of executive power; and

Whereas, the state of California has stated its intent to sue President Trump challenging this national emergency declaration; and

Whereas, several other states are expected to join the lawsuit; and

Whereas, the lawsuit is intended to halt the President from violating the United States Constitution, violating the separation of powers, stealing money from Americans, and stealing money from states that has been lawfully allocated by Congress:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby call on Missouri Attorney General Eric Schmitt to file an independent lawsuit or join the state of California challenging the validity of President Donald Trump's declaration of a national emergency; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for Missouri Attorney General Eric Schmitt.

Senator Eigel offered the following concurrent resolution:

#### **SENATE CONCURRENT RESOLUTION NO. 19**

Whereas, the Green New Deal proposed by U.S. Representative Alexandria Ocasio-Cortez is a radical leftist socialist agenda; and

Whereas, the Green New Deal is full of vague climate goals that would be disastrous for our country; and

Whereas, the Green New Deal is socialism disguised as climate reform; and

Whereas, mankind's impact on climate change has been grossly overstated; and

Whereas, the Green New Deal would dramatically reshape the U.S. economy and add tens of trillions of dollars to the national debt; and

Whereas, the Green New Deal would force families to pay more to heat, cool, and provide electricity to their homes; and

Whereas, the Green New Deal would eliminate fossil fuels from all electricity generation and transportation, forcing Americans to rely largely on expensive and unreliable renewable technologies like wind and solar power; and

Whereas, agriculture is Missouri's number one industry and the Green New Deal would have a detrimental impact on traditional agricultural practices:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby call on the members of the Missouri Congressional delegation to oppose H.Res. 109, 116th Cong. (2019), which recognizes the duty of the federal government to create a Green New Deal; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for each member of the Missouri Congressional delegation.

**(8) Any city of the fourth classification with more than two thousand seven hundred but fewer than three thousand inhabitants and located in any county of the first classification with more than eighty-three thousand but fewer than ninety-two thousand inhabitants.**

2. The governing body of any city listed in subsection 1 of this section may impose, by order or ordinance, a sales tax on all retail sales made in the city which are subject to taxation under chapter 144. The tax authorized in this section may be imposed in an amount of up to one-half of one percent, and shall be imposed solely for the purpose of improving the public safety for such city, including but not limited to expenditures on equipment, city employee salaries and benefits, and facilities for police, fire and emergency medical providers. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes. The order or ordinance imposing a sales tax under this section shall not become effective unless the governing body of the city submits to the voters residing within the city, at a county or state general, primary, or special election, a proposal to authorize the governing body of the city to impose a tax under this section.

3. The ballot of submission for the tax authorized in this section shall be in substantially the following form:

Shall the city of \_\_\_\_\_ (city's name) impose a citywide sales tax at a rate of \_\_\_\_\_ (insert rate of percent) percent for the purpose of improving the public safety of the city?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance or order and any amendments to the order or ordinance shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of the adoption of the sales tax. If a majority of the votes cast on the proposal by the qualified voters voting thereon are

opposed to the proposal, then the tax shall not become effective unless the proposal is resubmitted under this section to the qualified voters and such proposal is approved by a majority of the qualified voters voting on the proposal. However, in no event shall a proposal under this section be submitted to the voters sooner than twelve months from the date of the last proposal under this section.

4. Any sales tax imposed under this section shall be administered, collected, enforced, and operated as required in section 32.087. All sales taxes collected by the director of the department of revenue under this section on behalf of any city, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created in the state treasury, to be known as the "City Public Safety Sales Tax Trust Fund". The moneys in the trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of the general revenue fund. The director shall keep accurate records of the amount of money in the trust fund and which was collected in each city imposing a sales tax under this section, and the records shall be open to the inspection of officers of the city and the public. Not later than the tenth day of each month the director shall distribute all moneys deposited in the trust fund during the preceding month to the city which levied the tax. Such funds shall be deposited with the city treasurer of each such city, and all expenditures of funds arising from the trust fund shall be by an appropriation act to be enacted by the governing body of each such city. Expenditures may be made from the fund for any functions authorized in the ordinance or order adopted by the governing body submitting the tax to the voters. If the tax is repealed, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes. Any funds in the special trust fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

5. The director of the department of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such cities. If any city abolishes the tax, the city shall notify the director of the action at least ninety days before the effective date of the repeal, and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city, the director shall remit the balance in the account to the city and close the account of that city. The director shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.

6. The governing body of any city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the city. The ballot of submission shall be in substantially the following form:

Shall \_\_\_\_\_ (insert the name of the city) repeal the sales tax imposed at a rate of \_\_\_\_\_ (insert rate of percent) percent for the purpose of improving the public safety of the city?

☐ YES

☐ NO

If a majority of the votes cast on the proposal are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized

in this section shall remain effective until the question is resubmitted under this section to the qualified voters, and the repeal is approved by a majority of the qualified voters voting on the question.

7. Whenever the governing body of any city that has adopted the sales tax authorized in this section receives a petition, signed by ten percent of the registered voters of the city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the tax shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

8. Any sales tax imposed under this section by a city described under subdivision (6) of subsection 1 of this section that is in effect as of December 31, 2038, shall automatically expire. No city described under subdivision (6) of subsection 1 of this section shall collect a sales tax pursuant to this section on or after January 1, 2039. Subsection 7 of this section shall not apply to a sales tax imposed under this section by a city described under subdivision (6) of subsection 1 of this section.

9. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.”; and

Any city may, by a majority vote of its council or governing body, impose a city sales tax for the benefit of such city in accordance with the provisions of sections 94.500 to 94.550; provided, however, that no ordinance enacted pursuant to the authority granted by the provisions of sections 94.500

to 94.550 shall be effective unless the legislative body of the city submits to the voters of the city, at a public election, a proposal to authorize the legislative body of the city to impose a tax under the provisions of sections 94.500 to 94.550. 2. The sales tax may be imposed at a rate of one-half of one percent, seven-eighths of one percent or one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within any city adopting such tax, if such property and services are subject to taxation by the state of Missouri under the provisions of sections 144.010 to 144.525; except that, each city not within a county may impose such tax at a rate not to exceed one and three-eighths percent. Beginning August 28, 2017, no city shall submit to the voters any proposal that results in a combined rate of sales taxes adopted under this section **and section 94.900** in excess of two percent. **No city with a combined rate of sales tax in excess of the limit established under this subsection as of August 28, 2019, shall be required to reduce or repeal any such tax rate, but shall not be authorized to impose any new tax which shall result in a total combined rate of sales tax in excess of the limit established under this subsection.**

3. If any city in which a city tax has been imposed in the manner provided for in sections 94.500 to 94.550 shall thereafter change or alter its boundaries, the city clerk of the city shall forward to the director of revenue by United States registered mail or certified mail a certified copy of the ordinance adding or detaching territory from the city. The ordinance shall reflect the effective date thereof, and shall be accompanied by a map of the city clearly showing the territory added thereto or detached therefrom. Upon receipt of the ordinance and map, the tax imposed by the act shall be effective in the added territory or abolished in the detached territory on the effective date of the change of the city boundary.

4. If any city abolishes the tax authorized under this section, the repeal of such tax shall become effective December thirty-first of the calendar year in which such abolishment was approved. Each city shall notify the director of revenue at least ninety days prior to the effective date of the expiration of the sales tax authorized by this section and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of such tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. SENATE AMENDMENT NO. 3

Amend Senate Bill No. 21, Page 1, In the Title, Line 3, by striking all of said line and inserting in lieu thereof the following: “to local sales taxes, with an emergency clause for a certain section.”; and

Further amend said bill and page, section A, line 2, by inserting immediately after said line the following:

“32.087. 1. Within ten days after the adoption of any ordinance or order in favor of adoption of any local sales tax authorized under the local sales tax law by the voters of a taxing entity, the governing body or official of such taxing entity shall forward to the director of revenue by United States registered mail or certified mail a certified copy of the ordinance or order. The ordinance or order shall reflect the effective date thereof.

2. Any local sales tax so adopted shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of adoption of the local sales tax, except as provided in subsection 18 of this section, and shall be imposed on all transactions on which the Missouri state sales tax is imposed.

3. (1) Every retailer within the jurisdiction of one or more taxing entities which has imposed one or more local sales taxes under the local sales tax law shall add all taxes so imposed along with the tax imposed by the sales tax law of the state of Missouri to the sale price and, when added, the combined tax shall constitute a part of the price, and shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. The combined rate of the state sales tax and all local sales taxes shall be the sum of the rates, multiplying the combined rate times the amount of the sale.

**(2) For all tax years beginning on or after January 1, 2020, the total combined rate of sales taxes under the local sales tax law for any given taxing jurisdiction shall not exceed eight percent, provided that no transient guest tax shall be considered a local sales tax under the local sales tax law.**

4. The brackets required to be established by the director of revenue under the provisions of section 144.285 shall be based upon the sum of the combined rate of the state sales tax and all local sales taxes imposed under the provisions of the local sales tax law.

5. (1) The ordinance or order imposing a local sales tax under the local sales tax law shall impose a tax upon all transactions upon which the Missouri state sales tax is imposed to the extent and in the manner provided in sections 144.010 to 144.525, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the sum of the combined rate of the state sales tax

or state highway use tax and all local sales taxes imposed under the provisions of the local sales tax law.

(2) Notwithstanding any other provision of law to the contrary, local taxing jurisdictions, except those in which voters have approved a local use tax under section 144.757, shall have placed on the ballot on or after the general election in November 2014, but no later than the general election in November 2022, whether to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 and purchased from a source other than a licensed Missouri dealer. The ballot question presented to the local voters shall contain substantially the following language:

Shall the \_\_\_\_\_ (local jurisdiction's name) discontinue applying and collecting the local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer?

Approval of this measure will result in a reduction of local revenue to provide for vital services for \_\_\_\_\_ (local jurisdiction's name) and it will place Missouri dealers of motor vehicles, outboard motors, boats, and trailers at a competitive disadvantage to non-Missouri dealers of motor vehicles, outboard motors, boats, and trailers.

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

(3) If the ballot question set forth in subdivision (2) of this subsection receives a majority of the votes cast in favor of the proposal, or if the local taxing jurisdiction fails to place the ballot question before the voters on or before the general election in November 2022, the local taxing jurisdiction shall cease applying the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer.

(4) In addition to the requirement that the ballot question set forth in subdivision (2) of this subsection be placed before the voters, the governing body of any local taxing jurisdiction that had previously imposed a local use tax on the use of motor vehicles, trailers, boats, and outboard motors may, at any time, place a proposal on the ballot at any election to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are in favor of the proposal to repeal application of the local sales tax to such titling, then the local sales tax shall no longer be applied to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal application of the local sales tax to such titling, such application shall remain in effect.

(5) In addition to the requirement that the ballot question set forth in subdivision (2) of this subsection be placed before the voters on or after the general election in November 2014, and on or before the general election in November 2022, whenever the governing body of any local taxing jurisdiction imposing a local sales tax on the sale of motor vehicles, trailers, boats, and outboard motors receives a petition, signed by fifteen percent of the registered voters of such jurisdiction voting in the last gubernatorial election, and calling for a proposal to be placed on the ballot at any election to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer, the governing body shall submit to the voters of such jurisdiction a proposal to repeal application of the local sales tax to such titling. If a majority of the votes cast by the registered voters

voting thereon are in favor of the proposal to repeal application of the local sales tax to such titling, then the local sales tax shall no longer be applied to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal application of the local sales tax to such titling, such application shall remain in effect.

(6) Nothing in this subsection shall be construed to authorize the voters of any jurisdiction to repeal application of any state sales or use tax.

(7) If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is repealed, such repeal shall take effect on the first day of the second calendar quarter after the election. If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is required to cease to be applied or collected due to failure of a local taxing jurisdiction to hold an election pursuant to subdivision (2) of this subsection, such cessation shall take effect on March 1, 2023.

(8) Notwithstanding any provision of law to the contrary, if any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is repealed after the general election in November 2014, or if the taxing jurisdiction failed to present the ballot to the voters at a general election on or before November 2022, then the governing body of such taxing jurisdiction may, at any election subsequent to the repeal or after the general election in November 2022, if the jurisdiction failed to present the ballot to the voters, place before the voters the issue of imposing a sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 that were purchased from a source other than a licensed Missouri dealer. The ballot question presented to the local voters shall contain substantially the following language:

Shall the \_\_\_\_\_ (local jurisdiction's name) apply and collect the local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 and purchased from a source other than a licensed Missouri dealer?

Approval of this measure will result in an increase of local revenue to provide for vital services for \_\_\_\_\_ (local jurisdiction's name), and it will remove a competitive advantage that non-Missouri dealers of motor vehicles, outboard motors, boats, and trailers have over Missouri dealers of motor vehicles, outboard motors, boats, and trailers.

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

(9) If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is adopted, such tax shall take effect and be imposed on the first day of the second calendar quarter after the election.

6. On and after the effective date of any local sales tax imposed under the provisions of the local sales tax law, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect in addition to the sales tax for the state of Missouri all additional local sales taxes authorized under the authority of the local sales tax law. All local sales taxes imposed under the local sales tax law together with all taxes imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under

such administrative rules and regulations as may be prescribed by the director of revenue.

7. All applicable provisions contained in sections 144.010 to 144.525 governing the state sales tax and section 32.057, the uniform confidentiality provision, shall apply to the collection of any local sales tax imposed under the local sales tax law except as modified by the local sales tax law.

8. All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services under the provisions of sections 144.010 to 144.525, as these sections now read and as they may hereafter be amended, it being the intent of this general assembly to ensure that the same sales tax exemptions granted from the state sales tax law also be granted under the local sales tax law, are hereby made applicable to the imposition and collection of all local sales taxes imposed under the local sales tax law.

9. The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of the local sales tax law, and no additional permit or exemption certificate or retail certificate shall be required; except that the director of revenue may prescribe a form of exemption certificate for an exemption from any local sales tax imposed by the local sales tax law.

10. All discounts allowed the retailer under the provisions of the state sales tax law for the collection of and for payment of taxes under the provisions of the state sales tax law are hereby allowed and made applicable to any local sales tax collected under the provisions of the local sales tax law.

11. The penalties provided in section 32.057 and sections 144.010 to 144.525 for a violation of the provisions of those sections are hereby made applicable to violations of the provisions of the local sales tax law.

12. (1) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, all sales, except the sale of motor vehicles, trailers, boats, and outboard motors required to be titled under the laws of the state of Missouri, shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's agent or employee shall be deemed to be consummated at the place of business from which he works.

(2) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, the sales tax upon the titling of all motor vehicles, trailers, boats, and outboard motors shall be imposed at the rate in effect at the location of the residence of the purchaser, and remitted to that local taxing entity, and not at the place of business of the retailer, or the place of business from which the retailer's agent or employee works.

(3) For the purposes of any local tax imposed by an ordinance or under the local sales tax law on charges for mobile telecommunications services, all taxes of mobile telecommunications service shall be imposed as provided in the Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections [116 through 124] **116 to 124**, as amended.

13. Local sales taxes shall not be imposed on the seller of motor vehicles, trailers, boats, and outboard motors required to be titled under the laws of the state of Missouri, but shall be collected from the purchaser

by the director of revenue at the time application is made for a certificate of title, if the address of the applicant is within a taxing entity imposing a local sales tax under the local sales tax law.

14. The director of revenue and any of his deputies, assistants and employees who have any duties or responsibilities in connection with the collection, deposit, transfer, transmittal, disbursement, safekeeping, accounting, or recording of funds which come into the hands of the director of revenue under the provisions of the local sales tax law shall enter a surety bond or bonds payable to any and all taxing entities in whose behalf such funds have been collected under the local sales tax law in the amount of one hundred thousand dollars for each such tax; but the director of revenue may enter into a blanket bond covering himself and all such deputies, assistants and employees. The cost of any premium for such bonds shall be paid by the director of revenue from the share of the collections under the sales tax law retained by the director of revenue for the benefit of the state.

15. The director of revenue shall annually report on his management of each trust fund which is created under the local sales tax law and administration of each local sales tax imposed under the local sales tax law. He shall provide each taxing entity imposing one or more local sales taxes authorized by the local sales tax law with a detailed accounting of the source of all funds received by him for the taxing entity. Notwithstanding any other provisions of law, the state auditor shall annually audit each trust fund. A copy of the director's report and annual audit shall be forwarded to each taxing entity imposing one or more local sales taxes.

16. Within the boundaries of any taxing entity where one or more local sales taxes have been imposed, if any person is delinquent in the payment of the amount required to be paid by him under the local sales tax law or in the event a determination has been made against him for taxes and penalty under the local sales tax law, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided in sections 144.010 to 144.525. Where the director of revenue has determined that suit must be filed against any person for the collection of delinquent taxes due the state under the state sales tax law, and where such person is also delinquent in payment of taxes under the local sales tax law, the director of revenue shall notify the taxing entity in the event any person fails or refuses to pay the amount of any local sales tax due so that appropriate action may be taken by the taxing entity.

17. Where property is seized by the director of revenue under the provisions of any law authorizing seizure of the property of a taxpayer who is delinquent in payment of the tax imposed by the state sales tax law, and where such taxpayer is also delinquent in payment of any tax imposed by the local sales tax law, the director of revenue shall permit the taxing entity to join in any sale of property to pay the delinquent taxes and penalties due the state and to the taxing entity under the local sales tax law. The proceeds from such sale shall first be applied to all sums due the state, and the remainder, if any, shall be applied to all sums due such taxing entity.

18. If a local sales tax has been in effect for at least one year under the provisions of the local sales tax law and voters approve reimposition of the same local sales tax at the same rate at an election as provided for in the local sales tax law prior to the date such tax is due to expire, the tax so reimposed shall become effective the first day of the first calendar quarter after the director receives a certified copy of the ordinance, order or resolution accompanied by a map clearly showing the boundaries thereof and the results of such election, provided that such ordinance, order or resolution and all necessary accompanying materials are received by the director at least thirty days prior to the expiration of such tax. Any administrative cost or expense incurred by the state as a result of the provisions of this subsection shall be paid by the city or county reimposing such tax.”; and

SENATE AMENDMENT NO. 4

Amend Senate Bill No. 21, Page 1, In the Title, Line 3, by striking all of said line and inserting in lieu thereof the following: “to local sales taxes, with an emergency clause for a certain section.”; and

Further amend said bill and page, section A, line 2, by inserting immediately after said line the following:

“32.087. 1. Within ten days after the adoption of any ordinance or order in favor of adoption of any local sales tax authorized under the local sales tax law by the voters of a taxing entity, the governing body or official of such taxing entity shall forward to the director of revenue by United States registered mail or certified mail a certified copy of the ordinance or order. The ordinance or order shall reflect the effective date thereof.

2. Any local sales tax so adopted shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of adoption of the local sales tax, except as provided in subsection 18 of this section, and shall be imposed on all transactions on which the Missouri state sales tax is imposed.

3. (1) Every retailer within the jurisdiction of one or more taxing entities which has imposed one or more local sales taxes under the local sales tax law shall add all taxes so imposed along with the tax imposed by the sales tax law of the state of Missouri to the sale price and, when added, the combined tax shall constitute a part of the price, and shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. The combined rate of the state sales tax and all local sales taxes shall be the sum of the rates, multiplying the combined rate times the amount of the sale.

**(2) For all tax years beginning on or after January 1, 2020, the total combined rate of sales taxes under the local sales tax law for any given taxing jurisdiction shall not exceed ten and seven hundred seventy-five thousandths percent, provided that no transient guest tax shall be considered a local sales tax under the local sales tax law.**

**(3) In any election in which more than one sales tax levy is approved by the voters, and the passage of such levies results in a combined rate of sales tax in excess of the limit provided for under subdivision (2) of this subsection, only the sales tax levy receiving the most votes shall become effective, provided such levy does not result in a combined rate of sales tax in excess of the limit provided for under subdivision (2) of this subsection.**

4. The brackets required to be established by the director of revenue under the provisions of section 144.285 shall be based upon the sum of the combined rate of the state sales tax and all local sales taxes imposed under the provisions of the local sales tax law.

5. (1) The ordinance or order imposing a local sales tax under the local sales tax law shall impose a tax upon all transactions upon which the Missouri state sales tax is imposed to the extent and in the manner provided in sections 144.010 to 144.525, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the sum of the combined rate of the state sales tax or state highway use tax and all local sales taxes imposed under the provisions of the local sales tax law.

(2) Notwithstanding any other provision of law to the contrary, local taxing jurisdictions, except those in which voters have approved a local use tax under section 144.757, shall have placed on the ballot on or after the general election in November 2014, but no later than the general election in November 2022, whether to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 and purchased from a source other than a licensed Missouri dealer. The ballot question presented to the local voters shall contain substantially the following language:

Shall the \_\_\_\_\_ (local jurisdiction’s name) discontinue applying and collecting the local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer?

Approval of this measure will result in a reduction of local revenue to provide for vital services for \_\_\_\_\_ (local jurisdiction's name) and it will place Missouri dealers of motor vehicles, outboard motors, boats, and trailers at a competitive disadvantage to non-Missouri dealers of motor vehicles, outboard motors, boats, and trailers.

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

(3) If the ballot question set forth in subdivision (2) of this subsection receives a majority of the votes cast in favor of the proposal, or if the local taxing jurisdiction fails to place the ballot question before the voters on or before the general election in November 2022, the local taxing jurisdiction shall cease applying the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer.

(4) In addition to the requirement that the ballot question set forth in subdivision (2) of this subsection be placed before the voters, the governing body of any local taxing jurisdiction that had previously imposed a local use tax on the use of motor vehicles, trailers, boats, and outboard motors may, at any time, place a proposal on the ballot at any election to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are in favor of the proposal to repeal application of the local sales tax to such titling, then the local sales tax shall no longer be applied to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal application of the local sales tax to such titling, such application shall remain in effect.

(5) In addition to the requirement that the ballot question set forth in subdivision (2) of this subsection be placed before the voters on or after the general election in November 2014, and on or before the general election in November 2022, whenever the governing body of any local taxing jurisdiction imposing a local sales tax on the sale of motor vehicles, trailers, boats, and outboard motors receives a petition, signed by fifteen percent of the registered voters of such jurisdiction voting in the last gubernatorial election, and calling for a proposal to be placed on the ballot at any election to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer, the governing body shall submit to the voters of such jurisdiction a proposal to repeal application of the local sales tax to such titling. If a majority of the votes cast by the registered voters voting thereon are in favor of the proposal to repeal application of the local sales tax to such titling, then the local sales tax shall no longer be applied to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal application of the local sales tax to such titling, such application shall remain in effect.

(6) Nothing in this subsection shall be construed to authorize the voters of any jurisdiction to repeal application of any state sales or use tax.

(7) If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is repealed, such repeal shall take effect on the first day of the second calendar quarter after the election. If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is

required to cease to be applied or collected due to failure of a local taxing jurisdiction to hold an election pursuant to subdivision (2) of this subsection, such cessation shall take effect on March 1, 2023.

(8) Notwithstanding any provision of law to the contrary, if any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is repealed after the general election in November 2014, or if the taxing jurisdiction failed to present the ballot to the voters at a general election on or before November 2022, then the governing body of such taxing jurisdiction may, at any election subsequent to the repeal or after the general election in November 2022, if the jurisdiction failed to present the ballot to the voters, place before the voters the issue of imposing a sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 that were purchased from a source other than a licensed Missouri dealer. The ballot question presented to the local voters shall contain substantially the following language:

Shall the \_\_\_\_\_ (local jurisdiction's name) apply and collect the local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 and purchased from a source other than a licensed Missouri dealer?

Approval of this measure will result in an increase of local revenue to provide for vital services for \_\_\_\_\_ (local jurisdiction's name), and it will remove a competitive advantage that non-Missouri dealers of motor vehicles, outboard motors, boats, and trailers have over Missouri dealers of motor vehicles, outboard motors, boats, and trailers.

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

(9) If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is adopted, such tax shall take effect and be imposed on the first day of the second calendar quarter after the election.

6. On and after the effective date of any local sales tax imposed under the provisions of the local sales tax law, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect in addition to the sales tax for the state of Missouri all additional local sales taxes authorized under the authority of the local sales tax law. All local sales taxes imposed under the local sales tax law together with all taxes imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.

7. All applicable provisions contained in sections 144.010 to 144.525 governing the state sales tax and section 32.057, the uniform confidentiality provision, shall apply to the collection of any local sales tax imposed under the local sales tax law except as modified by the local sales tax law.

8. All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services under the provisions of sections 144.010 to 144.525, as these sections now read and as they may hereafter be amended, it being the intent of this general assembly to ensure that the same sales tax exemptions granted from the state sales tax law also be granted under the local sales tax law, are hereby made applicable to the imposition and collection of all local sales taxes imposed under the local sales tax law.

9. The same sales tax permit, exemption certificate and retail certificate required by sections 144.010

to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of the local sales tax law, and no additional permit or exemption certificate or retail certificate shall be required; except that the director of revenue may prescribe a form of exemption certificate for an exemption from any local sales tax imposed by the local sales tax law.

10. All discounts allowed the retailer under the provisions of the state sales tax law for the collection of and for payment of taxes under the provisions of the state sales tax law are hereby allowed and made applicable to any local sales tax collected under the provisions of the local sales tax law.

11. The penalties provided in section 32.057 and sections 144.010 to 144.525 for a violation of the provisions of those sections are hereby made applicable to violations of the provisions of the local sales tax law.

12. (1) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, all sales, except the sale of motor vehicles, trailers, boats, and outboard motors required to be titled under the laws of the state of Missouri, shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's agent or employee shall be deemed to be consummated at the place of business from which he works.

(2) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, the sales tax upon the titling of all motor vehicles, trailers, boats, and outboard motors shall be imposed at the rate in effect at the location of the residence of the purchaser, and remitted to that local taxing entity, and not at the place of business of the retailer, or the place of business from which the retailer's agent or employee works.

(3) For the purposes of any local tax imposed by an ordinance or under the local sales tax law on charges for mobile telecommunications services, all taxes of mobile telecommunications service shall be imposed as provided in the Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections [116 through 124] **116 to 124**, as amended.

13. Local sales taxes shall not be imposed on the seller of motor vehicles, trailers, boats, and outboard motors required to be titled under the laws of the state of Missouri, but shall be collected from the purchaser by the director of revenue at the time application is made for a certificate of title, if the address of the applicant is within a taxing entity imposing a local sales tax under the local sales tax law.

14. The director of revenue and any of his deputies, assistants and employees who have any duties or responsibilities in connection with the collection, deposit, transfer, transmittal, disbursement, safekeeping, accounting, or recording of funds which come into the hands of the director of revenue under the provisions of the local sales tax law shall enter a surety bond or bonds payable to any and all taxing entities in whose behalf such funds have been collected under the local sales tax law in the amount of one hundred thousand dollars for each such tax; but the director of revenue may enter into a blanket bond covering himself and all such deputies, assistants and employees. The cost of any premium for such bonds shall be paid by the director of revenue from the share of the collections under the sales tax law retained by the director of revenue for the benefit of the state.

15. The director of revenue shall annually report on his management of each trust fund which is created

under the local sales tax law and administration of each local sales tax imposed under the local sales tax law. He shall provide each taxing entity imposing one or more local sales taxes authorized by the local sales tax law with a detailed accounting of the source of all funds received by him for the taxing entity. Notwithstanding any other provisions of law, the state auditor shall annually audit each trust fund. A copy of the director's report and annual audit shall be forwarded to each taxing entity imposing one or more local sales taxes.

16. Within the boundaries of any taxing entity where one or more local sales taxes have been imposed, if any person is delinquent in the payment of the amount required to be paid by him under the local sales tax law or in the event a determination has been made against him for taxes and penalty under the local sales tax law, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided in sections 144.010 to 144.525. Where the director of revenue has determined that suit must be filed against any person for the collection of delinquent taxes due the state under the state sales tax law, and where such person is also delinquent in payment of taxes under the local sales tax law, the director of revenue shall notify the taxing entity in the event any person fails or refuses to pay the amount of any local sales tax due so that appropriate action may be taken by the taxing entity.

17. Where property is seized by the director of revenue under the provisions of any law authorizing seizure of the property of a taxpayer who is delinquent in payment of the tax imposed by the state sales tax law, and where such taxpayer is also delinquent in payment of any tax imposed by the local sales tax law, the director of revenue shall permit the taxing entity to join in any sale of property to pay the delinquent taxes and penalties due the state and to the taxing entity under the local sales tax law. The proceeds from such sale shall first be applied to all sums due the state, and the remainder, if any, shall be applied to all sums due such taxing entity.

18. If a local sales tax has been in effect for at least one year under the provisions of the local sales tax law and voters approve reimposition of the same local sales tax at the same rate at an election as provided for in the local sales tax law prior to the date such tax is due to expire, the tax so reimposed shall become effective the first day of the first calendar quarter after the director receives a certified copy of the ordinance, order or resolution accompanied by a map clearly showing the boundaries thereof and the results of such election, provided that such ordinance, order or resolution and all necessary accompanying materials are received by the director at least thirty days prior to the expiration of such tax. Any administrative cost or expense incurred by the state as a result of the provisions of this subsection shall be paid by the city or county reimposing such tax.”; and

Further amend said bill, page 4, section B, line 2, by striking “section A” and inserting in lieu thereof the following: “the repeal and reenactment of section 94.900”; and further amend line 4, by striking “section A” and inserting in lieu thereof the following: “the repeal and reenactment of section 94.900”; and

Further amend the title and enacting clause accordingly.

Senator Koenig moved that the above amendment be adopted, which motion failed on a standing division vote.

Senator Eigel offered **SA 5**:

#### SENATE AMENDMENT NO. 5

Amend Senate Bill No. 21, Page 1, In the Title, Line 3, by striking all of said line and inserting in lieu thereof the following: “to local sales taxes, with an emergency clause for a certain section.”; and further amend said bill and page, section A, line 2, by inserting after all of said line the following:

“94.510. 1. Any city may, by a majority vote of its council or governing body, impose a city sales tax for the benefit of such city in accordance with the provisions of sections 94.500 to 94.550; provided, however, that no ordinance enacted pursuant to the authority granted by the provisions of sections 94.500 to 94.550 shall be effective unless the legislative body of the city submits to the voters of the city, at a public election, a proposal to authorize the legislative body of the city to impose a tax under the provisions of sections 94.500 to 94.550. The ballot of submission shall be in substantially the following form:

Shall the city of \_\_\_\_\_ (insert name of city) impose a city sales tax of \_\_\_\_\_ (insert rate of percent) percent?

☐ YES

☐ NO

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the legislative body of the city shall have no power to impose the tax herein authorized unless and until the legislative body of the city shall again have submitted another proposal to authorize the legislative body of the city to impose the tax under the provisions of sections 94.500 to 94.550, and such proposal is approved by a majority of the qualified voters voting thereon.

2. The sales tax may be imposed at a rate [of one-half of one percent, seven-eighths of one percent or] **not to exceed** one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within any city adopting such tax, if such property and services are subject to taxation by the state of Missouri under the provisions of sections 144.010 to 144.525; except that, each city not within a county may impose such tax at a rate not to exceed one and three-eighths percent. Beginning August 28, 2017, no city shall submit to the voters any proposal that results in a combined rate of sales taxes adopted under this section in excess of two percent.

3. If any city in which a city tax has been imposed in the manner provided for in sections 94.500 to 94.550 shall thereafter change or alter its boundaries, the city clerk of the city shall forward to the director of revenue by United States registered mail or certified mail a certified copy of the ordinance adding or detaching territory from the city. The ordinance shall reflect the effective date thereof, and shall be accompanied by a map of the city clearly showing the territory added thereto or detached therefrom. Upon receipt of the ordinance and map, the tax imposed by the act shall be effective in the added territory or abolished in the detached territory on the effective date of the change of the city boundary.

4. If any city abolishes the tax authorized under this section, the repeal of such tax shall become effective December thirty-first of the calendar year in which such abolishment was approved. Each city shall notify the director of revenue at least ninety days prior to the effective date of the expiration of the sales tax authorized by this section and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of such tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. # Journal of the Senate

FIRST REGULAR SESSION

---

**TWENTY-THIRD DAY—TUESDAY, FEBRUARY 19, 2019**

---

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“Labor to keep alive in your breast that little spark of celestial fire, called conscience.” (George Washington)

Heavenly Father, You have taught us to listen to that “wee small voice” that helps us follow the right path and do the right things that our inner voice would guide us to follow. For You have written Your words on our heart so we might know what You require of us and encourage us to do and say what is always the most helpful and need. May we always find time and ways to quiet our minds so we might know You are with us and we might hear Your word to guide us. In Your Holy Name we pray. Amen.

### TWENTY-FOURTH DAY—WEDNESDAY, FEBRUARY 20, 2019

---

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“You cannot escape the responsibility of tomorrow by evading it today.” (Abraham Lincoln)

Gracious God, we are so thankful that You have called us to serve in such a responsible position. May we always be mindful that there is much that we must address and make decisions about each day. Keep us on track to clearly prioritize what must be addressed first and completed because You have taught us tomorrow will bring its own demands and issues to be addressed and actions taken. We thank You for Your presence in our lives and gentle push we sometimes need to do what must be done. In Your Holy Name we pray. Amen.

#### **SENATE CONCURRENT RESOLUTION NO. 20**

Whereas, the founders of this great nation set forth on the Earth an enduring Republic and charged future generations with the solemn duty of its preservation; and

Whereas, the Constitution of these United States, which is the cornerstone of this Republic, establishes the process to propose and ratify amendments to itself, including a process reserved for the state legislatures in Article V of the United States Constitution; and

Whereas, the State of Missouri recognizes that this process to amend the United States Constitution should by right be held in esteem, worthy of the sacrifice of our founders; and

Whereas, the State of Missouri recognizes that a preexisting set of rules and procedures to convene a convention for proposing amendments under Article V of the United States Constitution is desirable to ensure that such a convention functions effectively and decisively; and

Whereas, the State of Missouri recognizes that the Assembly of State Legislatures, made up of a bipartisan group of state legislators from 45 states, has met over a period of four years to carefully craft and consider rules and procedures for the convening of an Article V convention:

Now, Therefore, Be It Resolved by the members of the Missouri Senate, One-hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby declares that should a convention for proposing amendments under Article V of the United States Constitution be called, the State of Missouri supports the adoption of the rules and procedures adopted by the Assembly of State Legislatures on June 17, 2016, as the official rules and procedures to convene such a convention; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare a properly inscribed copy of this resolution for the Executive Committee of the Assembly of State Legislatures.

If any employer neglects or refuses to make a report as required by this [law] **chapter** the division shall make an estimate based on any information in its possession or that may come into its possession of the amount of wages paid by such employer for the period in respect to which the employer failed to make the report, and upon the basis of such estimated amount compute and assess the contributions and interest payable by such employer, adding to such sum a penalty as set forth in subsection 2 of this section. Promptly thereafter, the division shall give to such employer written notice of such estimated contributions, interest and penalties as so assessed, the notice to be served [personally or] by [registered] **certified** mail, directed to the last known [principal place of business] **address** of such employer [in this state or in any state in the event the employer has none in this state].

2. If any employer neglects or refuses to file any required report by the last day of the month following

the due date there shall be imposed a penalty, equal to the greater of one hundred dollars or ten percent of the contributions required to be shown on the report, for each month or fraction thereof during which such failure continues, provided, however, that the penalty shall not exceed the greater of two hundred dollars or twenty percent of the contributions in the aggregate.

2. No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of [section 536.024] **chapter 536**.

213.040. 1. It shall be an unlawful housing practice:

(1) To refuse to sell or rent after the making of a bona fide offer, to refuse to negotiate for the sale or rental of, to deny or otherwise make unavailable, a dwelling to any person because of race, color, religion, national origin, ancestry, sex, **sexual orientation, gender identity**, disability, or familial status;

(2) To discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in connection therewith, because of race, color, religion, national origin, ancestry, sex, **sexual orientation, gender identity**, disability, or familial status;

(3) To make, print, or publish, or cause to be made, printed, or published any notice, statement or advertisement, with respect to the sale or rental of a dwelling that indicates any preference, limitation, or discrimination because of race, color, religion, national origin, ancestry, sex, **sexual orientation, gender identity**, disability, or familial status, or an intention to make any such preference, limitation, or discrimination;

(4) To represent to any person because of race, color, religion, national origin, ancestry, sex, **sexual orientation, gender identity**, disability, or familial status that any dwelling is not available for inspection, sale, or rental when such dwelling is in fact so available;

(5) To induce or attempt to induce any person to sell or rent any dwelling by representations regarding the entry or prospective entry into the neighborhood of a person or persons because of a particular race, color, religion, national origin, ancestry, sex, **sexual orientation, gender identity**, disability, or familial status;

(6) To discriminate in the sale or rental of, or to otherwise make unavailable or deny, a dwelling to any buyer or renter because of a disability of:

(a) That buyer or renter;

(b) A person residing in or intending to reside in that dwelling after it is so sold, rented, or made available; or

(c) Any person associated with that buyer or renter;

(7) To discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in connection with such dwelling, because of a disability of:

(a) That person;

(b) A person residing in or intending to reside in that dwelling after it is so sold, rented, or made available; or

(c) Any person associated with that person.

2. For purposes of this section and sections 213.045 and 213.050, discrimination includes:

(1) A refusal to permit, at the expense of the person with the disability, reasonable modifications of existing premises occupied or to be occupied by such person if such modifications may be necessary to afford such person full enjoyment of the premises, except that, in the case of a rental, the landlord may, where it is reasonable to do so, condition permission for a modification on the renter's agreeing to restore the interior of the premises to the condition that existed before the modification, reasonable wear and tear excepted;

(2) A refusal to make reasonable accommodations in rules, policies, practices, or services, when such accommodations may be necessary to afford such person equal opportunity to use and enjoy a dwelling; or

(3) In connection with the design and construction of covered multifamily dwellings for first occupancy after March 13, 1991, a failure to design and construct those dwellings in such a manner that:

(a) The public use and common use portions of such dwellings are readily accessible to and usable by persons with a disability;

(b) All the doors designed to allow passage into and within all premises within such dwellings are sufficiently wide to allow passage by persons with a disability in wheelchairs; and

(c) All premises within such dwellings contain the following features of adaptive design:

a. An accessible route into and through the dwelling;

b. Light switches, electrical outlets, thermostats, and other environmental controls in accessible locations;

c. Reinforcements in bathroom walls to allow later installation of grab bars; and

d. Usable kitchens and bathrooms such that an individual in a wheelchair can maneuver about the space.

3. As used in subdivision (3) of subsection 2 of this section, the term “covered multifamily dwelling” means:

(1) Buildings consisting of four or more units if such buildings have one or more elevators; and

(2) Ground floor units in other buildings consisting of four or more units.

4. Compliance with the appropriate requirements of the American National Standard for Buildings and Facilities providing accessibility and usability for people with physical disabilities, commonly cited as “ANSI A117.1”, suffices to satisfy the requirements of paragraph (a) of subdivision (3) of subsection 2 of this section.

5. Where a unit of general local government has incorporated into its laws the requirements set forth in subdivision (3) of subsection 2 of this section, compliance with such laws shall be deemed to satisfy the requirements of that subdivision. Such compliance shall be subject to the following provisions:

(1) A unit of general local government may review and approve newly constructed covered multifamily dwellings for the purpose of making determinations as to whether the design and construction requirements of subdivision (3) of subsection 2 of this section are met;

(2) The commission shall encourage, but may not require, the units of local government to include in their existing procedures for the review and approval of newly constructed covered multifamily dwellings, determinations as to whether the design and construction of such dwellings are consistent with subdivision (3) of subsection 2 of this section, and shall provide technical assistance to units of local government and other persons to implement the requirements of subdivision (3) of subsection 2 of this section;

(3) Nothing in this chapter shall be construed to require the commission to review or approve the plans, designs or construction of all covered dwellings, to determine whether the design and construction of such dwellings are consistent with the requirements of subdivision (3) of subsection 2 of this section.

6. Nothing in this chapter shall be construed to invalidate or limit any law of the state or political subdivision of the state, or other jurisdiction in which this chapter shall be effective, that requires dwellings to be designed and constructed in a manner that affords persons with disabilities greater access than is required by this chapter.

7. Nothing in this section and sections 213.045 and 213.050 requires that a dwelling be made available to an individual whose tenancy would constitute a direct threat to the health or safety of other individuals or whose tenancy would result in substantial physical damage to the property of others.

8. Nothing in this section and sections 213.045 and 213.050 limits the applicability of any reasonable local or state restriction regarding the maximum number of occupants permitted to occupy a dwelling, nor does any provision in this section and sections 213.045 and 213.050 regarding familial status apply with respect to housing for older persons.

9. As used in this section and sections 213.045 and 213.050, “housing for older persons” means housing:

(1) Provided under any state or federal program that the commission determines is specifically designed and operated to assist elderly persons, as defined in the state or federal program;

(2) Intended for, and solely occupied by, persons sixty-two years of age or older; or

(3) Intended and operated for occupancy by at least one person fifty-five years of age or older per unit. In determining whether housing qualifies as housing for older persons under this subsection, the commission shall develop regulations which require at least the following factors:

(a) The existence of significant facilities and services specifically designed to meet the physical or social needs of older persons, or if the provision of such facilities and services is not practicable, that such housing is necessary to provide important housing opportunities for older persons; and

(b) That at least eighty percent of the units are occupied by at least one person fifty-five years of age or older per unit; and

(c) The publication of, and adherence to, policies and procedures which demonstrate an intent by the owner or manager to provide housing for persons fifty-five years of age or older.

10. Housing shall not fail to meet the requirements for housing for older persons by reason of:

(1) Persons residing in such housing as of August 28, 1992, who do not meet the age requirements of subdivision (2) or (3) of subsection 9 of this section, provided that new occupants of such housing meet the age requirements of subdivision (2) or (3) of subsection 9 of this section; or

(2) Unoccupied units, provided that such units are reserved for occupancy by persons who meet the age requirements of subdivision (2) or (3) of subsection 9 of this section.

11. Nothing in this section or section 213.045 or 213.050 shall prohibit conduct against a person because such person has been convicted by any court of competent jurisdiction of the illegal manufacture or distribution of a controlled substance, as defined by section 195.010.

12. Nothing in this chapter shall prohibit a religious organization, association, or society, or any nonprofit institution or organization operated, supervised or controlled by or in conjunction with a religious organization, association, or society, from limiting the sale, rental or occupancy of dwellings which it owns or operates for other than a commercial purpose to persons of the same religion, or from giving preference to such persons, unless membership in such religion is restricted on account of race, color, or national origin. Nor shall anything in this chapter prohibit a private club not in fact open to the public, which as an incident to its primary purpose or purposes provides lodging which it owns or operates for other than a commercial purpose, from limiting the rental or occupancy of such lodging to its members or from giving preference to its members.

13. Nothing in this chapter, other than the prohibitions against discriminatory advertising in subdivision (3) of subsection 1 of this section, shall apply to:

(1) The sale or rental of any single family house by a private individual owner, provided the following conditions are met:

(a) The private individual owner does not own or have any interest in more than three single family houses at any one time; and

(b) The house is sold or rented without the use of a real estate broker, agent or salesperson or the facilities of any person in the business of selling or renting dwellings and without publication, posting or mailing of any advertisement. If the owner selling the house does not reside in it at the time of the sale or

was not the most recent resident of the house prior to such sale, the exemption in this section applies to only one such sale in any twenty-four-month period; or

(2) Rooms or units in dwellings containing living quarters occupied or intended to be occupied by no more than four families living independently of each other, if the owner actually maintains and occupies one of such living quarters as his or her residence.

213.045. It shall be unlawful for any bank, building and loan association, insurance company or other corporation, association, firm or enterprise whose business consists in whole or in part in the making of commercial real estate loans, to deny a loan or other financial assistance because of race, color, religion, national origin, ancestry, sex, **sexual orientation, gender identity**, disability or familial status to a person applying therefor for the purpose of purchasing, construction, improving, repairing, or maintaining a dwelling, or to discriminate against [him] **such person** in fixing of the amount, interest rate, duration or other terms or conditions of such loan or other financial assistance, because of the race, color, religion, national origin, ancestry, sex, **sexual orientation, gender identity**, disability, or familial status of such person or of any person associated with [him] **such person** in connection with such loan or other financial assistance, or of the present or prospective owners, lessees, tenants, or occupants, of the dwellings in relation to which such loan or other financial assistance is to be made or given.

213.050. It shall be unlawful to deny any person access to or membership or participation in any multiple listing service, real estate brokers' organization or other service organization, or facility relating to the business of selling or renting dwellings, because of race, color, religion, national origin, ancestry, sex, **sexual orientation, gender identity**, disability, or familial status.

213.055. 1. It shall be an unlawful employment practice:

(1) For an employer, because of the race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age or disability of any individual:

(a) To fail or refuse to hire or to discharge any individual, or otherwise to discriminate against any individual with respect to his **or her** compensation, terms, conditions, or privileges of employment, because of such individual's race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age or disability;

(b) To limit, segregate, or classify [his] **such person's** employees or [his] **such person's** employment applicants in any way which would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect [his] **such person's** status as an employee, because of such individual's race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age or disability;

(2) For a labor organization to exclude or to expel from its membership any individual or to discriminate in any way against any of its members or against any employer or any individual employed by an employer because of race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age or disability of any individual; or to limit, segregate, or classify its membership, or to classify or fail or refuse to refer for employment any individual, in any way which would deprive or tend to deprive any individual of employment opportunities, or would limit such employment opportunities or otherwise adversely affect [his] **such person's** status as an employee or as an applicant for employment, because of such individual's race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age or disability; or for any employer, labor organization, or joint labor-management committee controlling apprenticeship or other training or retraining, including on-the-job training programs to discriminate against any individual

because of [his] **such person's** race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age or disability in admission to, or employment in, any program established to provide apprenticeship or other training;

(3) For any employer or employment agency to print or circulate or cause to be printed or circulated any statement, advertisement or publication, or to use any form of application for employment or to make any inquiry in connection with prospective employment, which expresses, directly or indirectly, any limitation, specification, or discrimination, because of race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age or disability unless based upon a bona fide occupational qualification or for an employment agency to fail or refuse to refer for employment, or otherwise to discriminate against, any individual because of his or her race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age as it relates to employment, or disability, or to classify or refer for employment any individual because of his or her race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age or disability.

2. Notwithstanding any other provision of this chapter, it shall not be an unlawful employment practice for an employer to apply different standards of compensation, or different terms, conditions or privileges of employment pursuant to a bona fide seniority or merit system, or a system which measures earnings by quantity or quality of production or to employees who work in different locations, provided that such differences or such systems are not the result of an intention or a design to discriminate, and are not used to discriminate, because of race, color, religion, sex, **sexual orientation, gender identity**, national origin, ancestry, age or disability, nor shall it be an unlawful employment practice for an employer to give and to act upon the results of any professionally developed ability test, provided that such test, its administration, or action upon the results thereof, is not designed, intended or used to discriminate because of race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age or disability.

3. Nothing contained in this chapter shall be interpreted to require any employer, employment agency, labor organization, or joint labor-management committee subject to this chapter to grant preferential treatment to any individual or to any group because of the race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age or disability of such individual or group on account of an imbalance which may exist with respect to the total number or percentage of persons of any race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age or disability employed by any employer, referred or classified for employment by any employment agency or labor organization, admitted to membership or classified by any labor organization, or admitted to or employed in any apprenticeship or other training program, in comparison with the total number or percentage of persons of such race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, age or disability in any community, state, section, or other area, or in the available workforce in any community, state, section, or other area.

4. Notwithstanding any other provision of this chapter, it shall not be an unlawful employment practice for the state or any political subdivision of the state to comply with the provisions of 29 U.S.C. Section 623 relating to employment as firefighters or law enforcement officers.

213.065. 1. All persons within the jurisdiction of the state of Missouri are free and equal and shall be entitled to the full and equal use and enjoyment within this state of any place of public accommodation, as hereinafter defined, without discrimination or segregation because of race, color, religion, national origin, sex, **sexual orientation, gender identity**, ancestry, or disability.

2. It is an unlawful discriminatory practice for any person, directly or indirectly, to refuse, withhold from or deny any other person, or to attempt to refuse, withhold from or deny any other person, any of the accommodations, advantages, facilities, services, or privileges made available in any place of public accommodation, as defined in section 213.010 and this section, or to segregate or discriminate against any such person in the use thereof because of race, color, religion, national origin, sex, **sexual orientation**, **gender identity**, ancestry, or disability.

3. The provisions of this section shall not apply to a private club, a place of accommodation owned by or operated on behalf of a religious corporation, association or society, or other establishment which is not in fact open to the public, unless the facilities of such establishments are made available to the customers or patrons of a place of public accommodation as defined in section 213.010 and this section.

213.070. 1. It shall be an unlawful discriminatory practice for an employer, employment agency, labor organization, or place of public accommodation:

(1) To aid, abet, incite, compel, or coerce the commission of acts prohibited under this chapter or to attempt to do so;

(2) To retaliate or discriminate in any manner against any other person because such person has opposed any practice prohibited by this chapter or because such person has filed a complaint, testified, assisted, or participated in any manner in any investigation, proceeding or hearing conducted pursuant to this chapter;

(3) For the state or any political subdivision of this state to discriminate on the basis of race, color, religion, national origin, sex, **sexual orientation**, **gender identity**, ancestry, age, as it relates to employment, disability, or familial status as it relates to housing; or

(4) To discriminate in any manner against any other person because of such person's association with any person protected by this chapter.

2. This chapter, in addition to chapter 285 and chapter 287, shall provide the exclusive remedy for any and all claims for injury or damages arising out of an employment relationship.

213.101. 1. The provisions of this chapter shall be construed to accomplish the purposes thereof and any law inconsistent with any provision of this chapter shall not apply. # Journal of the Senate

## FIRST REGULAR SESSION

---

**TWENTY-FIFTH DAY—THURSDAY, FEBRUARY 21, 2019**

---

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“There is no Holy One like the Lord, no one besides you; there is no rock like our God.” (1Samuel 2:2)

Holy God, You give us life and speech and a sense of security for there is no one like You our God. Direct our efforts this day as we complete this week’s work. Be with us as we travel home arriving safely to be with those You have given us to love. And we pray, O Lord, that You will be present with Senator Brown as his wife goes through surgery today. We pray You will guide the hands of the surgeon and those who take care of her. And we ask that Your healing spirit flows through every cell in her body and restores her health and strength. In Your Holy Name we pray. Amen.

### **CONCURRENT RESOLUTIONS**

Senator May offered the following concurrent resolution:

## SENATE CONCURRENT RESOLUTION NO. 21

## Relating to Minority Organ Donor Awareness Month in Missouri

Whereas, with more than one hundred eighteen thousand people waiting for an organ donation and with more than seven thousand people dying each year due to the lack of organs, public awareness of the great need for organ donation is the key to increasing the number of organ donors and thereby saving lives and improving the quality of life for recipients of organ donation; and

Whereas, approximately thirty thousand people a year have begun new lives thanks to an organ transplant. Organs and tissue from a single nonliving donor can be used to benefit more than fifty people. Living donors can donate a kidney and parts of their liver, lung, pancreas, or intestine, and can be evaluated to help a friend, family member, or even donate anonymously to patients of the wait list; and

Whereas, promoting the need for organ and tissue donors and encouraging people to become an organ donor and tissue donor are vitally important to increase the number of lives saved and changed for the better through organ donation; and

Whereas, people of African American/Black, Asian/Pacific Islander, Hispanic/Latino, American Indian/Alaskan Native, and multiracial descent currently make up nearly fifty-eight percent of individuals on the national organ transplant waiting list. These communities are in great need of more organ and tissue donors; and

Whereas, an intensive awareness campaign focused on obstacles related to minorities and organ donation that promotes healthy living and disease prevention to decrease the need for organ transplantation and that reaches out to all ethnic groups is greatly needed:

Now, Therefore, Be It Resolved that the members of the Missouri Senate, One-hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby designate the month of August each year as “Minority Organ Donor Awareness Month” in Missouri; and

Be It Further Resolved that the General Assembly encourages and recommends that people of the state of Missouri observe Minority Organ Donor Awareness Month through activities that specifically address the need to increase awareness of organ donation by all ethnic groups and the need for organ donors. Such activities may include prayer breakfasts, health walks, and donor drives; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to send a properly inscribed copy of this resolution to the Governor for his approval or rejection pursuant to the Missouri Constitution.

# Journal of the Senate

## FIRST REGULAR SESSION

---

**THIRTY-FIRST DAY—TUESDAY, MARCH 5, 2019**

---

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“He has described a circle on the face of the waters, at the boundary between light and darkness,” (Job 26:10)

Wondrous God, You have set limits on our world and especially on us and the time we have to do what You require of us. Like the sands in an hourglass that slowly run their course so is our time here at the Senate and in our life. May what we do with this time in relationships and the work we do and the time for play and rest be wise and in keeping with what You would have us do. In Your Holy Name we pray. Amen.

A quorum being established, the Senate proceeded with its business.

**MESSAGES FROM THE HOUSE**

The following message was received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCR 18**.

HOUSE CONCURRENT RESOLUTION NO. 18

WHEREAS, the United States military has five branches that offer Junior Reserve Officer Training Corps (JROTC): the Marine Corps, Army, Navy, Air Force, and Coast Guard; and

WHEREAS, JROTC courses are offered at over three thousand high schools across the United States; and

WHEREAS, participation in the elective JROTC courses does not require students to join the military; and

WHEREAS, JROTC courses are not military-preparation courses but teach life skills that are not instilled in many of today's youth: taking orders, punctuality, responsibility, personal hygiene, physical fitness, and respect; and

WHEREAS, JROTC courses provide leadership skills and opportunity for underprivileged youth across the state, especially in inner cities; and

WHEREAS, students who participate in JROTC receive the opportunity to use firearms correctly and safely as part of firearms training; and

WHEREAS, many students in rural areas have no access to JROTC courses due to an insufficient number of schools offering JROTC courses and the locations of current JROTC programs, and all Missouri high school students deserve the opportunity to enroll in a JROTC course, regardless of the location of their school; and

WHEREAS, students deserve access to JROTC courses because the JROTC program creates better, stronger youth; JROTC courses increase the confidence and self-esteem of participants; graduation rates of students in JROTC courses are exponentially higher than the graduation rates of students not enrolled in a JROTC course in their respective schools; attendance rates of students in JROTC courses are higher than those of students not enrolled in a JROTC course; and the grade point averages of students enrolled in JROTC courses are higher than those of students not enrolled in a JROTC course; and

WHEREAS, the United States Department of Defense allocates funds to schools and school districts to support JROTC courses:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the One Hundredth General Assembly, First Regular Session, the Senate concurring therein, hereby urge all public schools in Missouri school districts to take the necessary steps to institute JROTC courses in their schools; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for each superintendent of a Missouri school district and the United States Representatives and Senators for the State of Missouri.

In which the concurrence of the Senate is respectfully requested.

SENATE AMENDMENT NO. 6

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 291, Page 12, Section 190.335, Line 18 of said page, by inserting immediately after said line the following:

“190.455. 1. Except as provided under subsection [9] **10** of this section, in lieu of the tax levy authorized under section 190.305 or 190.325, or the sales tax imposed under section 190.292 or 190.335, the governing body of any county, city not within a county, or home rule city with more than fifteen thousand but fewer than seventeen thousand inhabitants and partially located in any county of the third classification without a township form of government and with more than thirty-seven thousand but fewer than forty-one thousand inhabitants may impose, by order or ordinance, a monthly fee on subscribers of any communications service that has been enabled to contact 911. The monthly fee authorized in this section shall not exceed one dollar and shall be assessed to the subscriber of the communications service, regardless of technology, based upon the number of active telephone numbers, or their functional equivalents or successors, assigned by the provider and capable of simultaneously contacting the public safety answering point; provided that, for multiline telephone systems and for facilities provisioned with capacity greater than a voice-capable grade channel or its equivalent, regardless of technology, the charge shall be assessed on the number of voice-capable grade channels as provisioned by the provider that allow simultaneous contact with the public safety answering point. Only one fee may be assessed per active telephone number, or its functional equivalent or successor, used to provide a communications service. No fee imposed under this section shall be imposed on more than one hundred voice-grade channels or their equivalent per person per location. Notwithstanding any provision of this section to the contrary, the monthly fee shall not be assessed on the provision of broadband internet access service. The fee shall be imposed solely for the purpose of funding 911 service in such county or city. The monthly fee authorized in this section shall be limited to one fee per device. The fee authorized in this section shall be in addition to all other taxes and fees imposed by law and may be stated separately from all other charges and taxes. The fee shall be the liability of the subscriber, not the provider, except that the provider shall be liable to remit all fees that the provider collects under this section.

2. No such order or ordinance adopted under this section shall become effective unless the governing body of the county or city submits to the voters residing within the county or city at a state general, primary, or special election a proposal to authorize the governing body to impose a fee under this section. The question submitted shall be in substantially the following form:

“Shall \_\_\_\_\_ (insert name of county or city) impose a monthly fee of \_\_\_\_\_ (insert amount) on a subscriber of any communications service that has been enabled to contact 911 for the purpose of funding 911 service in the \_\_\_\_\_ (county or city)?”.

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, the fee shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the fee. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, the fee shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

**3. Notwithstanding any provisions of this section to the contrary, the governing body of a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants shall put the question set forth in subsection 2 of this section before the voters of the county no later than the general election in 2020.**

4. Except as modified in this section, all provisions of sections 32.085 and 32.087 and subsection 7 of section 144.190 shall apply to the fee imposed under this section.

[4.] 5. All revenue collected under this section by the director of the department of revenue on behalf of the county or city, except for two percent to be withheld by the provider for the cost of administering the collection and remittance of the fee, and one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in the Missouri 911 service trust fund created under section 190.420. The director of the department of revenue shall remit such funds to the county or city on a monthly basis. The governing body of any such county or city shall control such funds remitted to the county or city unless the county or city has established an elected board for the purpose of administering such funds. In the event that any county or city has established a board under any other provision of state law for the purpose of administering funds for 911 service, such existing board may continue to perform such functions after the county or city has adopted the monthly fee under this section.

[5.] 6. Nothing in this section imposes any obligation upon a provider of a communications service to take any legal action to enforce the collection of the tax imposed in this section. The tax shall be collected in compliance, as applicable, with the federal Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 to 124, as amended.

[6.] 7. Notwithstanding any other provision of law to the contrary, proprietary information submitted under this section shall only be subject to subpoena or lawful court order. Information collected under this section shall only be released or published in aggregate amounts that do not identify or allow identification of numbers of subscribers or revenues attributable to an individual communications service provider.

[7.] 8. Notwithstanding any other provision of law to the contrary, in no event shall any communications service provider, its officers, employees, assigns, agents, vendors, or anyone acting on behalf of such persons, be liable for any form of civil damages or criminal liability that directly or indirectly results from, or is caused by:

(1) An act or omission in the development, design, installation, operation, maintenance, performance, or provision of service to a public safety answering point or to subscribers that use such service, whether providing such service is required by law or is voluntary; or

(2) The release of subscriber information to any governmental entity under this section unless such act, release of subscriber information, or omission constitutes gross negligence, recklessness, or intentional misconduct.

Nothing in this section is intended to void or otherwise override any contractual obligation pertaining to equipment or services sold to a public safety answering point by a communications service provider. No cause of action shall lie in any court of law against any provider of communications service, commercial mobile service, or other communications-related service, or its officers, employees, assignees, agents, vendors, or anyone acting on behalf of such persons, for providing call location information concerning the user of any such service in an emergency situation to a law enforcement official or agency in order to respond to a call for emergency service by a subscriber, customer, or user of such service or for providing caller location information or doing a ping locate in an emergency situation that involves danger of death or serious physical injury to any person where disclosure of communications relating to the emergency is required without delay, whether such provision of information is required by law or voluntary.

[8.] 9. The fee imposed under this section shall not be imposed on customers who pay for service prospectively, including customers of prepaid wireless telecommunications service.

[9.] **10.** The fee imposed under this section shall not be imposed in conjunction with any tax imposed under section 190.292, 190.305, 190.325, or 190.335. No county or city shall simultaneously impose more than one tax authorized in this section or section 190.292, 190.305, 190.325, or 190.335. No fee imposed under this section shall be imposed on more than one hundred exchange access facilities or their equivalent per person per location. The fee imposed under this section shall not be imposed in conjunction with any tax imposed for central dispatching of emergency services in any home rule city with more than four hundred thousand inhabitants and located in more than one county or any county containing a portion of such city, and such city or counties shall not simultaneously impose more than one tax or fee for central dispatching of emergency services; provided however, if any such county approves the fee authorized under this section, collection of such fee shall be in lieu of any tax authorized for central dispatching of emergency services in the county and any portion of the city within the county.

[10.] **11.** No county or legally authorized entity shall submit a proposal to the voters of the county under this section or section 190.335 until either:

(1) All providers of emergency telephone service as defined in section 190.300 and public safety answering point operations within the county are consolidated into one public agency as defined in section 190.300 that provides emergency telephone service for the county, or such providers and the public safety answering point have entered into a shared services agreement for such services;

(2) The county develops a plan for consolidation of emergency telephone service, as defined in section 190.300, and public safety answering point operations within the county are consolidated into one public agency, as defined in section 190.300, that provides emergency telephone service for the county; or

(3) The county emergency services board, as defined in section 190.290, develops a plan for consolidation of emergency telephone service, as defined in section 190.300, and public safety answering point operations within the county that includes either consolidation or entering into a shared services agreement for such services, which shall be implemented on approval of the fee by the voters.

[11.] **12.** Any plan developed under subdivision (2) or (3) of subsection [10] **11** of this section shall be filed with the Missouri 911 service board under subsection 4 of section 650.330. Any plan that is filed under this subsection shall provide for the establishment of a joint emergency communications board as described in section 70.260 unless a joint emergency communication board or emergency services board for the area in question has been previously established. The director of the department of revenue shall not remit any funds as provided under this section until the department receives notification from the Missouri 911 service board that the county has filed a plan that is ready for implementation. If, after one year following the enactment of the fee described in subsection 1 of this section, the county has not complied with the plan that the county submitted under subdivision (2) or (3) of subsection [10] **11** of this section, but the county has substantially complied with the plan, the Missouri 911 service board may grant the county an extension of up to six months to comply with its plan. Not more than one extension may be granted to a county. The authority to impose the fee granted to the county in subsection 1 of this section shall be null and void if after one year following the enactment of the fee described in subsection 1 of this section the county has not complied with the plan and has not been granted an extension by the Missouri 911 service board, or if the six-month extension expires and the county has not complied with the plan.

[12.] **13.** Each county that does not have a public agency, as defined in section 190.300, that provides emergency telephone service as defined in section 190.300 for the county shall either:

(1) Enter into a shared-services agreement for providing emergency telephone services with a public agency that provides emergency telephone service, if such an agreement is feasible; or

(2) Form with one or more counties an emergency telephone services district in conjunction with any county with a public agency that provides emergency telephone service within the county. If such a district is formed under this subdivision, the governing body of such district shall be the county commissioners of each county within the district, and each county within such district shall submit to the voters of the county a proposal to impose the fee under this section.

[13.] **14.** A county operating joint or shared emergency telephone service, as defined in section 190.300, may submit to the voters of the county a proposal to impose the fee to support joint operations and further consolidation under this section.

[14.] **15.** All 911 fees shall be imposed as provided in the Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 to 124, as amended.

[15.] **16.** Nothing in subsections [10,] 11, 12, [and] 13, **and 14** of this section shall apply to a county with a charter form of government where all public safety answering points within the county utilize a common 911 communication service as implemented by the appropriate local and county agencies prior to August 28, 2018.

[16.] **17.** Any home rule city with more than four hundred thousand inhabitants and located in more than one county and any county in which it is located shall establish an agreement regarding the allocation of anticipated revenue created upon passage of a ballot proposition submitted to the voters as provided for in sections 190.292, 190.305, 190.325, 190.335, and 190.455, as well as revenue provided based upon section 190.460 and the divided costs related to regional 911 services. The allocation and actual expenses of the regional 911 service shall be determined based upon the percentage of residents of each county who also reside in the home rule city. The agreement between the counties and the home rule city may either be between the individual counties and the home rule city or jointly between all entities. The agreement to divide costs and revenue as required in this section shall not take effect until the passage of a ballot proposition as provided for in section 190.292, 190.305, 190.325, 190.335, or 190.455. The population shall be determined based upon the most recent decennial census. This subsection shall not apply to a county of the first classification without a charter form of government and with less than five percent of its population living in any home rule city with more than four hundred thousand inhabitants and located in more than one county.”; and

Further amend the title and enacting clause accordingly.

Senator Curls moved that the above amendment be adopted, which motion prevailed.

Senator Wallingford moved that **SS for SCS for SB 291**, as amended, be adopted, which motion prevailed.

On motion of Senator Wallingford, **SS for SCS for SB 291**, as amended, was declared perfected and ordered printed.

Except for a taxpayer who is outside the United States, no such extension for filing any return, declaration, statement, or document, shall exceed six months.

2. If a taxpayer has been granted an extension of time for filing his or its federal income tax return, the filing of a copy of the extension or the form relating to an automatic extension with the director of revenue shall automatically extend the due date of the income tax return required by sections 143.011 to 143.996.

### **CONCURRENT RESOLUTIONS**

Senators Hegeman and Luetkemeyer offered the following concurrent resolution:

#### **SENATE CONCURRENT RESOLUTION NO. 24**

Whereas, the March 2019 flooding along the Missouri River in Northwest Missouri has risen to historically high levels; and

Whereas, the extensive flooding has destroyed many homes, farms, and businesses, severely impacting the livelihoods of thousands of Missourians, who, in addition to suffering the emotional toll of the disaster, are also suffering a heavy economic burden to repair the devastated lands and infrastructure; and

Whereas, even after the flood waters recede, much work will need to be done to restore the productivity of the damaged agricultural land and repair the ruined homes and businesses; and

Whereas, the U.S. Army Corps of Engineers is charged with management of the Missouri River for eight congressionally-authorized purposes, one of which is flood control; and

Whereas, the Army Corps has neglected flood control as its top priority for too long, putting the citizens of Missouri at risk as evidenced by the recent flooding in the Northwest part of the state; and

Whereas, it is evident that due to the immediate, large-scale and potentially life-threatening impacts upon health and safety caused by flooding, the authorized purpose of flood control must have the utmost importance in any planning activities on the part of the Army Corps:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the Commanding General of the U.S. Army Corps of Engineers to focus on the Corps' mandated responsibility to protect public health and safety through flood control; and

Be It Further Resolved that the U.S. Army Corps of Engineers be urged to continually place the utmost priority on flood control in any future modifications to the Missouri River Master Manual and in its annual planning with the goal of allowing the Army Corps to be able to

successfully react and respond to unpredictable weather and extreme weather events so as to prevent future flooding disasters; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Commanding General of the U.S. Army Corps of Engineers and the members of the Missouri Congressional delegation.

The Senate observed a moment of silence in memory of Kim Tucci.

# Journal of the Senate

## FIRST REGULAR SESSION

---

### FORTY-FOURTH DAY—TUESDAY, APRIL 2, 2019

---

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“A word fitly spoken is like apples of gold in a setting of silver.” (Proverbs 25:11)

Lord God, we are very much aware how people listen to what we say so it is important that Your spirit guides us so our words are right and proper. Yet some will criticize and disagree with us while others rejoice and praise us. So help us prepare well in whatever media is called forth always aware of who is our audience. So bless us, Lord that our study is always disciplined and convey what is most needed. In Your Holy Name we pray. Amen.

Further amend said bill, Page 76, Section 167.898, Line 2 of said page, by inserting after all of said line

the following:

**“168.133. 1. As used in this section, “screened volunteer” shall mean any person who assists a school by providing uncompensated service and who may periodically be left alone with students. The school district shall ensure that a criminal background check is conducted for all screened volunteers, who shall complete the criminal background check prior to being left alone with a student. Screened volunteers include, but are not limited to, persons who regularly assist in the office or library, mentor or tutor students, coach or supervise a school-sponsored activity before or after school, or chaperone students on an overnight trip. Screened volunteers may only access student education records when necessary to assist the district and while supervised by staff members. Volunteers that are not screened shall not be left alone with a student or have access to student records.**

**2.** The school district shall ensure that a criminal background check is conducted on any person employed after January 1, 2005, authorized to have contact with pupils and prior to the individual having contact with any pupil. Such persons include, but are not limited to, administrators, teachers, aides, paraprofessionals, assistants, secretaries, custodians, cooks, **screened volunteers**, and nurses. The school district shall also ensure that a criminal background check is conducted for school bus drivers. The district may allow such drivers to operate buses pending the result of the criminal background check. For bus drivers, the school district shall be responsible for conducting the criminal background check on drivers employed by the school district. For drivers employed by a pupil transportation company under contract with the school district, the criminal background check shall be conducted pursuant to section 43.540 and conform to the requirements established in the National Child Protection Act of 1993, as amended by the Volunteers for Children Act. Personnel who have successfully undergone a criminal background check and a check of the family care safety registry as part of the professional license application process under section 168.021 and who have received clearance on the checks within one prior year of employment shall be considered to have completed the background check requirement. A criminal background check under this section shall include a search of any information publicly available in an electronic format through a public index or single case display.

**[2.] 3.** In order to facilitate the criminal history background check, the applicant shall submit a set of fingerprints collected pursuant to standards determined by the Missouri highway patrol. The fingerprints shall be used by the highway patrol to search the criminal history repository and shall be forwarded to the Federal Bureau of Investigation for searching the federal criminal history files.

**[3.] 4.** The applicant shall pay the fee for the state criminal history record information pursuant to section 43.530 and sections 210.900 to 210.936 and pay the appropriate fee determined by the Federal Bureau of Investigation for the federal criminal history record when he or she applies for a position authorized to have contact with pupils pursuant to this section. The department shall distribute the fees collected for the state and federal criminal histories to the Missouri highway patrol.

**[4.] 5.** The department of elementary and secondary education shall facilitate an annual check of employed persons holding current active certificates under section 168.021 against criminal history records in the central repository under section 43.530, the sexual offender registry under sections 589.400 to [589.475] **589.426**, and child abuse central registry under sections 210.109 to 210.183. The department of elementary and secondary education shall facilitate procedures for school districts to submit personnel information annually for persons employed by the school districts who do not hold a current valid certificate who are required by subsection 1 of this section to undergo a criminal background check, sexual offender

registry check, and child abuse central registry check. The Missouri state highway patrol shall provide ongoing electronic updates to criminal history background checks of those persons previously submitted, both those who have an active certificate and those who do not have an active certificate, by the department of elementary and secondary education. This shall fulfill the annual check against the criminal history records in the central repository under section 43.530.

[5.] **6.** The school district may adopt a policy to provide for reimbursement of expenses incurred by an employee for state and federal criminal history information pursuant to section 43.530.

[6.] **7.** If, as a result of the criminal history background check mandated by this section, it is determined that the holder of a certificate issued pursuant to section 168.021 has pled guilty or nolo contendere to, or been found guilty of a crime or offense listed in section 168.071, or a similar crime or offense committed in another state, the United States, or any other country, regardless of imposition of sentence, such information shall be reported to the department of elementary and secondary education.

[7.] **8.** Any school official making a report to the department of elementary and secondary education in conformity with this section shall not be subject to civil liability for such action.

[8.] **9.** For any teacher who is employed by a school district on a substitute or part-time basis within one year of such teacher's retirement from a Missouri school, the state of Missouri shall not require such teacher to be subject to any additional background checks prior to having contact with pupils. Nothing in this subsection shall be construed as prohibiting or otherwise restricting a school district from requiring additional background checks for such teachers employed by the school district.

[9.] **10.** A criminal background check and fingerprint collection conducted under subsections 1 [and 2] **to 3** of this section shall be valid for at least a period of one year and transferrable from one school district to another district. A school district may, in its discretion, conduct a new criminal background check and fingerprint collection under subsections 1 [and 2] **to 3** for a newly hired employee at the district's expense. A teacher's change in type of certification shall have no effect on the transferability or validity of such records.

[10.] **11.** Nothing in this section shall be construed to alter the standards for suspension, denial, or revocation of a certificate issued pursuant to this chapter.

[11.] **12.** The state board of education may promulgate rules for criminal history background checks made pursuant to this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after January 1, 2005, shall be invalid and void.”; and

### **CONCURRENT RESOLUTIONS**

Senator Rizzo offered the following concurrent resolution:

#### **SENATE CONCURRENT RESOLUTION NO. 25**

Whereas, U.S. farmers have stored record amounts of their harvests, due in part to lost sales from the Trump Administration's trade war with China, Missouri's number one purchaser of soybean exports; and

Whereas, as of March 1, 2019, American farmers held 2.716 billion bushels of soybean stock, the largest on record for this time of year;

and

Whereas, as of March 1, 2019, American farmers held the third-largest on record stock of corn; and

Whereas, according to the United States Department of Agriculture's National Agricultural Statistics Service, in 2018 Missouri farmers produced: 4,760,000 tons of hay; 1,300,000 tons of corn; 835,000 480 lb bales of cotton; 261,000,000 Bushels of soybeans; 17,090,000 CWT of rice; and 30,680,000 Bushels of wheat; and

Whereas, widespread flooding devastated the American Midwest in mid-March and caused millions of bushels of crops to be damaged or lost; and

Whereas, the magnitude of these losses is exacerbated by the additional crops stored in response to the Trump Administration's trade war with China; and

Whereas, U.S. Agriculture Under Secretary Bill Northey has stated that the USDA has no mechanism to compensate farmers for damaged crops in storage; and

Whereas, last year, the USDA made, without Congressional approval, \$12 billion in government assistance available to farmers who suffered losses under the Trump Administration's trade war; and

Whereas, despite other assistance programs, the USDA has no existing program to cover the catastrophic and largely uninsured stored-crop losses from the widespread flooding; and

Whereas, Congressional approval would be needed to create a new program to provide government assistance to American farmers who lost stored crops during recent severe weather:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the United States Congress to pass emergency legislation to provide additional government assistance to American farmers whose crops were stored as a result of the Trump Administration's trade war with China and subsequently damaged or lost during severe weather; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for Missouri's Congressional delegation.

President Pro Tem Schatz assumed the Chair.

# Journal of the Senate

## FIRST REGULAR SESSION

---

**FORTY-EIGHTH DAY—TUESDAY, APRIL 9, 2019**

---

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“I have heard of you by the hearing of the ear, but now my eye sees you.” (Job 42:5)

Gracious God, as we are disciplined and tested in the crucible of life we experience the blessing of every believing child of You, our God. We believe we can never sufficiently thank You for the gift of eyes to see the burden of our failures yet see also the beauty of the opportunities You set before us. Guide us by Your Spirit and let us see the wonders that unfold before us. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

### CONCURRENT RESOLUTIONS

Senator Bernskoetter offered the following concurrent resolution:

#### SENATE CONCURRENT RESOLUTION NO. 26

Whereas, more than 82,000 United States service members remain unaccounted for from World War II, the Korean War, the Vietnam War, and the Cold War, of which 2,297 are Missourians; and

Whereas, for over seventy years the families of those missing have been deprived of the peace that comes with laying to rest the remains of a loved one or at least knowing that loved one's fate; and

Whereas, the basic principle of national honor in the Armed Forces of the United States of America is that the United States leaves no one behind; and

Whereas, the United States has an obligation to the missing and to their families to enforce this principle and provide information and answers; and

Whereas, in 1993, the United States Senate Select Committee on POW/MIA Affairs noted in its final report that declassifying the records related to POWs and MIAs could have eliminated much of the controversy and unnecessary secrecy surrounding the United States government's handling of the POW/MIA issues, which bred suspicion and distrust; and

Whereas, federal statutes and multiple presidential executive orders have called for the declassification of records relating to POWs and MIAs, but such mandates have been limited in scope, lacked enforcement mechanisms, and included broad exceptions that have been routinely cited by federal agencies as justification for continued classification of documents; and

Whereas, all government agencies should be directed by Congress and the Executive Branch of the United States to identify, locate, review, and declassify this vital information, subject to reasonable standards and limitations; and

Whereas, declassification and availability of these records would allow families of the missing and others in the private sector to conduct research, gain relevant information, and, thereby, hold the federal government accountable; and

Whereas, the governments of Vietnam and the Republic of Korea are now offering increased support to the United States POW/MIA recovery efforts, and diplomatic efforts with other involved countries continue; and

Whereas, the "Bring Our Heroes Home Act", which will be introduced in the United States Senate, sets forth an integrated process for comprehensive declassification of records pertaining to missing Armed Forces personnel records, subject to legitimate limitations and exceptions:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby call on the Missouri members of the United States Senate to support and contribute to the early consideration and passage of the "Bring Our Heroes Home Act"; and

Be It Further Resolved that the members of the Missouri General Assembly, hereby call on all members of the Missouri Congressional delegation to lend their influence to the cause of resolving the cases of all Missourians who remain unaccounted for from past conflicts; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for each member of the Missouri Congressional delegation.

### SIGNING OF BILLS

The President Pro Tem announced that all other business would be suspended and **HB 77**, having passed both branches of the General Assembly, would be read at length by the Secretary, and if no objections be made, the bill would be signed by the President Pro Tem to the end that it may become law. SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for Senate Joint Resolution No. 13, Page 1, In the Title, Line 6, by striking “members of”; and

Further amend said bill and page, section A, line 10 of said page, by inserting after all of said line the following:

“Section 2. (a) After December 6, 2018, no person serving as a member of or employed by the general assembly shall act or serve as a paid lobbyist, register as a paid lobbyist, or solicit prospective employers or clients to represent as a paid lobbyist during the time of such service until the expiration of two calendar years after the conclusion of the session of the general assembly in which the member or employee last served and where such service was after December 6, 2018.

(b) No person serving as a member of or employed by the general assembly shall accept directly or indirectly a gift of any tangible or intangible item, service, or thing of value from any paid lobbyist or lobbyist principal [in excess of five dollars per occurrence]. This Article shall not prevent candidates for the general assembly, including candidates for reelection, or candidates for offices within the senate or house from accepting campaign contributions consistent with this Article and applicable campaign finance law. Nothing in this section shall prevent individuals from receiving gifts, family support or anything of value from those related to them within the fourth degree by blood or marriage. [The dollar limitations of this section shall be increased or decreased each year by the percentage of increase or decrease from the end of the previous calendar year of the Consumer Price Index, or successor index as published by the U.S. Department of Labor, or its successor agency, and rounded to the nearest dollar amount.]

(c) The general assembly shall make no law authorizing unlimited campaign contributions to candidates for the general assembly, nor any law that circumvents the contribution limits contained in this Constitution. In addition to other campaign contribution limitations or restrictions provided for by law, the amount of contributions made to or accepted by any candidate or candidate committee from any person other than the

candidate in any one election for the general assembly shall not exceed the following:

- (1) To elect an individual to the office of state senator, two thousand five hundred dollars; and
- (2) To elect an individual to the office of state representative, two thousand dollars.

The contribution limits and other restrictions of this section shall also apply to any person exploring a candidacy for a public office listed in this subsection.

For purposes of this subsection, “base year amount” shall be the contribution limits prescribed in this section. Contribution limits set forth herein shall be adjusted on the first day of January in each even-numbered year hereafter by multiplying the base year amount by the cumulative Consumer Price Index and rounded to the nearest dollar amount, for all years after 2018.

(d) No contribution to a candidate for legislative office shall be made or accepted, directly or indirectly, in a fictitious name, in the name of another person, or by or through another person in such a manner as to, or with the intent to, conceal the identity of the actual source of the contribution. There shall be a rebuttable presumption that a contribution to a candidate for public office is made or accepted with the intent to circumvent the limitations on contributions imposed in this section when a contribution is received from a committee or organization that is primarily funded by a single person, individual, or other committee that has already reached its contribution limit under any law relating to contribution limitations. A committee or organization shall be deemed to be primarily funded by a single person, individual, or other committee when the committee or organization receives more than fifty percent of its annual funding from that single person, individual, or other committee.

(e) In no circumstance shall a candidate be found to have violated limits on acceptance of contributions if the Missouri ethics commission, its successor agency, or a court determines that a candidate has taken no action to indicate acceptance of or acquiescence to the making of an expenditure that is deemed a contribution pursuant to this section.

(f) No candidate shall accept contributions from any federal political action committee unless the committee has filed the same financial disclosure reports that would be required of a Missouri political action committee.”; and

Further amend said bill and page, section 3, line 11 of said page, by inserting immediately before the word “There” an opening bracket “[”]; and

Further amend said bill and section, page 3, line 6 of said page, by inserting immediately after “(c)” the following: “[ **The districts of the house of representatives shall be apportioned by an Independent Citizens Redistricting Commission.**”]; and further amend line 9 of said page, by striking “(1)” and inserting in lieu thereof the following: “**(b) Within sixty days after the population of this state is reported to the President for each decennial census of the United States and, in the event that a reapportionment plan has been invalidated by a court of competent jurisdiction, within sixty days after notification by the governor that such a ruling has been made, the congressional district committee of each of the two parties casting the highest vote for governor at the last preceding election shall meet and the members of the committee shall nominate, by a majority vote of the members of the committee present, provided that a majority of the elected members is present, two members of their party, residents in that district, as nominees for reapportionment commissioners. Neither party shall select more than one nominee from any one state house of representatives district. The congressional committees shall**

each submit to the governor their list of elected nominees. Within thirty days the governor shall appoint a commission consisting of one name from each list to reapportion the state into one hundred and sixty-three representative districts and to establish the numbers and boundaries of said districts.

(c) If either of the congressional district committees fails to submit a list within such time the governor shall appoint a member of his own choice from that district and from the political party of the committee failing to make the appointment.

(d) Members of the commission and any person related to any member by the fourth degree by blood or marriage shall be disqualified from holding office as members of the general assembly for four years following the date of the filing by the commission of its final statement of apportionment.

(e) For the purposes of this article, the term congressional district committee refers to the congressional district committee or the congressional district from which a member of congress was last elected, or, in the event members of congress from this state have been elected at large, the term congressional district committee refers to those persons who last served as the congressional district committee for those districts from which members of congress were last elected. Any action pursuant to this section by the congressional district committee shall take place only at duly called meetings, shall be recorded in their official minutes, and only members physically present shall be permitted to vote.

(f) The commissioners so selected shall, on the fifteenth day, excluding Sundays and state holidays, after all members have been selected, meet in the capitol building and proceed to organize by electing from their number a chairman, vice chairman, and secretary and shall adopt an agenda establishing at least three hearing dates on which hearings open to the public shall be held. A copy of the agenda shall be filed with the chief clerk of the house of representatives within twenty-four hours after its adoption. Executive meetings may be scheduled and held as often as the commission deems advisable.

(g)”; and further amend lines 13-14 of said page, by striking “nonpartisan state demographer” and inserting in lieu thereof the following: “**commission**”; and further amend lines 17-18 of said page, by striking all of said lines and inserting in lieu thereof the following:

“a. Districts shall:

i. Be established on the basis of total population[. Legislative Districts shall];

ii. Each have a total”; and further amend line 22 of said page, by inserting immediately after said line the following:

“iii. Consist of contiguous territory; and

iv. To the extent possible, keep together communities of interest, including but not limited to cities and counties. Areas which meet only at the points of adjoining corners shall not be considered contiguous;”; and

Further amend said bill and section, page 4, line 5 of said page, by inserting immediately before the word “Districts” the following: “c.”; and further amend line 12 of said page, by inserting immediately before the word “To” an opening bracket “[”]; and

**(b) If either of the party committees fails to submit a list within such time, the governor shall**

appoint five members of his own choice from the party of the committee so failing to act.

(c) Members of the commission and any person related to any member by the fourth degree by blood or marriage shall be disqualified from holding office as members of the general assembly for four years following the date of the filing by the commission of its final statement of apportionment.

(d) The commissioners so selected shall on the fifteenth day, excluding Sundays and state holidays, after all members have been selected, meet in the capitol building and proceed to organize by electing from their number a chairman, vice chairman, and secretary and shall adopt an agenda establishing at least three hearing dates on which hearings open to the public shall be held. (1) Districts shall:

c. Consist of contiguous territory; and

d. To the extent possible, keep together communities of interest, including but not limited to cities and counties. Areas which meet only at the points of adjoining corners are not contiguous;

(2) Districts shall be established in a manner so as to comply with all requirements of the United States Constitution and applicable federal laws, including, but not limited to, the Voting Rights Act of 1965, as amended. Notwithstanding any other provision of this article to the contrary, districts shall not be drawn with the intent or result of denying or abridging the equal opportunity of racial or language minorities to participate in the political process or diminishing their ability to elect representatives of their choice, whether by themselves or by voting in concert with other persons;

(3) Districts shall be designed in a manner that achieves both partisan fairness and, secondarily, competitiveness. “Partisan fairness” means that parties shall be able to translate their popular support into legislative representation with approximately equal efficiency. “Competitiveness” means that parties’ legislative representation shall be substantially and similarly responsive to shifts in the electorate’s preferences.

(f) Not later than five months after the appointment of the commission, the commission shall file

(h) After the statement is filed senators shall be elected according to such districts until a reapportionment is made as provided in this section, except that if the statement is not filed within six months of the time fixed for the appointment of the commission, it shall stand discharged and the legislative districts shall be apportioned by a commission of six members appointed from among the judges of the appellate courts of the state of Missouri by the state supreme court, a majority of whom shall sign and file its apportionment plan and map with the secretary of state within ninety days of the date of the discharge of the apportionment commission. Thereafter senators shall be elected according to such districts until a reapportionment is made as provided in this section.; and further amend line 9 of said page, by inserting immediately before the word “Each” the following: “(i)”; and further amend line 14 of said page, by inserting immediately before the word “No” the following: “(j)”; and

Whereas, pursuant to Article IV, Section 30(b) of the Missouri Constitution, the Highways and Transportation Commission is authorized to issue state road bonds to fund the construction and reconstruction of the state highway system; and

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCR 6**, entitled:

HOUSE CONCURRENT RESOLUTION NO. 6  
Relating to Victims of Communism Memorial Day.

---

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF MISSOURI, AS FOLLOWS:

WHEREAS, the year 2017 marked 100 years since the Bolshevik Revolution in Russia resulting in the world's first communist regime

under Vladimir Lenin, which led to decades of oppression and violence under communist regimes throughout the world; and

WHEREAS, based on the philosophy of Karl Marx, communism has proven incompatible with the ideals of liberty, prosperity, and dignity of human life and has given rise to such infamous totalitarian dictators as Joseph Stalin, Mao Zedong, Ho Chi Minh, Pol Pot, Nicolae Ceausescu, the Castro brothers, and the Kim dynasty; and

WHEREAS, President Donald Trump declared November 7, 2017, a National Day for the Victims of Communism, condemning communism as a political philosophy “incompatible with liberty, prosperity, and the dignity of human life;” and

WHEREAS, the bipartisan U.S. Congressional Caucus for the Victims of Communism stated publicly in 2018 that “Marx’s defenders often say he cannot be held accountable for what communist regimes did long after his life and death; but Marxist dictators who massacred their own people were applying communist ideology to political practice,” and

WHEREAS, communist regimes worldwide have killed more than 100 million people and subjected countless others to the worst and widest-spread human rights abuses known to history, with victims representing many different ethnicities, creeds, and backgrounds; and

WHEREAS, through false promises of equality and liberation, communist regimes have as a matter of government policy robbed their own citizens of the rights of freedom of religion, freedom of speech, and freedom of association through coercion, brutality, and fear; and

WHEREAS, many victims of communism were persecuted as political prisoners for speaking out against these regimes, and others were killed in genocidal state-sponsored purges; and

WHEREAS, in addition to violating basic human rights, communist regimes have suppressed freedom of conscience, cultural life, and self-determination movements in more than 40 nations; and

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the One Hundredth General Assembly, First Regular Session, the Senate concurring therein, hereby designate November 7 of each year as Victims of Communism Memorial Day; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the Victims of Communism Memorial Foundation; and

BE IT FURTHER RESOLVED that this resolution be sent to the Governor for his approval or rejection pursuant to the Missouri Constitution.

In which the concurrence of the Senate is respectfully requested.

When a hospital refers an individual at or near death to a procurement organization, the organization shall make a reasonable search of any donor registry and other applicable records that it knows exist for the geographical area in which the individual resides to ascertain whether the individual has made an anatomical gift.

2. A procurement organization must be allowed reasonable access to information in the records of the department of health and senior services and department of revenue to ascertain whether an individual at or near death is a donor.

3. When a hospital refers an individual at or near death to a procurement organization, the organization may conduct any reasonable examination necessary to ensure the medical suitability of a part that is or could be the subject of an anatomical gift for transplantation, therapy, research, or education from a donor or a prospective donor. During the examination period, measures necessary to ensure the medical suitability of the part may not be withdrawn unless the hospital or procurement organization knows a contrary intent had or has been expressed by the individual or an agent of the individual, or if the individual is incapacitated

and he or she has no agent, knows a contrary intent has been expressed by any person listed in section 194.245 having priority to make an anatomical gift on behalf of the individual.

4. Unless prohibited by law other than sections 194.210 to 194.294, at any time after a donor's death, the person to which a part passes under section 194.255 may conduct any reasonable examination necessary to ensure the medical suitability of the body or part for its intended purpose.

7. Upon referral by a hospital under subsection 1 of this section, a procurement organization shall make a reasonable search for any person listed in section 194.245 having priority to make an anatomical gift on behalf of a prospective donor. 8. Subject to subsection 9 of section 194.255 and section 58.785, the rights of the person to which a part passes under section 194.255 are superior to rights of all others with respect to the part. The person may accept or reject an anatomical gift in whole or in part. Subject to the terms of the document of gift and this act, a person that accepts an anatomical gift of an entire body may allow embalming or cremation and use of remains in a funeral service. 9. Neither the physician who attends the decedent immediately prior to or at death nor the physician who determines the time of the decedent's death may participate in the procedures for removing or transplanting a part from the decedent.

10. No physician who removes or transplants a part from the decedent, or a procurement organization, shall have primary responsibility for the health care treatment, or health care decision-making for such individual's terminal condition during the hospitalization for which the individual becomes a donor.

11. A physician or technician may remove a donated part from the body of a donor that the physician or technician is qualified to remove.

**12. When a hospital refers an individual at or near death to a procurement organization, the hospital shall notify the organization of any refusal to make an anatomical gift that has been expressed by the individual or agent of the individual or, if the individual is incapacitated and he or she has no agent, any refusal expressed by any person listed in section 194.245 having priority to make an anatomical gift on behalf of the individual that is known to the hospital or produced during a reasonable search under section 194.260. **10. If a land bank agency owns more than five parcels of real property in a single city block and no written offer to purchase any of those properties has been submitted to the agency in the past twelve months, the land bank shall reduce its requested price for those properties and advertise the discount publicly.**

**140.986. 1. No later than two years from the date it acquired the property, a land bank agency shall either sell, put to a productive use, or show significant progress towards selling or putting to a productive use a parcel of real property. **3.** If a land bank agency sells or otherwise disposes of a parcel of real estate held by it, any land taxes assessed against such parcel for the three tax years following such sale or disposition by such land bank agency that are collected by the county collector in a calendar year and not refunded, less the fees provided under section 52.260 and subsection 4 of this section and less the amounts to be deducted under section 137.720, shall be distributed by the county collector to such land bank agency no later than March first of the following calendar year, provided that land taxes impounded under section 139.031 or otherwise paid under protest shall not be subject to distribution under this subsection. We leave knowing Your presence is with us and will guide us to our destinations. Let us find ways to honor those You have given us to love and show appreciation for what they do that allows us to be here. And may we find ways to show our thankfulness to You our God. In Your Holy Name we pray. Amen.

A land bank agency may acquire property by purchase contracts, lease purchase agreements, installment sales contracts, and land contracts and may accept transfers from political subdivisions upon such terms and conditions as agreed to by the land bank agency and the political subdivision. A land bank agency may bid on any parcel of real estate offered for sale, offered at a foreclosure sale under sections 140.220 to 140.250, or offered at a sale conducted under section 140.190, 140.240, or 140.250. Notwithstanding any other law to the contrary, any political subdivision may transfer to the land bank agency real property and interests in real property of the political subdivision on such terms and conditions and according to such procedures as determined by the political subdivision.

4. A land bank agency shall maintain all of its real property in accordance with the laws and ordinances of the jurisdictions in which the real property is located.

5. Upon issuance of a deed of a delinquent land tax auction under subsection 4 of section 140.250, subsection 5 of section 140.405, or other sale conducted under section 140.190, 140.240, or 140.250 of a parcel of real estate to a land bank agency, the land bank agency shall pay the amount of the land bank agency's bid that exceeds the amount of all tax bills included in the judgment, interest, penalties, attorney's fees, taxes, and costs then due thereon. If the real estate is acquired in a delinquent land tax auction, such excess shall be applied and distributed in accordance with section 140.230. Upon issuance of a deed, the county collector shall mark the tax bills included in the judgment as "cancelled by sale to the land bank" and shall take credit for the full amount of such tax bills, including principal amount, interest, penalties, attorney's fees, and costs, on his or her books and in his or her statements with any other taxing authorities.

6. A land bank shall not own real property unless the property is wholly located within the boundaries of the city that established the land bank agency.

140.985. 1. A land bank agency shall hold in its own name all real property acquired by such land bank agency irrespective of the identity of the transferor of such property.

2. A land bank agency shall maintain and make available for public review and inspection an inventory and history of all real property the land bank agency holds or formerly held. This inventory and history shall be available on the land bank agency's website and include at a minimum:

- (1) Whether a parcel is available for sale;
- (2) The address of the parcel if an address has been assigned;
- (3) The parcel number if no address has been assigned;
- (4) The year that a parcel entered the land bank agency's inventory;
- (5) Whether a parcel has sold; and
- (6) If a parcel has sold, the name of the person or entity to which it was sold.

3. The land bank agency shall determine and set forth in policies and procedures the general terms and conditions for consideration to be received by the land bank agency for the transfer of real property and interests in real property. Consideration may take the form of monetary payments and secured financial obligations, covenants, and conditions related to the present and future use of the

property; contractual commitments of the transferee; and such other forms of consideration as the land bank agency determines to be in the best interest of its purpose.

4. A land bank agency may convey, exchange, sell, transfer, lease, grant, release and demise, pledge, and hypothecate any and all interests in, upon, or to property of the land bank agency. A land bank agency may gift any interest in, upon, or to property to the city that established the land bank agency.

5. A city may, in its resolution or ordinance creating a land bank agency, establish a hierarchical ranking of priorities for the use of real property conveyed by such land bank agency, subject to subsection 7 of this section, including, but not limited to:

- (1) Use for purely public spaces and places;
- (2) Use for affordable housing;
- (3) Use for retail, commercial, and industrial activities;
- (4) Use as wildlife conservation areas; and
- (5) Such other uses and in such hierarchical order as determined by such city.

If a city, in its resolution or ordinance creating a land bank agency, establishes priorities for the use of real property conveyed by the land bank agency, such priorities shall be consistent with and no more restrictive than municipal planning and zoning ordinances.

6. The land bank agency may delegate to officers and employees the authority to enter into and execute agreements, instruments of conveyance, and all other related documents pertaining to the conveyance of property by the land bank agency.

7. A land bank agency shall only accept written offers equal to or greater than the full amount of all tax bills, interest, penalties, attorney's fees, and costs on real property to purchase the real property held by the land bank agency.

8. When any parcel of real estate acquired by a land bank agency is sold or otherwise disposed of by such land bank agency, the proceeds therefrom shall be applied and distributed in the following order:

- (1) To the payment of the expenses of the sale;
- (2) To fulfill the requirements of the resolution, indenture, or other financing documents adopted or entered into in connection with bonds, notes, or other obligations of the land bank agency, to the extent that such requirements may apply with respect to such parcel of real estate;
- (3) To the balance to be retained by the land bank agency to pay the salaries and other expenses of such land bank agency and of its employees as provided for in its annual budget; and
- (4) Any funds in excess of those necessary to meet the expenses of the annual budget of the land bank agency in any fiscal year and a reasonable sum to carry over into the next fiscal year to assure that sufficient funds will be available to meet initial expenses for that next fiscal year, exclusive of net profit from the sale of ancillary parcels, shall be paid to the respective taxing authorities that, at the time of the distribution, are taxing the real property from which the proceeds are being distributed.

The distributions shall be in proportion to the amounts of the taxes levied on the properties by the taxing authorities. Distribution shall be made on January first and July first of each year, and at such other times as the land bank agency may determine.

9. When any ancillary parcel is sold or otherwise disposed of by such land bank agency, the proceeds therefrom shall be applied and distributed in the following order:

(1) To the payment of all land taxes and related charges then due on such parcel;

(2) To the payment of the expenses of sale;

(3) To fulfill the requirements of the resolution, indenture, or other financing documents adopted or entered into in connection with bonds, notes, or other obligations of the land bank agency, to the extent that such requirements may apply with respect to such parcel of real estate;

(4) To the balance to be retained by the land bank agency to pay the salaries and other expenses of such land bank agency and of its employees as provided for in its annual budget; and

(5) Any funds in excess of those necessary to meet the expenses of the annual budget of the land bank agency in any fiscal year and a reasonable sum to carry over into the next fiscal year to assure that sufficient funds will be available to meet initial expenses for that next fiscal year, shall be paid in accordance with subdivision (4) of subsection 8 of this section.

10. If a land bank agency owns more than five parcels of real property in a single city block and no written offer to purchase any of those properties has been submitted to the agency in the past twelve months, the land bank shall reduce its requested price for those properties and advertise the discount publicly.

140.986. 1. No later than two years from the date it acquired the property, a land bank agency shall either sell, put to a productive use, or show significant progress towards selling or putting to a productive use a parcel of real property. A productive use may be renting the property; demolishing all structures of the property; restoring property of historic value; or using the property for a community garden, park, or other open public space.

2. The governing body of the city may grant the land bank agency a one-year extension if the body believes unforeseen circumstances have delayed the sale or productive use of a parcel of property.

3. If a land bank agency owns a parcel of real property that does not have a productive use after two years, or does not receive an extension under subsection 2 of this section, the property shall be offered for public sale using the procedures under sections 140.170 to 140.190.

140.987. A land bank agency shall ensure that any contract for the sale of residential property owned by the land bank agency shall have a clause that the buyer shall own the property for three years following the buyer's purchase of the property from the land bank. The clause shall state that a violation of those terms makes the buyer civilly liable to the land bank agency for an amount equal to twice the sale price of the property.

140.988. 1. A land bank agency may receive funding through grants, gifts, and loans from political subdivisions, the state, the federal government, and other public and private sources.

2. Except as otherwise provided in subsections 8 and 9 of section 140.985, a land bank agency may

receive and retain payments for services rendered, for rents and leasehold payments received, for consideration for disposition of real and personal property, for proceeds of insurance coverage for losses incurred, for income from investments, and for any other asset and activity lawfully permitted to a land bank agency under the land bank act.

3. If a land bank agency sells or otherwise disposes of a parcel of real estate held by it, any land taxes assessed against such parcel for the three tax years following such sale or disposition by such land bank agency that are collected by the county collector in a calendar year and not refunded, less the fees provided under section 52.260 and subsection 4 of this section and less the amounts to be deducted under section 137.720, shall be distributed by the county collector to such land bank agency no later than March first of the following calendar year, provided that land taxes impounded under section 139.031 or otherwise paid under protest shall not be subject to distribution under this subsection. Any amount required to be distributed to a land bank agency under this subsection shall be subject to offset for amounts previously distributed to such land bank agency that were assessed, collected, or distributed in error.

4. In addition to any other provisions of law related to collection fees, the county collector shall collect on behalf of the county a fee of four percent of reserve period taxes collected and such fees collected shall be deposited in the county general fund.

140.991. 1. There shall be an annual audit of the affairs, accounts, expenses, and financial transactions of a land bank agency by a certified public accountant before April thirtieth of each year, which accountant shall be employed by the land bank agency on or before March first of each year. Certified copies of the audit shall be furnished to the city that established the land bank agency, and the city shall post the audit on its public website. Copies of the audit shall also be available for public inspection at the office of the land bank agency.

2. The land bank agency may be performance audited at any time by the state auditor or by the auditor of the city that established the land bank agency. The cost of such audit shall be paid by the land bank agency, and copies shall be made available to the public and posted on the land bank agency's website within thirty days of the completion of the audit.

140.997. Except as otherwise provided under state law, the land bank agency meetings shall cause minutes and a record to be kept of all its proceedings. The land bank agency shall be subject to the provisions of chapter 109, chapter 610, and any other applicable provisions of law governing public records and public meetings.

140.1000. 1. No employee of a land bank agency shall receive any compensation, emolument, or other profit directly or indirectly from the rental, management, acquisition, sale, demolition, repair, rehabilitation, use, operation, ownership, or disposition of any lands held by such land bank agency other than the salaries, expenses, and emoluments provided for in the land bank act.

2. No employee of a land bank agency shall own, directly or indirectly, any legal or equitable interest in or to any lands held by such land bank agency other than the salaries, expenses, and emoluments provided for in sections 140.980 to 140.1015.

3. A violation of this section is a felony. Any person found guilty of violating this section shall be sentenced to a term of imprisonment of no less than two years nor more than five years.

**4. The land bank agency may adopt supplemental rules and regulations addressing potential conflicts of interest and ethical guidelines for land bank agency employees, provided that such rules and regulations are not inconsistent with this chapter or any other applicable law.**

**140.1003. Except as otherwise expressly set forth in sections 140.980 to 140.1015, in the exercise of its powers and duties under the land bank act and its powers relating to property held by the land bank agency, the land bank agency shall have complete control of the property as fully and completely as if it were a private property owner.**

**140.1006. 1. If any ancillary parcel is acquired by a land bank agency and is encumbered by a lien or claim for real property taxes owed to a taxing authority, such taxing authority may elect to contribute to the land bank agency all or any portion of such taxes that are distributed to and received by such taxing authority.**

**2. To the extent that a land bank agency receives payments or credits of any kind attributable to liens or claims for real property taxes owed to a taxing authority, the land bank agency shall remit the full amount of the payments to the county collector for distribution to the appropriate taxing authority.**

**140.1009. 1. A land bank agency shall be authorized to file an action to quiet title under section 527.150 as to any real property in which the land bank agency has an interest. For purposes of any and all such actions, the land bank agency shall be deemed to be the holder of sufficient legal and equitable interests, and possessory rights, so as to qualify the land bank agency as an adequate petitioner in such action.**

**2. Prior to the filing of an action to quiet title, the land bank agency shall conduct an examination of title to determine the identity of any and all persons and entities possessing a claim or interest in or to the real property. Service of the petition to quiet title shall be provided to all such interested parties by the following methods:**

**(1) Registered or certified mail to such identity and address as reasonably ascertainable by an inspection of public records;**

**(2) In the case of occupied real property, by first class mail addressed to “Occupant”;**

**(3) By posting a copy of the notice on the real property;**

**(4) By publication in a newspaper of general circulation in the city in which the property is located; and**

**(5) Such other methods as the court may order.**

**3. As part of the petition to quiet title, the land bank agency shall file an affidavit identifying all parties potentially having an interest in the real property and the form of notice provided.**

**4. The court shall schedule a hearing on the petition within ninety days following filing of the petition, and, as to all matters upon which an answer was not filed by an interested party, the court shall issue its final judgment within one hundred twenty days of the filing of the petition.**

**5. A land bank agency shall be authorized to join in a single petition to quiet title one or more parcels of real property.**

**140.1012. 1. A land bank agency may be dissolved as a public body corporate and politic no sooner than sixty calendar days after an ordinance or resolution for such dissolution is passed by the city that established the land bank agency.**

**2. No less than sixty calendar days' advance written notice of consideration of such an ordinance or resolution of dissolution shall be given to the land bank agency, shall be published in a local newspaper of general circulation within such city, and shall be sent certified mail to each trustee of any outstanding bonds of the land bank agency.**

**3. No land bank agency shall be dissolved while there remains any outstanding bonds, notes, or other obligations of the land bank agency unless such bonds, notes, or other obligations are paid or defeased pursuant to the resolution, indenture, or other financing document under which such bonds, notes, or other obligations were issued prior to or simultaneously with such dissolution.**

**4. Upon dissolution of a land bank agency pursuant to this section, all real property, personal property, and other assets of the land bank agency shall be transferred by appropriate written instrument to and shall become the assets of the city that established the land bank agency. Such city shall act expeditiously to return such real property to the tax rolls and shall market and sell such real property using an open, public method that ensures the best possible prices are realized while ensuring such real property is returned to a suitable, productive use for the betterment of the neighborhood in which such real property is located. Any such real property that was acquired by the dissolved land bank agency pursuant to a sale conducted under section 140.190, 140.240, or 140.250 shall be held by the city in trust for the tax bill owners and taxing authorities having an interest in any tax liens which were foreclosed, as their interests may appear in the judgment of foreclosure, and, upon the sale or other disposition of any such property by such city, the proceeds therefrom shall be applied and distributed in the following order:**

**(1) To the payment of the expenses of sale;**

**(2) To the reasonable costs incurred by such city in maintaining and marketing such property; and**

**(3) The balance shall be paid to the respective taxing authorities that, at the time of the distribution, are taxing the real property from which the proceeds are being distributed.**

**140.1015. A land bank agency shall neither possess nor exercise the power of eminent domain. A land bank agency shall not have the power to tax.**

**347.048. 1. (1) Any limited liability company that owns and rents or leases real property, or owns unoccupied real property, located within:**

**(a) Any home rule city with a population of more than four hundred thousand inhabitants which is located in more than one county; [or]**

**(b) Any home rule city with more than one hundred sixteen thousand but fewer than one hundred fifty-five thousand inhabitants; or**

**(c) Any home rule city with more than seventy-one thousand but fewer than seventy-nine thousand inhabitants**

**shall file with that city's clerk an affidavit listing the name and street address of at least one natural person who has management control and responsibility for the real property owned and leased or rented by the limited liability company, or owned by the limited liability company and unoccupied.**

(2) Within thirty days following the cessation of management control and responsibility of any natural person named in an affidavit described in this section, the limited liability company shall file a successor affidavit listing the name and street address of a natural person successor.

2. No limited liability company shall be charged a fee for filing an affidavit or successor affidavit required under this section.

3. If a limited liability company required by this section to file an affidavit or a successor affidavit fails or refuses to file such completed affidavit with the appropriate clerk, any person who is adversely affected by the failure or refusal or the home rule city may petition the circuit court in the county where the property is located to direct the execution and filing of such document.”; and

# Journal of the Senate

## FIRST REGULAR SESSION

---

**FIFTY-EIGHTH DAY—MONDAY, APRIL 29, 2019**

---

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“...examining it all, how the righteous and the wise and their deeds are in the hand of God;” (Ecclesiastes (9:1a)

Merciful God it has been yet again a violent weekend and we are saddened by the deaths and wounding of Your people. We return to do our work, thankful to be here but wonder what we might be able to do to decrease such hatred and violence we hear and see about us. We pray in St. Francis of Assisi’s words “to become instruments of peace... and where there is hatred to show love...” Help us Lord to do what we can to understand the root cause of it and then do what we can to eliminate what we can. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

“Unless the Lord builds the house, those who build it labor in vain.” (Psalms 127:1a)

Gracious God, let us never forget that You are the architect and builder less we be filled with pride that makes us stumble and fail in our efforts. Guide us to fulfill those things that are most necessary for us to do in these closing two and a half weeks of this session. Let us always be mindful to accomplish what must first be completed as You have designed and to take each task as its importance calls us forth to do. In Your Holy Name we pray. Amen.

An application for a license shall be made upon an approved form furnished by the director. Every application shall state the full name, Social Security number, age, height, weight, color of eyes, sex, residence, mailing address of the applicant, and the classification for which the applicant has been licensed, and, if so, when and by what state, and whether or not such license has ever been suspended, revoked, or disqualified, and, if revoked, suspended or disqualified, the date and reason for such suspension, revocation or disqualification and whether the applicant is making a one dollar donation to promote an organ donation program as prescribed in subsection 2 of this section. A driver's license, nondriver's license, or instruction permit issued under this chapter shall contain the applicant's legal name as it appears on a birth certificate or as legally changed through marriage or court order. Every person who applies for a license to operate a motor vehicle who is less than twenty-one years of age shall be provided with educational materials relating to the hazards of driving while intoxicated, including information on penalties imposed by law for violation of the intoxication-related offenses of the state. Beginning January 1, 2001, if the applicant is less than eighteen years of age, the applicant must comply with all requirements for the issuance of an intermediate driver's license pursuant to section 302.178. The director shall make available an informational booklet or other informational sources on the importance of organ and tissue donations to applicants for licensure as designed by the organ donation advisory committee established in sections 194.297 to 194.304. The director shall inquire of each applicant at the time the licensee presents the completed application to the director whether the applicant is interested in making the one dollar donation prescribed in this subsection and whether the applicant is interested in inclusion in the organ donor registry and shall also specifically inform the licensee of the ability to consent to organ donation by [completing the form on the reverse of the license that the applicant will receive in the manner] **placing a donor symbol sticker authorized and issued by the department of health and senior services on the back of his or her driver's license or identification card as** prescribed by subdivision (1) of subsection 1 of section 194.225. A symbol [shall] **may** be placed on the front of the [document] **license or identification card** indicating the applicant's desire to be listed in the registry **at the applicant's request at the time of his or her application for a driver's license or identification card, or the applicant may instead request an organ donor sticker from the department of health and senior services by application on the department of health and senior services's website. Upon receipt of an organ donor sticker sent by the department of health and senior services, the applicant shall place the sticker on the back of his or her driver's license or identification card to indicate that he or she has made an anatomical gift.** The director shall notify the department of health and senior services of information obtained from applicants who indicate to the director that they are interested in registry participation, and the department of health and senior services shall enter the complete name, address, date of birth, race, gender and a unique personal identifier in the registry established in subsection 1 of section 194.304.

3. An applicant for a license may make a donation of one dollar to promote a blindness education, screening and treatment program. The director of revenue shall collect the donations and deposit all such donations in the state treasury to the credit of the blindness education, screening and treatment program fund established in section 209.015. The donation prescribed in this subsection

is voluntary and may be refused by the applicant for the license at the time of issuance or renewal of the license. The director shall inquire of each applicant at the time the licensee presents the completed application to the director whether the applicant is interested in making the one dollar donation prescribed in this subsection.

4. Beginning July 1, 2005, the director shall deny the driving privilege of any person who commits fraud or deception during the examination process or who makes application for an instruction permit, driver's license, or nondriver's license which contains or is substantiated with false or fraudulent information or documentation, or who knowingly conceals a material fact or otherwise commits a fraud in any such application. The period of denial shall be one year from the effective date of the denial notice sent by the director. The denial shall become effective ten days after the date the denial notice is mailed to the person. The notice shall be mailed to the person at the last known address shown on the person's driving record. The notice shall be deemed received three days after mailing unless returned by the postal authorities. No such individual shall reapply for a driver's examination, instruction permit, driver's license, or nondriver's license until the period of denial is completed. No individual who is denied the driving privilege under this section shall be eligible for a limited driving privilege issued under section 302.309.

6. The period of limitation for criminal prosecution under this section shall be extended under subdivision (1) of subsection 3 of section 556.036.

7. The director may promulgate rules and regulations necessary to administer and enforce this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536.

8. Notwithstanding any provision of this chapter that requires an applicant to provide proof of Missouri residency for renewal of a noncommercial driver's license, noncommercial instruction permit, or nondriver's license, an applicant who is sixty-five years and older and who was previously issued a Missouri noncommercial driver's license, noncommercial instruction permit, or Missouri nondriver's license is exempt from showing proof of Missouri residency.

9. Notwithstanding any provision of this chapter, for the renewal of a noncommercial driver's license, noncommercial instruction permit, or nondriver's license, a photocopy of an applicant's United States birth certificate along with another form of identification approved by the department of revenue, including, but not limited to, United States military identification or United States military discharge papers, shall constitute sufficient proof of Missouri citizenship.

10. Notwithstanding any other provision of this chapter, if an applicant does not meet the requirements of subsection 8 of this section and does not have the required documents to prove Missouri residency, United States naturalization, or lawful immigration status, the department may issue a one-year driver's license renewal. This one-time renewal shall only be issued to an applicant who previously has held a Missouri noncommercial driver's license, noncommercial instruction permit, or nondriver's license for a period of fifteen years or more and who does not have the required documents to prove Missouri residency, United States naturalization, or lawful immigration status. After the expiration of the one-year period, no further renewal shall be provided without the applicant producing proof of Missouri residency, United States naturalization, or lawful immigration status.”; and

3. In the event that the purchase price is unknown or undisclosed, or that the evidence thereof is not satisfactory to the director of revenue, the same shall be fixed by appraisalment by the director.

4. The director of the department of revenue shall endorse upon the official certificate of title issued by the director upon such application an entry showing that such sales tax has been paid or that the motor vehicle, trailer, boat, or outboard motor represented by such certificate is exempt from sales tax and state the ground for such exemption.

5. Any person, company, or corporation engaged in the business of renting or leasing motor vehicles, trailers, boats, or outboard motors, which are to be used exclusively for rental or lease purposes, and not for resale, may apply to the director of revenue for authority to operate as a leasing **or rental company and pay an annual fee of two hundred fifty dollars for such authority**. Any company approved by the director of revenue may pay the tax due on any motor vehicle, trailer, boat, or outboard motor as required in section 144.020 at the time of registration thereof or in lieu thereof may pay a sales tax as provided in sections 144.010, 144.020, 144.070 and 144.440. A sales tax shall be charged to and paid by a leasing company which does not exercise the option of paying in accordance with section 144.020, on the amount charged for each rental or lease agreement while the motor vehicle, trailer, boat, or outboard motor is domiciled in this state. Any motor vehicle, trailer, boat, or outboard motor which is leased as the result of a contract executed in this state shall be presumed to be domiciled in this state.

6. Every applicant to be a lease or rental company shall furnish with the application a corporate surety bond or irrevocable letter of credit, as defined in section 400.5-102, issued by any state or federal financial institution in the penal sum of one hundred thousand dollars, on a form approved by the department. The bond or irrevocable letter of credit shall be conditioned upon the lease or rental company complying with the provisions of any statutes applicable to lease or rental companies, and the bond shall be an indemnity for any loss sustained by reason of the acts of the person bonded

**when such acts constitute grounds for the suspension or revocation of the lease or rental license. The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary; except that, the aggregate liability of the surety or financial institution to the aggrieved parties shall, in no event, exceed the amount of the bond or irrevocable letter of credit. The proceeds of the bond or irrevocable letter of credit shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party.**

7. Any corporation may have one or more of its divisions separately apply to the director of revenue for authorization to operate as a leasing company, provided that the corporation:

(1) Has filed a written consent with the director authorizing any of its divisions to apply for such authority;

(2) Is authorized to do business in Missouri;

(3) Has agreed to treat any sale of a motor vehicle, trailer, boat, or outboard motor from one of its divisions to another of its divisions as a sale at retail;

(4) Has registered under the fictitious name provisions of sections 417.200 to 417.230 each of its divisions doing business in Missouri as a leasing company; and

(5) Operates each of its divisions on a basis separate from each of its other divisions. However, when the transfer of a motor vehicle, trailer, boat or outboard motor occurs within a corporation which holds a license to operate as a motor vehicle or boat dealer pursuant to sections 301.550 to 301.573 the provisions in subdivision (3) of this subsection shall not apply.

[7.] 8. If the owner of any motor vehicle, trailer, boat, or outboard motor desires to charge and collect sales tax as provided in this section, the owner shall make application to the director of revenue for a permit to operate as a motor vehicle, trailer, boat, or outboard motor leasing company. The director of revenue shall promulgate rules and regulations determining the qualifications of such a company, and the method of collection and reporting of sales tax charged and collected. Such regulations shall apply only to owners of motor vehicles, trailers, boats, or outboard motors, electing to qualify as motor vehicle, trailer, boat, or outboard motor leasing companies under the provisions of subsection 5 of this section, and no motor vehicle renting or leasing, trailer renting or leasing, or boat or outboard motor renting or leasing company can come under sections 144.010, 144.020, 144.070 and 144.440 unless all motor vehicles, trailers, boats, and outboard motors held for renting and leasing are included.

**9. Any person, company, or corporation engaged in the business of renting or leasing three thousand five hundred or more motor vehicles which are to be used exclusively for rental or leasing purposes and not for resale, and that has applied to the director of revenue for authority to operate as a leasing company may also operate as a registered fleet owner as prescribed in section 301.032.**

[8.] 10. Beginning July 1, 2010, any motor vehicle dealer licensed under section 301.560 engaged in the business of selling motor vehicles or trailers may apply to the director of revenue for authority to collect and remit the sales tax required under this section on all motor vehicles sold by the motor vehicle dealer. A motor vehicle dealer receiving authority to collect and remit the tax is subject to all provisions under sections 144.010 to 144.525. Any motor vehicle dealer authorized to collect and remit sales taxes on motor vehicles under this subsection shall be entitled to deduct and retain an amount equal to two percent of the motor vehicle sales tax pursuant to section 144.140. Any amount of the tax collected under this subsection

that is retained by a motor vehicle dealer pursuant to section 144.140 shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers for their role in collecting and remitting sales taxes on motor vehicles. In the event this subsection or any portion thereof is held to violate Article IV, Section 30(b) of the Missouri Constitution, no motor vehicle dealer shall be authorized to collect and remit sales taxes on motor vehicles under this section. No motor vehicle dealer shall seek compensation from the state of Missouri or its agencies if a court of competent jurisdiction declares that the retention of two percent of the motor vehicle sales tax is unconstitutional and orders the return of such revenues.

301.032. 1. Notwithstanding the provisions of sections 301.030 and 301.035 to the contrary, the director of revenue shall establish a system of registration of all fleet vehicles owned or purchased by a fleet owner registered pursuant to this section. The director of revenue shall prescribe the forms for such fleet registration and the forms and procedures for the registration updates prescribed in this section. Any owner of ten or more motor vehicles which must be registered in accordance with this chapter may register as a fleet owner. All registered fleet owners may, at their option, register all motor vehicles included in the fleet on a calendar year or biennial basis pursuant to this section in lieu of the registration periods provided in sections 301.030, 301.035, and 301.147. The director shall issue an identification number to each registered owner of fleet vehicles.

2. All fleet vehicles included in the fleet of a registered fleet owner shall be registered during April of the corresponding year or on a prorated basis as provided in subsection 3 of this section. Fees of all vehicles in the fleet to be registered on a calendar year basis or on a biennial basis shall be payable not later than the last day of April of the corresponding year, with two years' fees due for biennially-registered vehicles. Notwithstanding the provisions of section 307.355, an application for registration of a fleet vehicle must be accompanied by a certificate of inspection and approval issued no more than one hundred twenty days prior to the date of application. The fees for vehicles added to the fleet which must be licensed at the time of registration shall be payable at the time of registration, except that when such vehicle is licensed between July first and September thirtieth the fee shall be three-fourths the annual fee, when licensed between October first and December thirty-first the fee shall be one-half the annual fee and when licensed on or after January first the fee shall be one-fourth the annual fee. When biennial registration is sought for vehicles added to a fleet, an additional year's annual fee will be added to the partial year's prorated fee.

3. At any time during the calendar year in which an owner of a fleet purchases or otherwise acquires a vehicle which is to be added to the fleet or transfers plates to a fleet vehicle, the owner shall present to the director of revenue the identification number as a fleet number and may register the vehicle for the partial year as provided in subsection 2 of this section. The fleet owner shall also be charged a transfer fee of two dollars for each vehicle so transferred pursuant to this subsection.

4. Except as specifically provided in this subsection, all fleet vehicles registered pursuant to this section shall be issued a special license plate which shall have the words "Fleet Vehicle" in place of the words "Show-Me State" in the manner prescribed by the advisory committee established in section 301.129. Alternatively, for a one-time additional five dollar per-vehicle fee beyond the regular registration fee, a fleet owner of at least fifty fleet vehicles may apply for fleet license plates bearing a company name or logo, the size and design thereof subject to approval by the director. All fleet license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Fleet vehicles shall be issued multiyear license plates as provided in this section which shall not require issuance of a renewal tab. Upon payment of

appropriate registration fees, the director of revenue shall issue a registration certificate or other suitable evidence of payment of the annual or biennial fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued. [The director of revenue shall promulgate rules and regulations establishing the procedure for application and issuance of fleet vehicle license plates.]

5. Notwithstanding the provisions of sections 307.350 to 307.390 to the contrary, a fleet vehicle registered in Missouri is exempt from the requirements of sections 307.350 to 307.390 if at the time of the annual fleet registration, such fleet vehicle is situated outside the state of Missouri.

**6. Notwithstanding any other provisions of law to the contrary, any person, company, or corporation engaged in the business of renting or leasing three thousand five hundred or more motor vehicles which are to be used exclusively for rental or leasing purposes and not for resale, that has applied to the director of revenue for authority to operate as a lease or rental company as prescribed in section 144.070 may operate as a registered fleet owner as prescribed in the provisions of this subsection to subsection 10 of this section.**

**(1) The director of revenue may issue license plates after presentment of an application, as designed by the director, and payment of an annual fee of three hundred sixty dollars for the first ten plates and thirty-six dollars for each additional plate. The payment and issuance of such plates shall be in lieu of registering each motor vehicle with the director as otherwise provided by law.**

**(2) Such motor vehicles within the fleet shall not be exempted from the safety inspection and emissions inspection provisions as prescribed in chapters 307 and 643, but notwithstanding the provisions of section 307.355, such inspections shall not be required to be presented to the director of revenue.**

**7. A recipient of a lease or rental company license issued by the director of revenue as prescribed in section 144.070 operating as a registered fleet owner under this section shall register such fleet with the director of revenue on an annual or biennial basis in lieu of the individual motor vehicle registration periods as prescribed in sections 301.030, 301.035, and 301.147. If an applicant elects a biennial fleet registration, the annual fleet license plate fees prescribed in subdivision (1) of subsection 6 of this section shall be doubled. An agent fee as prescribed in subdivision (1) of subsection 1 of section 136.055 shall apply to the issuance of fleet registrations issued under subsections 6 to 10 of this section, and if a biennial fleet registration is elected, the agent fee shall be collected in an amount equal to the fee for two years.**

**8. Prior to the issuance of fleet license plates under subsections 6 to 10 of this section, the applicant shall provide proof of insurance as required under section 303.024 or 303.026.**

**9. The authority of a recipient of a lease or rental company license issued by the director of revenue as prescribed in section 144.070 to operate as a fleet owner as provided in this section shall expire on January 1 of the licensure period.**

**10. A lease or rental company operating fleet license plates issued under subsections 6 to 10 of this section shall make available, upon request, to the director of revenue and all Missouri law enforcement agencies any corresponding vehicle and registration information that may be requested as prescribed by rule.**

**11. The director shall make all necessary rules and regulations for the administration of this section and shall design all necessary forms required by this section. Any rule or portion of a rule, as**

that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2019, shall be invalid and void.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Documents retained as provided or required by subsection 4 of this section shall be stored solely on a system not connected to the internet nor to a wide area network that connects to the internet. Once stored on such system, the documents and data shall be purged from any systems on which they were previously stored so as to make them irretrievable.

(2) The department of revenue shall issue driver's licenses or identification cards that are compliant with the federal REAL ID Act of 2005, as amended, to all applicants for driver's licenses or identification cards unless an applicant requests a driver's license or identification card that is not REAL ID compliant. Upon initial application for a driver's license or identification card, the department shall inform applicants of the option of being issued a REAL ID compliant driver's license or identification card or a driver's license or identification card that is not

b. Source documents will be verified but no copies of such documents will be retained by the department unless permitted under subsection 3 of this section, except as necessary to process a request by a license or card holder or applicant;

c. Any other information the department deems necessary to inform the applicant about the driver's license or identification card.

5. The department of revenue shall not use, collect, obtain, share, or retain biometric data nor shall the department use biometric technology to produce a driver's license or nondriver's license or to uniquely identify licensees or license applicants. This subsection shall not apply to digital images nor licensee signatures required for the issuance of driver's licenses and nondriver's licenses or to biometric data collected from employees of the department of revenue, employees of the office of administration who provide information technology support to the department of revenue, contracted license offices, and contracted manufacturers engaged in the production, processing, or manufacture of driver's licenses or identification cards in positions which require a background check in order to be compliant with the federal REAL ID Act or any rules or regulations promulgated under the authority of such Act. Except as otherwise provided by law, applicants' source documents and Social Security numbers shall not be stored in any database accessible by any other state or the federal government. Such database shall contain only the data fields included on driver's licenses and nondriver identification cards compliant with the federal REAL ID Act, and the driving records of the individuals holding such driver's licenses and nondriver identification cards.

6. Notwithstanding any provision of this chapter that requires an applicant to provide reasonable proof of lawful presence for issuance or renewal of a noncommercial driver's license, noncommercial instruction permit, or a nondriver's license, an applicant shall not have his or her privacy rights violated in order to obtain or renew a Missouri noncommercial driver's license, noncommercial instruction permit, or a nondriver's license.

7. No citizen of this state shall have his or her privacy compromised by the state or agents of the state. The state shall within reason protect the sovereignty of the citizens the state is entrusted to protect. Any data derived from a person's application shall not be sold for commercial purposes to any other organization or any other state without the express permission of the applicant without a court order; except such information may be shared with a law enforcement agency, judge, prosecuting attorney, or officer of the court, or with another state for the limited purposes set out in section 302.600, or for the purposes set forth in section 32.091, or for conducting driver history checks in compliance with the Motor Carrier Safety Improvement Act, 49 U.S.C. Section 31309. The state of Missouri shall protect the privacy of its citizens when handling any written, digital, or electronic data, and shall not participate in any standardized identification system using driver's and nondriver's license records except as provided in this section.

8. Other than to process a request by a license or card holder or applicant, no person shall access, distribute, or allow access to or distribution of any written, digital, or electronic data collected or retained under this section without the express permission of the applicant or a court order, except that such information may be shared with a law enforcement agency, judge, prosecuting attorney, or officer of the court, or with another state for the limited purposes set out in section 302.600 or for conducting driver history checks in compliance with the Motor Carrier Safety Improvement Act, 49 U.S.C. Section 31309. A first violation of this subsection shall be a class A misdemeanor. A second violation of this subsection shall be a class E felony. A third or subsequent violation of this subsection shall be a class D felony.

9. Any person harmed or damaged by any violation of this section may bring a civil action for damages, including noneconomic and punitive damages, as well as injunctive relief, in the circuit court where that person resided at the time of the violation or in the circuit court of Cole County to recover such damages from the department of revenue and any persons participating in such violation. Sovereign immunity shall not be available as a defense for the department of revenue in such an action. In the event the plaintiff prevails on any count of his or her claim, the plaintiff shall be entitled to recover reasonable attorney fees from the defendants.

10. The department of revenue may promulgate rules necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2017, shall be invalid and void.

11. Biometric data, digital images, source documents, and licensee signatures, or any copies of the same, required to be collected or retained to comply with the requirements of the federal REAL ID Act of 2005 shall be digitally retained for no longer than the minimum duration required to maintain compliance, and immediately thereafter shall be securely destroyed so as to make them irretrievable.

12. No agency, department, or official of this state or of any political subdivision thereof shall use, collect, obtain, share, or retain radio frequency identification data from a REAL ID compliant driver's license or identification card issued by a state, nor use the same to uniquely identify any individual.

13. Notwithstanding any provision of law to the contrary, the department of revenue shall not amend procedures for applying for a driver's license or identification card, nor promulgate any rule or regulation, for purposes of complying with modifications made to the federal REAL ID Act of 2005 after August 28,

2017, imposing additional requirements on applications, document retention, or issuance of compliant licenses or cards, including any rules or regulations promulgated under the authority granted under the federal REAL ID Act of 2005, as amended, or any requirements adopted by the American Association of Motor Vehicle Administrators for furtherance thereof.

14. If the federal REAL ID Act of 2005 is modified or repealed such that driver's licenses and identification cards issued by this state that are not compliant with the federal REAL ID Act of 2005 are once again sufficient for federal identification purposes, the department shall not issue a driver's license or identification card that complies with the federal REAL ID Act of 2005 and shall securely destroy, within thirty days, any source documents retained by the department for the purpose of compliance with such Act.

15. The provisions of this section shall expire five years after August 28, 2017.

302.720. 1. Except when operating under an instruction permit as described in this section, no person may drive a commercial motor vehicle unless the person has been issued a commercial driver's license with applicable endorsements valid for the type of vehicle being operated as specified in sections 302.700 to 302.780. A commercial driver's instruction permit shall allow the holder of a valid license to operate a commercial motor vehicle when accompanied by the holder of a commercial driver's license valid for the vehicle being operated and who occupies a seat beside the individual, or reasonably near the individual in the case of buses, for the purpose of giving instruction in driving the commercial motor vehicle. No person may be issued a commercial driver's instruction permit until he or she has passed written tests which comply with the minimum federal standards. A commercial driver's instruction permit shall be **nonrenewable and** valid for the vehicle being operated for a period of not more than [six months] **one year**, and shall not be issued until the permit holder has met all other requirements of sections 302.700 to 302.780, except for the driving test. [A permit holder, unless otherwise disqualified, may be granted one six-month renewal within a one-year period.] The fee for such permit or renewal shall be [five] **ten** dollars. [In the alternative, a commercial driver's instruction permit shall be issued for a thirty-day period to allow the holder of a valid driver's license to operate a commercial motor vehicle if the applicant has completed all other requirements except the driving test. The permit may be renewed for one additional thirty-day period and the fee for the permit and for renewal shall be five dollars.] **The fee for a duplicate commercial driver's instruction permit shall be five dollars.**

2. No person may be issued a commercial driver's license until he has passed written and driving tests for the operation of a commercial motor vehicle which complies with the minimum federal standards established by the Secretary and has satisfied all other requirements of the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570), as well as any other requirements imposed by state law. **Beginning January 1, 2020, all applicants for a commercial driver's license shall complete any entry-level driver training program established and required under 49 CFR 380.609.** All applicants for a commercial driver's license shall have maintained the appropriate class of commercial driver's instruction permit issued by this state or any other state for a minimum of fourteen calendar days prior to the date of taking the skills test. Applicants for a hazardous materials endorsement must also meet the requirements of the U.S. Patriot Act of 2001 (Title X of Public Law 107-56) as specified and required by regulations promulgated by the Secretary. Nothing contained in this subsection shall be construed as prohibiting the director from establishing alternate testing formats for those who are functionally illiterate; provided, however, that any such alternate test must comply with the minimum requirements of the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570) as established by the Secretary.

(1) The written and driving tests shall be held at such times and in such places as the superintendent may designate. A twenty-five dollar examination fee shall be paid by the applicant upon completion of any written or driving test, except the examination fee shall be waived for applicants seventy years of age or older renewing a license with a school bus endorsement. The director shall delegate the power to conduct the examinations required under sections 302.700 to 302.780 to any member of the highway patrol or any person employed by the highway patrol qualified to give driving examinations. The written test shall only be administered in the English language. No translators shall be allowed for applicants taking the test.

(2) The director shall adopt and promulgate rules and regulations governing the certification of third-party testers by the department of revenue. Such rules and regulations shall substantially comply with the requirements of 49 CFR 383, Section 383.75. A certification to conduct third-party testing shall be valid for one year, and the department shall charge a fee of one hundred dollars to issue or renew the certification of any third-party tester.

(3) Beginning August 28, 2006, the director shall only issue or renew third-party tester certification to community colleges established under chapter 178 or to private companies who own, lease, or maintain their own fleet and administer in-house testing to their employees, or to school districts and their agents that administer in-house testing to the school district's or agent's employees. Any third-party tester who violates any of the rules and regulations adopted and promulgated pursuant to this section shall be subject to having his certification revoked by the department. The department shall provide written notice and an opportunity for the third-party tester to be heard in substantially the same manner as provided in chapter 536. If any applicant submits evidence that he has successfully completed a test administered by a third-party tester, the actual driving test for a commercial driver's license may then be waived.

(4) Every applicant for renewal of a commercial driver's license shall provide such certifications and information as required by the Secretary and if such person transports a hazardous material must also meet the requirements of the U.S. Patriot Act of 2001 (Title X of Public Law 107-56) as specified and required by regulations promulgated by the Secretary. Such person shall be required to take the written test for such endorsement. A twenty-five dollar examination fee shall be paid upon completion of such tests.

(5) The director shall have the authority to waive the driving skills test **and written tests** for any qualified **current or former military service member** applicant for a commercial driver's **instruction permit or a commercial driver's** license who is currently licensed at the time of application for a commercial driver's **instruction permit or** license. The director shall impose conditions and limitations **and require certification and evidence** to restrict the applicants from whom the department may accept the alternative requirements for the skills [test] **and written tests** described in federal [regulation] **regulations 49 CFR 383.71 and 49 CFR 383.77.** [An applicant must certify that, during the two-year period immediately preceding application for a commercial driver's license, all of the following apply:

(a) The applicant has not had more than one license;

(b) The applicant has not had any license suspended, revoked, or cancelled;

(c) The applicant has not had any convictions for any type of motor vehicle for the disqualifying offenses contained in this chapter or federal rule 49 CFR 383.51(b);
